Autumn Planting

1943

Thank You

We wish to pay tribute to our customers, old and new, for the understanding and consideration shown us last spring. Not only were your orders of generous proportions, but your understanding of the difficulties under which we are operating due to the war, and consequent shortage of man-power, displayed a tactful consideration which we deeply appreciate.

With the idea in mind of saving both your time and ours, each order for bulbs or roses, when filled, is accompanied by simple planting instructions. This, in addition to the information contained in the catalog, gives you full and complete knowledge of our plants and tells you all you need ever know about them in order to obtain the maximum rewards in beauty. Thus have we tried to anticipate the questions which might naturally arise in your mind at the time your order is placed.

We deeply appreciate your indulgence and patience and ask that you continue to bear in mind these few thoughts: (1) **Nursery products are always ordered in advance.** (2) **Simple planting instructions accompany each order.** (3) **We ship promptly at planting time.**

And Now —

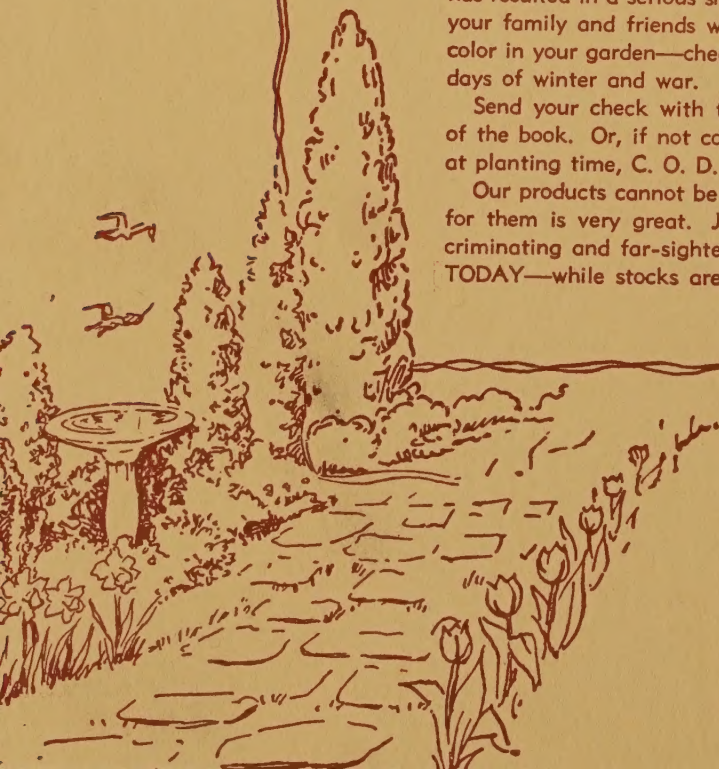

The autumn planting season is almost upon us. Many orders for delivery this autumn already are on file in our busy office.

THE DEMAND FOR FLOWERS, ROSES, BULBS AND SHRUBS IS GREATER THAN EVER. Thousands of new and eager gardeners are being created throughout the land and their letters tell us how great is their enjoyment derived from the mild exercise, the pleasant relaxation, and the soothing peace that flowers bring to tired minds and bodies. The reason for this desire for beauty in such a world is obvious to you.

It is essential that you place your order NOW for the things you wish to see grow and bloom in your garden in spring to come. This floral beauty must be planned and arranged for in advance. The shortage of man-power has resulted in a serious shortage of supply but, by ordering now, you, your family and friends will be assured the gay patches of gorgeous color in your garden—cheerful, brilliant blossoms that offset the drab days of winter and war.

Send your check with the accompanying order blank in the back of the book. Or, if not convenient, we will gladly send the shipment at planting time, C. O. D.

Our products cannot be surpassed in quality, therefore the demand for them is very great. Join the ranks of our vast number of discriminating and far-sighted customers and place your order NOW—TODAY—while stocks are complete.

An Invitation

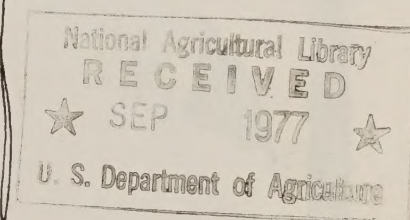

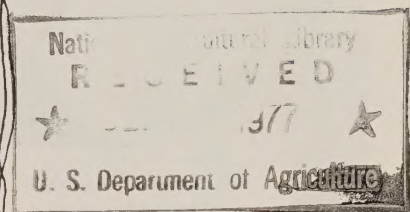

to New Beauty in Your Garden

The thrill of new flowers in your garden is due to your enhanced personal interest in them. **Wayside** has long known of the "exciting enthusiasm"—as one woman put it—of the early springtime flowering of new plants. We claim no greater beauty for new flowers than for old ones. Beauty is ageless. It is simply the excitement of new conquests. Study the following pages carefully; meet a few of these attractive strangers and introduce them to old friends in your garden.

Order Now for Autumn Planting

Now is the time to concern yourself with bulbs and autumn planting. Buy today and look forward to added brightness in your life in a few weeks to come . . . Plant some of the lovely autumn offerings shown on the following pages and thus create your own good news for the early future . . . Order Wayside bulbs today and plant them in accordance with our simple instructions . . . More than the sight of the first robin is the thrill your neighborhood will receive when it becomes known that **yours** is the very first garden to show the first burst of springtime blooms . . . The very quality and purity of our floral offerings are such that they typify the lofty thoughts and high ideals of American womankind.

If your garden has been desirable in the past, it is absolutely essential today. We know you will make it more beautiful than ever. It is necessary for your morale and that of your loved ones.

Food for Thought

AS WELL AS FOR YOUR FLOWERS

Plants, anything that grows in the soil, are exactly the same in their food needs as humans. There are plenty of what might be called the shot-in-the-arm kinds of ready mixed fertilizers, but they are mostly only stimulants.

What your plants need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

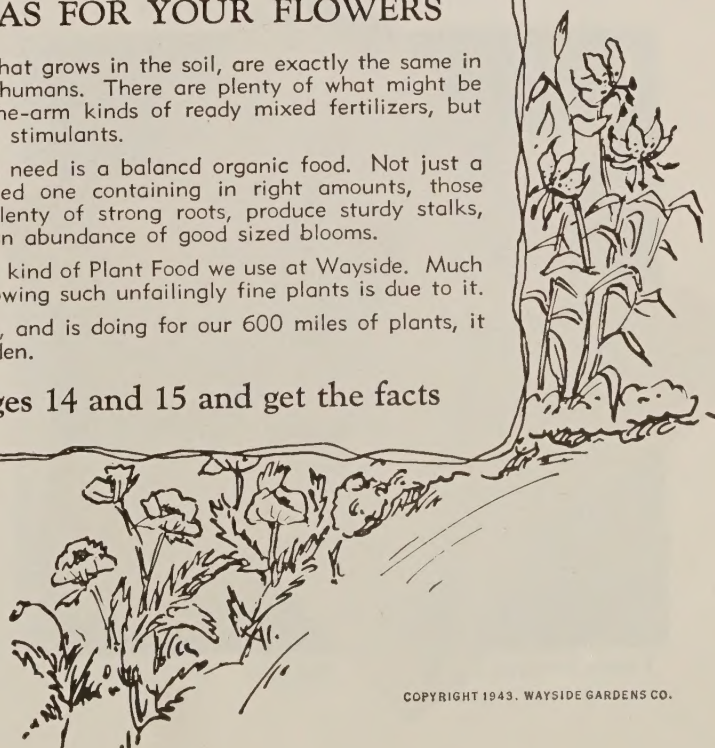

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Daffodils Grow Easily

Plant Some This Autumn and They

Daffodils announce the arrival of springtime and reward you richly. They grow with little attention and provide quantities of cut flowers. These gay flowers endure unseasonable cold weather without damage. They will not disappoint you. They grow so easily that children plant them. They multiply rapidly if **Wayside** bulbs are used and your dividends of beauty are doubled each year. They harmonize beautifully with other flowers and no garden is too modest for an abundance of them.

Yellow Trumpet Daffodils

Division 1a: Trumpet as long or longer than perianth segments, trumpet lemon, yellow or sulphur colored, with perianth of same shade but not of white.

Aerolite

Three 65c, Doz. \$2.30, 100 \$15.00

The large flower is beautifully proportioned, giving the impression of gracefulness, despite its size; perianth deep primrose, with a medium yellow trumpet which is left in bold relief by the broad pointed star formed by the opening outer petals, an inch and a half wide; medium early, but remains until late, and is one of the longest lasting of all Daffodils in the garden or after being cut. (Color illustration, page 3.)

Cleopatra

Three 65c, Doz. \$2.30, 100 \$15.00

A splendid flower which has won many awards and is well known everywhere; lemon-yellow perianth, overlapping petals; trumpet light yellow; very late.

Dawson City

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00

Much overlapping and flat perianth with a very smooth trumpet, nicely flanged at the mouth. This perfect flower is golden yellow throughout. Great favorite in England.

Diotima

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

Considered by experts as the very best of the new super-giant yellow trumpets; despite its huge size (perianth being five to six inches across) the whole flower is beautifully proportioned and is carried gracefully on two-foot tall stem, entirely free from stiffness of many of the giant trumpets; the broad overlapping petals form a star-shaped perianth of medium deep primrose, trumpet somewhat more deeply colored; undoubtedly one of the top-notchers for many years to come.

Emperor

Round Bulbs

Three 50c, Doz. \$1.70, 100 \$11.00

Double Nosed Bulbs

Three 60c, Doz. \$2.15, 100 \$13.00

Perianth primrose, trumpet darker, a forcing and bedding flower of proven merit. Still a fine old variety.

King Alfred

Top Size Round Bulbs

Three 55c, Doz. \$1.85, 100 \$12.00

Mammoth Double Nose Bulbs

Three 70c, Doz. \$2.50, 100 \$16.00

A king among the fine varieties. Rich, lustrous golden yellow throughout. Extremely vigorous in habit. Perianth often 4 inches across, trumpet fully 2 inches. Most popular variety for forcing.

~ REQUIRE LITTLE CARE

Will Increase In Great Numbers Each Spring

In planning your spring garden do not overlook the dainty Narcissi. It offers you considerable variation and desirable novelty. It has proven increasingly popular and each year we have added to our listings. In this book you will find the widest choice of tested and guaranteed varieties.

Remember, Narcissi multiply rapidly. Many of our customers make their investment in Narcissi quite profitable by selling their yearly increase of these lovely flowers to neighbors and friends. Of all bulbs, it is one of the easiest to grow.

Lord Wellington *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*

One of the largest yellow Trumpets of unusually strong texture and lasting remarkably long in condition, perianth slightly reflexing, trumpet long, rich golden yellow. It is our opinion this is one of the finest of the yellow Trumpet Daffodils.

Olympia *Three 55c, Doz. \$1.80, 100 \$11.50*

A much improved and enlarged Emperor, free flowering and hardy.

Statendam *Each 65c, Three \$1.80, Doz. \$6.50, 100 \$45.00*

An extremely large golden yellow Trumpet Daffodil of superb yet graceful proportions. Massive overlapping deep golden yellow perianth, large, flaring, well-formed trumpet. Vigorous grower suitable for exhibition.

Youth *Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00*

A superb flower of very good form and invaluable for exhibition. The perianth is flat and overlapping with long trumpet beautifully proportioned. A clear shade of pale lemon-yellow throughout. Outstanding.

Warwick *Three 65c, Doz. \$2.30, 100 \$15.00*

Another of the striking new King Alfred seedlings outstanding in every way and very early; refined stem and neck bearing a star-shaped perianth of great substance; golden yellow, with trumpet a shade deeper in color.

Bicolor Trumpet Daffodil

Division 1c: Bicolor Trumpet Daffodils, with white or whitish perianth and a yellow, lemon or pale primrose trumpet.

Sylvanite *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*

A striking new variety with broad overlapping perianth of creamy white, and light canary trumpet; strong grower, but graceful.

Spring Glory *Three 50c, Doz. \$1.70, 100 \$11.00*

A great favorite, both for the garden and for forcing; pure yellow trumpet, slightly paler perianth, excellent stem, and always free blooming.

Van Waveren's Giant *Three 70c, Doz. \$2.50, 100 \$17.00*

Enormous flower with deep yellow trumpet, well opened; perianth pale yellow with outer petals exceptionally broad and inner ones usually slightly twisted, making the flower more graceful.

*White Trumpet,
Beersheba
(See page 4)*

*Giant Leeds,
Tunis
(See page 7)*

Bicolor Trumpet, Spring Glory

Yellow Trumpet,

Aerolite

White Trumpet Daffodil, La Vestale

White Trumpet Daffodils

Division 1b: Varieties with white perianth and white or nearly white trumpet, including pink or apricot trumpets.

Ada Finch *Each \$1.35, Three \$3.90, Doz. \$13.50, 100 \$100.00*
Exquisite white variety, with snow-white flowers and beautifully shaped trumpet. Fine for garden and show use.

Beersheba *Each \$1.65, Three \$4.50, Doz. \$17.00, 100 \$125.00*
Perianth and trumpet of magnificent proportions. Height 20 to 22 inches. Its color is not pure white, yet is expressive of purity in the highest sense. Those who are forming collections of fine Narcissus rate Beersheba at the top of the large white Trumpets. (Color illustration, page 3.)

La Vestale *Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00*
Giant Trumpet type with pure ivory-white perianth, of informal design, with trumpet of deep cream-yellow, tall, fine for small groups or naturalizing in dim shade; though of delicate appearance, it is of good substance and lasts well; early.

Lovenest *Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00*
One of the very few members of the "Pink Daffodil" class; among the daintiest of all the Trumpets; medium in height with a starry shaped perianth of informal type; nicely proportioned trumpet of saffron-yellow turning to apricot-pink; delightfully charming at all stages; very early.

Mrs. E. H. Krelage *Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00*
The pristine purity of this flower, the play of light on its balanced petalage, the graceful curve of the trumpet brim are unforgettable. An excellent grower. Easy to force, long-stemmed.

Mrs. R. O. Backhouse *Each \$1.75, Three \$5.00, Doz. \$19.00, 100 \$135.00*
This is the famous "Pink Daffodil;" fine informal perianth of ivory-white, and beautifully proportioned, slim long trumpet of apricot-pink, changing to shell-pink at the deeply fringed edge; delicately beautiful but of exceptional substance; long lasting; early, belongs in every collection. (Color illustration, page 2.)

President Carnot *Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00*
A self-colored creamy white trumpet of the Olympia type, with perianth petals slightly twisting and reaching forward, adding beauty of form to the charming color harmony.

FEED YOUR DAFFODILS NOW — THIS FALL!

Scatter Wayside Plant Food over your old Daffodil plantings during October, November, and December. You will be surprised and pleased with the greater number as well as finer and bigger blooms next spring. Wayside Plant Food does not burn and lasts a long time. See pages 14 and 15 for price and detailed information.

Poeticus Narcissi

Division 9: Poet's Narcissi, white petals with scarlet cup.

Actaea *Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00*
One of the finest of the new Poeticus varieties, beautifully proportioned; small pheasant's eye, reddish cup. This variety was introduced by Englehart in 1927 and is still considered one of the best new varieties.

Edwina *Three 50c, Doz. \$1.70, 100 \$11.00*
Purest white perianth, broad and overlapping petals, very flat cup, yellow edged red. Fine form and substance, highly recommended.

Glory of Lisse *Three 45c, Doz. \$1.50, 100 \$9.75*
Extremely broad overlapping petals, recurving from typical pheasant's eye cup; a larger Ornatus, unsurpassed for naturalizing.

Recurvus *Three 45c, Doz. \$1.50, 100 \$9.75*
The old Pheasant's Eye. Perianth pure white, somewhat reflexing; cup margined deep scarlet; sweet scented. Fine for massing in borders or in grass.

Albus Plenus Odoratus (Double Poeticus) *Three 45c, Doz. \$1.50, 100 \$9.75*

The old Gardenia-flowered Double Poet's Narcissus. Pure snowy white; wonderfully fragrant. Should be planted in the shade and kept well watered at flowering time to prevent the flower buds from drying off. Blooms extremely late, long after most of the Narcissus have gone. It is a rare old variety preserved jealously in a few old gardens and worth special care.

Poeticus Narcissus, Glory of Lisse

Incomparabilis. John Evelyn (See page 6)

Incomparabilis, Francisca Drake (See page 6)

Leedsi, Hera (See page 7)

Barri, Firetail (See page 8)

Double, Mary Copeland (See page 7)

Leedsi, Silver Star (See page 7)

Incomparabilis Narcissi

Division 2: Incomparabilis, cup or crown measuring from one-third to nearly the length of the perianth segments.

Abelard *Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00*
Broad yellow cup, orange tint at edge, and showy orange anthers, supported by broad primrose perianth of exceptionally good substance; beautiful in the unfolding bud, and unusually long lasting flower.

Beat All *Three 70c, Doz. \$2.50, 100 \$17.00*
Large white overlapping perianth, chrome-orange crown; very effective. A most free flowering and robust growing variety, splendid in the garden. Great in naturalized groups because it multiplies and blooms so freely.

Bernardino *Three 45c, Doz. \$1.60, 100 \$10.50*
Perianth cream colored, the frilled and fluted cup stained deep apricot-orange at its edge. A good hardy grower which forms nice clumps in a short time.

Croesus *Three 45c, Doz. \$1.60, 100 \$10.50*
Universally popular both for the garden and for exhibition; light canary-yellow perianth of perfect form, with outer petals nearly touching, the inner ones overlapping, opening flat; broad fluted cup of rich orange to base; substantial, free flowering, and a fine propagator.

Incomparabilis Narcissus, Milford-Haven

Carlton *Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00*
A most beautiful variety. Broad, overlapping, flat perianth with a large, expanded cup. The whole flower is of a soft uniform yellow. Very free flowering and a strong and sturdy grower. One of the outstanding varieties in this group.

Dick Wellband *Each 65c, Three \$1.80, Doz. \$6.50, 100 \$45.00*
The perianth is pure white and the cup a brilliant flame-orange. One of its most remarkable qualities is that the color does not fade but rather intensifies with age. The flower has unusual lasting qualities. Its greatest beauty lies in the startling contrast between petals and cup which makes it stand out even in the largest collection of Daffodils. An exhibition variety "par excellence." (Color illustration, page 2.)

Francisca Drake *Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00*
The pure white perianth petals are of unusual substance, an inch and a half wide, and tinted gold at the base, which shows through on the outside; the cup, wide and deep, is golden yellow at the base; changing gradually to flame-orange at the densely frilled edge; the flowers are held well above the fine foliage and give the effect of a flock of white seagulls taking flight; strong growing and free flowering. (Color illustration, page 5.)

John Evelyn *Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00*
Outstanding among the new Incomparabilis hybrids; flatly opening perianth, 4 to 5 inches across, with a flat cup nearly 2 inches in diameter, densely frilled, the perianth being pure white without a trace of shading, and the cup lemon-yellow and fluted or shirred to the base; good neck; strong grower; free flowering and a good propagator; one of the greatest Daffodils. (Color illustration, page 5.)

Milford-Haven *Each 55c, Doz. \$1.85, 100 \$12.00*
Fine flower with cream-white perianth and wide cup ruffled and deeply frilled at edge, chrome-yellow at base and shading into rich orange-scarlet, the same gorgeous color combination as in the Montbretia "His Majesty."

Orange Glow *Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00*
Flowers are very large, with broad, flat yellow perianth often 5 inches across. The cup is deep glowing orange, beautifully frilled. Of fine proportions, this is an outstanding Daffodil.

Red Shadow *Each 35c, Three 95c, Doz. \$3.50, 100 \$24.00*
A most attractive flower of bold appearance. The perianth is creamy yellow and the cup is dark yellow with orange-red margin. It is unusually free flowering and a strong grower. Although one of the latest Incomparabilis types to flower, it forces well and is very attractive in pots. One of the best exhibition flowers.

Red Cross *Three 70c, Doz. \$2.50, 100 \$16.00*
Famous throughout the Daffodil world; extra large, strong flower, opening flat, primrose-yellow perianth, and deep yellow cup densely frilled, of deep orange; substantial and long lasting, and fine both in the garden and for exhibition.

Sir Watkin *Three 45c, Doz. \$1.60, 100 \$10.50*
Perianth primrose-yellow; large and well-formed yellow cup; tinged deep yellow. A persistent bloomer, it multiplies rapidly, and is a very hardy variety.

Walter Hampden *Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00*
Very tall and outstanding; bright primrose perianth and pure yellow trumpet of Loudspeaker type, with a tint of orange in the frills; very vigorous grower; medium late.

Yellow Poppy *Three 45c, Doz. \$1.60, 100 \$10.50*
Among all the fine Daffodils of recent introduction, few have more quickly made a name for themselves—a flower of good size, with wide flaring trumpet, 1½ inches across, the whole flower being finely proportioned, and borne on a tall stem with a good neck; in color the perianth is pure yellow, and the cup of the same lovely shade deepening slightly at the frilled edge; conspicuous styles of the same shade as the perianth add to its beauty; outstanding and in every way a satisfactory, as well as a sensational flower, both in the garden and as a flower for cutting.

Winter Protection for Daffodils in Cold Sections of the Country

Narcissus bulbs possess different degrees of hardiness. Therefore, cover your bulbs in winter in such a manner that the least hardy one in your planting is adequately protected.

Also remember that newly transplanted bulbs require more protection than those already established.

Leedsi Narcissi

Division 4: Perianth white, cup white, or pale citron, sometimes tinged with pink or apricot.

Gertie Millar *Each 65c, Three \$1.80, Doz. \$6.50, 100 \$45.00*

Wonderful flower of the new Giant Leedsi type with pure white perianth similar to and as large as Van Waveren's Giant, with a beautifully proportioned pale primrose cup deeply fluted and frilled and of translucent texture; unusually long pistils and anthers match these colors perfectly; a most handsome flower. (Color illustration, page 2.)

Hera *Three 45c, Doz. \$1.50, 100 \$9.75*

Broad-petaled creamy white perianth, star-shaped and deeply frilled cup of creamy white with a dainty edging of light primrose; one of the most beautiful of all Daffodils. (Color illustration, page 5.)

Lord Kitchener *Three 50c, Doz. \$1.65, 100 \$10.75*

A particularly heavy bloomer, and it increases rapidly and is very hardy. Quite outstanding in this group. Broad, flat, pure white perianth, very pale primrose crown.

Nette O'Melveny *Three 45c, Doz. \$1.60, 100 \$10.50*

A dancing Daffodil with pure white perianth and cup of clear lemon-yellow, with orange picotee; splendid foliage; tall, graceful stem, and good neck; in every way a delightful flower and sure to become immensely popular.

Silver Star *Three 65c, Doz. \$2.30, 100 \$15.00*

Perfect broad-petaled, star-shaped perianth of pure cream-white, with finely proportioned, wide mouthed trumpet of primrose, changing to cream-white, just a shade deeper than the perianth, extra fine and free flowering. (Color illustration, page 5.)

Suda *Each \$1.75, Three \$5.00, Doz. \$19.00, 100 \$135.00*

A most beautiful flower of fine substance, pure white perianth and well-formed bell-shaped trumpet of a pale amber-rose color, very refined. Height 18 inches. A superb variety for the collector.

Tunis *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*

Tall robust-growing variety of lasting substance. A broad wavy white perianth and large bold ivory crown with handsome flanged and serrated brim, retaining a remarkable flush of pale coppery gold at the edge. (Color illustration, page 3.)

Double Narcissi

Division 10:

Albus Plenus Odoratus *Three 45c, Doz. \$1.50, 100 \$9.75*

The old Gardenia-flowered Double Poet's Narcissus. Pure snowy white; wonderfully fragrant. Should be planted in the shade and kept well watered at flowering time to prevent the flower buds from drying off. Blooms extremely late, long after most of the Narcissi have gone. It is a rare old variety preserved jealously in a few old gardens and worth special care.

Daphne *Three 70c, Doz. \$2.50, 100 \$17.00*

The most promising novelty of this division. Pure white, sweet scented, large double flowers; early forcer.

Indian Chief *Three 55c, Doz. \$1.85, 100 \$12.00*

Very large and very double, bright yellow interspersed with orange; the petals curled and twisted. A large substantial almost globelike ball of yellow and orange.

Mary Copeland *Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00*

One of the famous varieties of the new Doubles. This variety has been termed the most striking double in cultivation; the longer petals are pure cream-white with a golden ray down the center, interspersed with shorter petals of lemon and brilliant orange, giving a three-color effect; unsurpassed for garden or show. (Color illustration on page 5.)

The Pearl *Three 45c, Doz. \$1.60, 100 \$10.50*

Nice flower; not too double; creamy white, interspersed with sulphur-yellow, deeper at the center; charming.

Twink *Three 65c, Doz. \$2.30, 100 \$15.00*

It is double, of the semi-full type, the petals alternating a soft primrose and clear orange, and so arranged as to give the flower a most attractive appearance; and making it a most adaptable flower for large scale decorative work; is very free-flowering and hardy.

FOOD FOR THOUGHT As Well as for Your Flowers

Plants and bulbs, anything that grows in the soil, are exactly the same in their food needs as humans. There are plenty of what might be called the shot-in-the-arm kinds of ready mixed fertilizers, but they are mostly only stimulants.

What your plants and bulbs need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Turn to pages 14 and 15, and get the full facts about it.

Double Narcissus, Twink

Leedsi Narcissus, Hera

Guaranteed Superior Quality
Wayside Gardens

MENTOR, OHIO

Barri, Fleur

Barri Narcissi

Division 3: Barri, cup and crown measuring less than one-third the length of the perianth segments.

Alcida

Three 50c, Doz. \$1.70, 100 \$11.00

Giant flower, pure white perianth opening flat, star-shaped, with individual petals over 1½ inches wide; broad, citron-yellow cup with blood-orange frill; strong grower, fine substance and wonderfully free flowering; very late.

Anna Croft

Three 50c, Doz. \$1.70, 100 \$11.00

One of the leaders in every show and equally fine in the garden; perianth light primrose, supporting a large sized trumpet deeply crinkled and frilled; cup of darker yellow shading to orange at edge; very tall stem; medium early.

Bath's Flame

Three 45c, Doz. \$1.60, 100 \$10.50

Yellow perianth, deep yellow cup with broad edge of orange-red. The petals are very long, giving the flower a distinct and outstanding character. A perfection in scarlet and gold. Long stems.

Diana Kasner

Three 45c, Doz. \$1.60, 100 \$10.50

A pure white perianth and a large fluted yellow cup with blood-red frill, very free flowering and an excellent forcer. We consider this variety as one of our most valuable introductions and cannot recommend it too highly.

Firetail

Three 65c, Doz. \$2.30, 100 \$15.00

Popular the world over; broad petaled creamy white perianth and large orange cup with scarlet-orange frill. (Color illustration, page 5.)

Fleur

Each 65c, Three \$1.80, Doz. \$6.50, 100 \$45.00

Broad petaled reflexing perianth of pure Poeticus-white, with a flat deeply frilled cup, citron-yellow edged orange-red; beautifully proportioned. This variety received an Award of Merit in 1927 and is unquestionably one of the loveliest Barri varieties.

Mrs. Barclay

Three 55c, Doz. \$1.80, 100 \$11.50

Large flower with flat, reflexed, broad-petaled overlapping perianth of pale primrose, changing to pure white; deeply frilled flat cup of primrose-yellow, with dainty orange picotee; extremely showy and a great favorite in the garden.

Mrs. Walter Brewster

Three 50c, Doz. \$1.65, 100 \$10.75

Fine reflexed perianth of pure white, flat cup, lemon-yellow edged with oxblood-red; fine lasting flower; one of the best.

Triandrus Hybrids

Division 5: These are the Cyclamen-flowered Daffodils with reflexing perianth. The flowers are more or less drooping, of elegant form and graceful habit.

Moonshine

Three 55c, Doz. \$1.85, 100 \$12.00

A beautiful Triandrus Hybrid, star-shaped white flowers, often three to a stem, drooping gracefully, very beautiful and a great favorite, especially for the rock garden or for naturalizing in the shade. A fine exhibition variety.

Thalia

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00

In addition to a peculiar attraction at first sight, this flower leaves one with an impression that it is white, yet it is a whiteness that is not white. The recurving petals and the angle of the three trumpets are unlike the conventional short-cupped Daffodil. The stem is dark green, round and reedlike thin. Some call it the "orchid-flowered" Narcissus which adds to the mystery. Thalia provides unusually good material for artistic arrangement.

Poetaz, Laurens Koster (See page 10)

Triandrus Hybrid, Moonshine

Jonquilla Hybrids

Division 7: Hybrid Jonquils with two or more, small, very fragrant flowers on one stem.

Campernelle, Single *Three 45c, Doz. \$1.60, 100 \$10.50*

A tiny golden Daffodil with tips of pointed grasslike foliage reaching above the flowers; the broad overlapping petals make a nicely rounded perianth; frequently three blooms on a stalk; a delightful little flower.

Campernelle, Double *Three 45c, Doz. \$1.60, 100 \$10.50*

Two to three golden yellow, small, fragrant flowers on strong stems; lovely for cutting. Height 13 inches.

Golden Sceptre *Three 45c, Doz. \$1.50, 100 \$10.00*

A medium sized perfectly built flower of deep Jonquil-yellow, 3 inches or more in diameter. The whole flower, as with the others in this class, is of the greatest substance, keeping in perfect condition exceptionally long both in the garden and when cut.

Jonquilla Simplex (Queen Anne's Daffodil)

Three 45c, Doz. \$1.60, 100 \$10.50

The true tiny single Jonquil. The bulbs as well as the flowers of this miniature Daffodil are not very much larger than the Snowdrop. The flowers are a pure golden yellow and delightfully fragrant; foliage is grasslike. Perfectly hardy and most satisfactory small Daffodil for the rock garden.

Jonquilla flore pleno *Three 45c, Doz. \$1.60, 100 \$10.50*

This is the charming double-flowered form of the above. Also splendid in the rockery. The double Queen Anne's Daffodil.

Lady Hillingdon *Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00*

A fine companion for Golden Sceptre, blooming earlier; cluster-flowering type but well worth growing even if all the flowers came singly; perianth a clear butter-yellow, with broad outer petals opening flat like those of a Trillium, with the narrow inner petals curving forward around the moderate-sized shapely trumpet of deep Jonquil-yellow.

Odorus, Orange Queen *Three 55c, Doz. \$1.85, 100 \$12.00*

A very striking variety, 2 to 3 flowers on a stem, color intense golden orange, cup prettily fluted. Delightful Jonquil fragrance. The flowers are produced in the greatest profusion on wiry stems about level with the tops of the strong but not coarse foliage; truly a Daffodil for every garden and the gayest of the lot, large or small.

White Wedgewood *Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50*

A dainty and charming flower borne on a tall stem; starry perianth of cream-white, with a trumpet of a pale primrose; beautiful for cutting and effective in front of the Daffodil border, among other varieties.

Cyclamineus Hybrids

Division 6: Cyclamineus blood, like that of Triandrus, imparts such a distinct form to Daffodils, that a separate division has been made of its hybrids, which have trumpets of rich yellow, straight and tube-like, and perianths reflexed as in a Cyclamen; very early flowering.

February Gold *Three 55c, Doz. \$1.85, 100 \$12.00*

Perianth golden yellow, trumpet tinged orange, very early.

March Sunshine *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*

Smaller than February Gold and more adapted for rock garden planting.

February Gold

Triandrus Hybrid Narcissus, Thalia

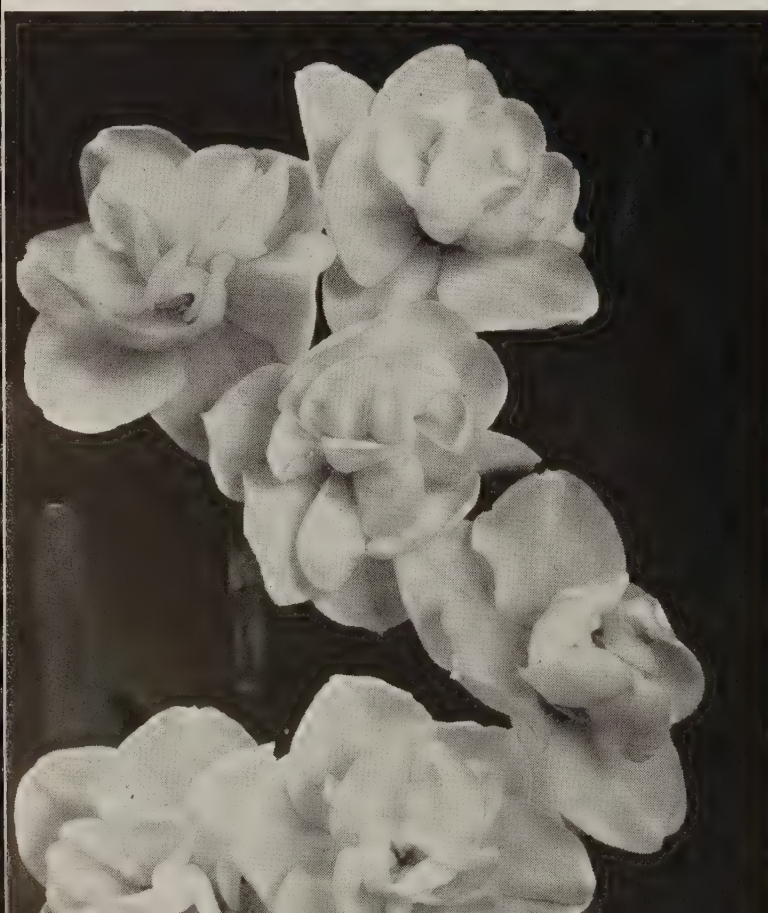

Narcissus Jonquilla Simplex

Poetaz Narcissus, Scarlet Gem

Double Poetaz Narcissus, Cheerfulness

Poetaz Narcissus, Elvira

Poetaz Narcissi

Division 8: All Poetaz are hybrids from Poeticus Ornatus and Polyanthus Narcissi. The plants are tall and vigorous growers, bearing heads of large, well-formed flowers, deliciously fragrant. There is no better group for indoor culture in flats, pots or bowls, while if planted in time, their hardiness outdoors leaves nothing to be desired.

Admiration

Three 70c, Doz. \$2.50, 100 \$17.00

This beautiful cluster-flowered Daffodil is especially lovely in full sunlight, as it has a transparent character, but the flowers viewed in shade do not look poor or papery. The perianth, which is a sulphur-yellow, seems rather to be of the quality of the soft taffeta silk which, in the old days, was known as "sarsenet," and the petals are slightly ridged lengthwise. The corona is of rich orange-scarlet and there are usually about 6 flowers to a stalk.

Cheerfulness

Three 50c, Doz. \$1.65, 100 \$10.75

The double Elvira, a very pleasing double white Poetaz, good stems, a fine garden and show flower.

Elvira

Three 45c, Doz. \$1.50, 100 \$10.00

Three to four large flowers of great substance, borne on long, graceful stem; broad white petals and a golden yellow cup, edged orange; delicately fragrant. Makes a splendid combination in the garden when planted among the earliest Darwin Tulips or massed on a bank with Tulipa Clusiana.

Glorious

Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00

Tall, flower delightfully informal in habit, perianth Poeticus-white with eye orange, edged red; good for semi-shade; very early and excellent variety for growing in the house.

Klondyke

Three 45c, Doz. \$1.60, 100 \$10.50

One of the finest of the yellow Poetaz. Perianth is of rich yellow with a slightly darker cup.

Laurens Koster

Three 45c, Doz. \$1.50, 100 \$10.00

Creamy white perianth, lemon-yellow cup, free flowering. Excellent for growing in the house. (Color illustration, page 9.)

Orange Cup

Three 55c, Doz. \$1.75, 100 \$11.25

Creamy white, conspicuous orange cup, a most delightful color combination of plastic rubies floating on sulphur pools, 6 to 8 florets and usually two stems per bulb. Keeps its color in bright sunlight positions.

Scarlet Gem

Each 70c, Doz. \$2.50, 100 \$17.00

Here is a very artistic contrast in color. The attractive, finely formed flower has a perianth of primrose-yellow with a deep orange cup. A most interesting Poetaz.

Narcissi for Growing in Water

PAPER-WHITE NARCISSI

Paper-White Grandiflora

Top size bulbs

Six 75c, Doz. \$1.40, 100 \$9.00, 1000 \$85.00

The popular bunch-flowering, pure white Narcissus, frequently having 30 individual blooms and splendid decorative foliage from a single bulb. We offer two sizes, each suitable for growing indoors in pebbles and water.

CHINESE SACRED NARCISSI

Often referred to as "Chinese Sacred Lily." Similar to the above variety but having clusters of white flowers with yellow cups.

Three 65c, Doz. \$2.25, 100 \$14.00,

GOLDEN YELLOW NARCISSI

Soleil d'Or

Three 55c, Doz. \$1.75, 100 \$11.25

Soleil d'Or resembles the Paper-White Narcissus very much in habit but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus. We have some very fine stock of this variety to meet the steadily increased demand of the past few seasons.

NARCISSI, FEBRUARY GOLD

This is a little known, extremely early blooming, small golden Daffodil. One of the parents of this Hybrid is the little "Cyclamen" Daffodil which is responsible for its extreme earliness and "perky" flowers which in March or sometimes in late February start off the Daffodil season.

It is one of the easiest of Daffodils to grow indoors. Start a few bulbs in pebbles and water in **November**. Keep bowls in dark, cool place for three weeks and then bring into light or put six bulbs into a shallow 5-inch flower pot with earth in **October**. Keep pot moist and in dark, cool place for six weeks. Then bring into light. You'll have dozens of small golden Daffodil blooms in no time. Several plantings will give you a continuation of blooms.

Three 55c, Doz. \$1.85, 100 \$12.00

Paper-White Narcissus

Wild Species - Little Daffodils

The following are charming little subjects for rock work, where their dainty flowers are seen to perfection. They should be left undisturbed for years, and if happy, will soon establish themselves and afford a lovely picture in early spring. All the Bulbocodiums (except Monophyllus) and the Cyclamineus like moisture, and should, therefore, be planted at the foot of the rockery. Bulbocodium monophyllus flourishes in a warm, dry sheltered situation planted in almost pure sand. Triandrus Albus (Angel's Tears) and Juncifolius delight in partial shade and a light, gritty soil, and should be given a well-drained position.

Bulbocodium citrinus

Three 70c, Doz. \$2.50, 100 \$17.00

Large sulphur Hoop-Petticoat, very beautiful pale citron-yellow. Height 6 to 8 inches.

Bulbocodium, Conspicuous

Three 45c, Doz. \$1.50, 100 \$9.75

Yellow Hoop-Petticoat, flowers rich golden yellow of hoop-petticoat form and rushlike foliage. Height 6 inches.

Bulbocodium monophyllus

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00

White Hoop-Petticoat, producing in winter little snowy white flowers of exquisite beauty. Height 6 inches.

Canaliculatus

Three 45c, Doz. \$1.50, 100 \$9.75

A dainty little Polyanthus Narcissus from Mentone, suitable for sunny positions in the rock garden. It has narrow, erect bluish green foliage and bears heads of 3 to 4 flowers with white perianth and globular golden cup, sweetly scented. Height 6 inches.

Juncifolius

Three 70c, Doz. \$2.50, 100 \$17.00

Small, graceful, rich yellow flowers, rather smaller than a Buttercup, with a dainty little flat crown.

Triandrus albus

Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00

An exquisitely beautiful little species, it is of slender growth and produces a cluster of elegant creamy white little flowers with globular cup and perianth reflexing as in the Cyclamen. Height 7 inches.

Triandrus calathinus

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

The flowers are produced in clusters of two and three, are snowy white and more than twice the size of Triandrus albus with long, goblet-shaped crown prettily fluted; the foliage has a curious habit of curling over. Height 7 inches.

Triandrus concolor

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

True, bearing clusters of dainty fragrant flowers of similar form to Triandrus albus, but of a uniform soft yellow, a rare and beautiful little Daffodil. Height 7 inches.

Narcissus Bulbocodium

[11]

Narcissus Triandrus Albus (Life Size)

Helpful Suggestions in Buying Your Daffodils

COMBINATION No. 1—DAFFODILS OF THE FUTURE

This collection comprises 12 of the choicest Daffodils. They will be the popular ones ten years from now when their price permits general distribution. In order to acquaint you with the beauty and charm of these "Daffodils of the future" we have reduced their price to only about one-third. A brief description follows each variety.

Adler (Incomparabilis)

Perianth of the purest white, overlapping and opening nearly flat, circular in outline and 4 inches across, with a beautifully proportioned cup of pure chrome-yellow, shading to blood-orange at the deeply frilled edge; the most admired flower in many large collections.

Sunstar (Barri)

Creamy white, broad petaled perianth, segments slightly reflexed, flat yellow cup with broad orange margin, tall, fine stem and neck; Poeticus habit, beautiful in the garden and a sure winner at any show.

St. Patrick (Poetaz)

A Narcissus Tridymus hybrid. Four to five flowers on a stem. They are star-shaped, with lovely light yellow perianth and darker cup. Height 6 inches. One of the most attractive small-flowered Daffodils.

Sheherazade (Incomparabilis)

A very tall variety with citron colored perianth, beautiful proportions, heavily frilled cup of pure chrome-yellow self color throughout with no trace of orange.

Orange King (Barri)

A gorgeous flower of substantial build and unusually long lasting. Perianth light citron, supporting a wide, deep and densely frilled cup, chrome-yellow at the base, changing to vivid flaming orange in a broad band extending half an inch down, both inside and outside, from the frill.

Sherman (Incomparabilis)

Bold broad-petaled, overlapping perianth of creamy white, and heavily frilled cup of deep orange-yellow, with conspicuous apricot anthers.

Eskimo (White Trumpet)

A variety of fine build and great substance, with broad perianth and very open trumpet, opens pale primrose but quickly passes to pure white.

Village Beauty (Barri)

A magnificently superior Mrs. Barclay which was a forerunner of this fine variety. Extra fine perianth with broad petals irregularly reflexed, light golden stripes, something like those of an Auratum Lily, down each petal, turning later to pure white; cup yellow, picoteed orange.

Pygmalion (Incomparabilis)

Extra large perianth of pale citron, and a deep trumpet of orange-yellow shading to blood-orange at the nicely frilled edge; broad, strong foliage and tall stem with upright neck, holding the flower well aloft.

Hades (Incomparabilis)

Large creamy white perianth of excellent substance, large expanded crown of a real deep cherry-red. Height 24 inches. A very strong, vigorous variety which holds its color exceptionally well.

Mayflower (Barri)

One of the new Barri-Poeticus hybrids with perianth of pure glistening white, broad overlapping petals, and yellow eye with red picotee; extremely tall, very striking, late blooming.

Whiteley Gem (Incomparabilis)

On a very tall stem the flower is beautifully balanced, the proportions of perianth and cup are very pleasing. The perianth is not much overlapping, but of great substance. The coloring is very fine, deep golden yellow for the perianth and a bright orange for the finely fluted cup.

One each of the above 12 varieties, each carefully labeled, 12 bulbs in all, for \$11.00.

You Cannot Afford to Miss Our 1943 Jubilee Daffodil Mixture

Our 1943 Jubilee Mixture is something unique! Nothing like it can be purchased anywhere else in this country! It is composed of over two hundred choice collectors' varieties we cannot any longer continue to grow because of present conditions. In addition it contains all our tested unnamed seedling Daffodils.

It is impractical to introduce or name every one of the thousands of seedlings we raise each year. So after testing the best of the Hybrids for several years only a few are chosen for mass production, the balance, no matter how fine, will be sold in our 1943 Jubilee Mixture. As a result you will find flowers in this mixture which differ only slightly from catalog varieties which sell for \$2.00 or more per single bulb.

The supply of Hybrid bulbs naturally limits the number of bulbs of the Jubilee Mixture we can sell. When the making of this mixture is completed and our Hybrid seedling bulbs are used up, it is not possible to make additional quantities. Needless to say, early ordering is advisable. The never-ending variations in color and form of the flowers in our 1943 Jubilee Mixture will certainly please the most critical Daffodil enthusiast.

Top Size Bulbs Only

25 bulbs for	\$ 4.00
50 bulbs for	7.00
100 bulbs for	12.50

This mixture will not and cannot be offered again for **many, many** years to come. We kindly ask you to tell us at once how many bulbs we shall reserve for you.

Our Special Daffodil Mixture

Our Special Mixture is not **grown** as a mixture, but it is made up from more than a hundred favorite and standard varieties. Each variety is carefully selected for its ability to continue blooming and increasing year after year without the necessity of frequent transplanting. Early, medium and late flowering kinds are properly proportioned. This provides a long and satisfactory flowering period. The increase in bulbs from year to year will give you an ever-increasing number of lovely flowers in your garden as well as for cutting. We repeat again our Special Mixture is carefully blended from fine, standard varieties of long life.

Food for Thought as Well as for Your Flowers

Why treat your flowers in a way you would openly resent if done to you? You wouldn't put up with any old food that comes along, so to speak. For your children, you are no end fussy about being sure of their having enough, and the right vitamins. You are particular about a balanced diet.

Plants, anything that grows in the soil, are exactly the same in their food needs as humans.

There are plenty of the "shot-in-the-arm" kinds of ready mixed fertilizers. But, they are mostly only stimulants.

What your plants need is a balanced organic food. Not just a stimulant.

They need one containing in right amounts, those things that make plenty of strong roots; produce good, sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

The World's Finest Plant Food

So declared by experts. For Bulbs, Lawns, Flower Gardens. Used exclusively at WAYSIDE in the production of millions of fine plants. It is whole-heartedly endorsed for our customers.

Thousands of customers and strangers alike have visited WAYSIDE GARDENS. They have marvelled at our 600 miles of plants. They have been known to actually gasp for breath at the sheer beauty of 400 acres of flowers brought to such a high degree of perfection. Invariably, they ask us the same question.

"To what do you attribute the superior qualities of your flowers?"

And invariably our answer is the same: "The chief reason for the high quality of WAYSIDE products is due to the fact that we use only the very finest Plant Food that skill and money can produce!"

You will agree that we have entirely too much at stake to afford to use any other kind. In addition to the enormous investment represented by our nurseries, we have a reputation to maintain among thousands of the most critical floral customers in the land. We prize and guard very jealously such possession. . . . Contented only with the best we advise our customers to adopt the same attitude, in order that the fine specimens grown at WAYSIDE may be duplicated in your own garden. We recommend only that which we ourselves use.

We Learn from an English Gardener

We are indebted to a noted English gardener for the Exclusive Plant Food we use in growing millions of plants of superior quality. Among other things, he said:

"A lawn should not be treated like a hayfield, but like a permanent garden. Therefore, I object to chemical fertilizers for lawns. It is not the QUANTITY of grass cut from the lawn each week, but the DENSITY AND LUXURIANCE OF THE GRASS which produces the effect of walking over a thick velvet carpet that counts. If you want a thick lawn in which there is no room for weeds, it is essential that you use a properly balanced ORGANIC Plant Food—one that sinks deeply into the soil for the grass or plant roots to go after. That is where the moisture is, and you will find it unnecessary to water so much in summer."

WAYSIDE'S superior Plant Food is made from bone meal, dried blood, ground fish, and muriate of potash, in proportions recommended by the "old country" expert. These long-lasting ingredients, heavy with life-producing qualities, give your flowers a well balanced diet, containing in just the right amounts those things that go to make strong roots, sturdy stalks, bright green leaves, a profusion of foliage and an abundance of large and healthy blooms year in and year out. It does not stimulate, but nourishes any and all plants and imparts to them a youthful and lusty vigor. It disintegrates slowly. It is excellent to use in bulb plantings as well as in Rose beds, or hardy plant borders. Use it consistently year after year, and your garden will be among the most beautiful.

USE WAYSIDE PLANT FOOD in the Autumn

Although many garden lovers do their fertilizing in the spring, the fertilizers are of a quality that obtain quick results but not lasting ones. . . WAYSIDE GARDENS Plant Food enables you to apply it to your ground in the late autumn, just before the beginning of snow and cold weather.

Its high quality is such that it disintegrates very slowly. It remains highly fertile, penetrating into the soil through the winter months, reaching the root level of the plants when spring breaks through again.

Ideal for Rose Beds and Bulb Plantings

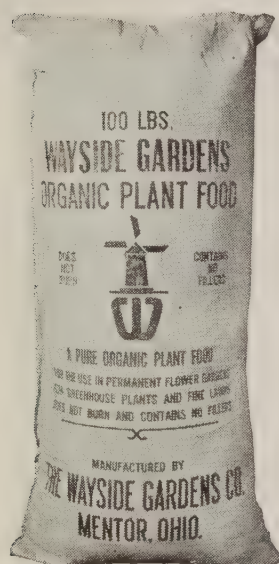

Also it is excellent for spading into the Rose bed when you are preparing the Rose bed for winter. . . Use it generously in your bulb plantings and in any hardy flower border.

In late summer and autumn your soil is in better condition than in early spring. By working and preparing it prior to the approach of winter, you will have more leisure to enjoy its greater beauty—the satisfying rewards of your efforts—when Nature reanimates your bulbs and Roses next spring.

How to Use Wayside Plant Food

Nor do we need to use much of it to obtain the lasting magical results it produces. Furthermore, it is easy to use and apply it. If your garden is an established one, apply twice a year, March first and October first. **Use 15 to 25 pounds for top dressing a space 500 square feet for Hardy Plants, Rock Plants, Roses, Annuals, and other Flowering Plants, Shrubs and Bulbs.** In

making a new garden, double the amount and mix with the soil. Planting may be done at once. No burning is possible. For old lawns, use 10 to 25 pounds for top dressing 500 square feet. For potted plants, a 3-inch potful mixed with a bushel of soil will give you splendid results.

Wayside Gardens Plant Food Contains No Useless Weight, or Bulk Producing Fillers

We particularly recommend our handy and convenient 50-lb. pail, filled with Wayside Plant Food. It has a snug-fitting lid and convenient handle. It is neat and eliminates the usual mess from half-used bags in garage or work room. Pail when empty has many uses.

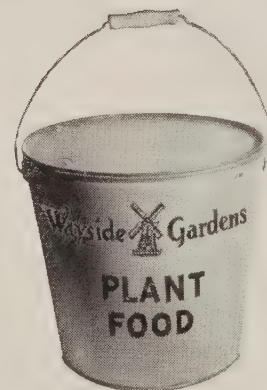

50-lb. pail (net contents 48 lbs. Plant Food) for \$4.75.

A 100-lb. bag for \$7.00; 500 lbs. in bags for \$25.00; 2000 lbs. in bags for \$90.00.

The above prices include free delivery by freight east of the Mississippi.

Detailed instructions with every shipment.

This Plant Food may only be obtained direct from WAYSIDE GARDENS. The best proof of its superior qualities is that it is used in enormous quantities right here at WAYSIDE. Knowing its value and importance in your garden, we feel no hesitancy in urging you to include some of it in your order for plants.

Look Ahead! Order Now - - -

WAYSIDE GARDENS PLANT FOOD FOR YOUR 1944 VICTORY GARDEN

Protect yourself by telling us **now** how much Plant Food you will need next spring. Send us your order for your spring requirements now along with your order for fall needs. All advance 1944 orders for Plant Food will be shipped in January and February. We **must** help transportation, giving carriers all possible time to make deliveries and you **must** have your Plant Food on time for your spring garden.

Spade up your victory garden late this autumn, immediately after you have harvested the last of the vegetables. Leave the surface of the soil as rough as possible and exposed to air, permitting frost to break up the lumps. In earliest spring apply Wayside Gardens Plant Food which should be worked lightly into the soil. A vegetable garden or flower bed so treated will produce the finest results.

Outstanding New Dutch Iris, Golden Lion

Dutch Iris, De Vlieger

Dutch Iris, King of the Whites

Iris Reticulata
Perfectly hardy. March blooming, as fragrant as Violets

Dutch Iris, Jacob de Wit

Dutch Iris Give You Great Beauty at Little Cost

In England the Dutch Iris is proudly called "the poor man's orchid." It deserves the name. The orchid-like blooms are rich in captivating colors, ranging from pure white through golden yellow to cornflower-blue, dark violet and deep purple. They're superb for cutting, stand a lot of handling and last a week or longer in water. Also, the bulbs multiply rapidly and when once established, the colony continues to increase, giving you more flowers each year. Few bulbs are as inexpensive and prolific. They repay you with generous beauty, asking little in return except a sunny spot, well drained, and a little winter protection in the colder parts of the country.

Abraham Storck Six 75c, Doz. \$1.20, 100 \$8.00
Standards steel-blue; falls very dark blue. A very large Iris of robust growth. A-1 for cutting and garden use.

David Haring Six 50c, Doz. 80c, 100 \$5.00
Standards old ivory, falls pure white, a unique and very desirable variety, lovely for cutting.

Cajanus Six 65c, Doz. \$1.10, 100 \$7.25
Standards are golden yellow, falls several shades darker, almost to golden orange, very brilliant coloring.

De Vlieger Six 50c, Doz. 80c, 100 \$5.00
Light violet-blue standards which are very broad and strong, the falls are soft sky-blue with narrow orange stripe. Grows 27 inches tall. One of the best. (Color illustration, page 16.)

Gerrit Van Hees Six 75c, Doz. \$1.20, 100 \$8.00
Broad, short, purplish blue standards; very large royal-blue falls; pale yellow stripe. One of the best new Dutch Iris.

Golden Lion Specially priced: Six 85c, Doz. \$1.50, 100 \$10.00
The perfectly beautiful ruffled yellow flowers are in a class all their own. Without a doubt it is the finest of the lot. Will last for a week or ten days in water when cut. In the garden, it makes a stunning group. Bulbs multiply freely and a carefully planted clump will bloom for years without attention. (Color illustration, page 16.)

H. C. Van Vliet Six 75c, Doz. \$1.20, 100 \$8.00
Violet-blue, Indian-orange stripe on the lip. Outstanding and very effective.

Jacob De Wit Six 50c, Doz. 85c, 100 \$5.25
Standards very dark blue; falls dark blue. A very early Iris of remarkable substance; the best medium priced blue. 22 inches. (Color illustration, page 16.)

Jan Nagel, de Graaff Six 75c, Doz. \$1.20, 100 \$8.00
Standards and falls golden yellow, the first yellow having the true filifolia type. A most desirable novelty.

Jan Victors Six 75c, Doz. \$1.20, 100 \$8.00
Standards and falls soft violet-blue, very early and exceptionally good for forcing. Multiplies well in the garden where it makes a fine show.

Jan Weenix (Morning Mist) Six 85c, Doz. \$1.60, 100 \$10.50
Standards and falls soft lavender-blue, giving a silvery misty effect.

King of the Whites Six 75c, Doz. \$1.20, 100 \$8.00
Pure white, good form and substance, one of the best and much used commercially because of its good keeping qualities. 24 inches tall. (Color illustration, page 16.)

Therese Van Duyll-Schwartz Six 50c, Doz. 80c, 100 \$5.00
Standards pale cornflower-blue; falls pure white, with very narrow orange stripe; excellent cut flower. 24 inches.

White Excelsior Six 50c, Doz. 85c, 100 \$5.75
Uniform pure white; falls very broad, very good form and substance; very early forcer; the best medium priced white. 22 inches.

Yellow Queen Six 50c, Doz. 85c, 100 \$5.75
Standards and falls golden yellow. Thin wiry stems, excellent for forcing or outside, the best medium priced yellow. 28 inches.

Mixed Colors Doz. 60c, 100 \$4.00
Here we offer a mixture of about 20 varieties at a very special price for cut flower use. The bulbs are all flowering size but are slightly smaller than those of the named varieties. Hundreds of blooms can be had from these for very little money.

DUTCH IRIS COLLECTION

100 bulbs in 5 varieties for \$5.50

This collection will be made up of 5 distinct varieties of our selection, selected from the varieties offered above. They will be labeled and packed separately. Just the thing for the hardy border.

English Iris

These magnificent bulbous Irises thrive in any ordinary garden soil but prefer a good loam. The earlier the planting, after beginning of September, the greater the success; the bulbs should be planted 4 inches deep. The varieties contained in our mixture, we have especially selected as being the very finest and most distinct in cultivation, and they will be found as strikingly beautiful in color as many of the sumptuous Orchids. They flower from end of June to beginning of July, thus succeeding the Bearded Flag Irises, Early Xiphium and Spanish Irises. As cut flowers they take a first place.

Mont Blanc Six 85c, Doz. \$1.60, 100 \$10.50
Pure white; blooms often two or three on one stem.

Othello Six 85c, Doz. \$1.60, 100 \$10.50
Rich dark blue flowers of excellent substance.

Queen of the Blue Six 85c, Doz. \$1.60, 100 \$10.50
Pure light blue flowers. A lovely sort for the garden as well as for cutting.

Sir William Mansfield Six 85c, Doz. \$1.60, 100 \$10.50
Clear purple-blue flowers; exceptionally good for cutting.

Choice Mixed Shades Six 75c, Doz. \$1.20, 100 \$8.00
A beautiful range of colors including the above as well as several other varieties.

Iris Species

Danfordiae Six \$2.70, Doz. \$5.00, 100 \$35.00
A beautiful little Iris from Eastern Asia Minor which was unobtainable for many years; bright golden flowers resembling in form *Iris reticulata*, produced in early February. Height 3 inches.

Reticulata (Fragrant Iris) Six \$1.60, Doz. \$3.00, 100 \$21.00
This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Spanish or Dutch Iris. Its main value lies in the fact that it may be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a 4- to 5-inch pot when received will bloom about Christmas time. The fragrant blossoms remind one of a bunch of fresh violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery. To show it off well, plant a number of bulbs under the white *Arabis Alpina*; you'll enjoy the results more than we can tell you. (Color illustration, page 16.)

Iris Tingitana Hybrid

Especially Recommended for Early Forcing in Greenhouse
Excellent in the Garden Also

Wedgewood Six 85c, Doz. \$1.50, 100 \$9.75
Standards blue; falls lighter blue; excellent forcer and makes a bold show in the garden as well.

Dutch Iris, Jan Weenix

Darwin, Cottage and Breeder Tulips

Inglescombe Yellow

Rev. H. Ewbank

City of Haarlem

Baronne de la Tonnaye (Darwin)

Three 65c, Doz. \$2.25, 100 \$11.50
 Bright rose, margined blush-rose. Height 26 inches.

Bronze Queen (Breeder)

Three 65c, Doz. \$2.25, 100 \$14.00
 Large, strong flower, stout stem; fine form; purplish fawn, interior buff-yellow, bright lemon-chrome base, filaments olive above, yellow below. Height 28 inches.

Carrara (Cottage)

Three 70c, Doz. \$2.50, 100 \$16.00
 This Tulip has created a sensation at the English shows. It is round and pure white as the marble from which it has its name. A most delicate flower. Height 25 inches.

City of Haarlem (Darwin)

Three 65c, Doz. \$2.30, 100 \$15.00
 A handsome, fiery cardinal-red of great substance. The deep violet base of this Tulip, outlined in white, gives it a striking effect when open. Height 21 inches.

Clara Butt (Darwin)

Three 55c, Doz. \$1.80, 100 \$11.50
 Clear pink, flushed salmon-rose; inside much deeper, with blue base. Height 21 inches.

Dido (Cottage)

Three 65c, Doz. \$2.25, 100 \$14.00
 A perfect flower, excellent in color and form, poised firmly at the top of its straight stem. Color is deep rich pink with yellow stripes. It is an unusual and magnificent Tulip. Very fragrant. Height 30 inches.

Dillenburg (Breeder)

Three 65c, Doz. \$2.25, 100 \$14.00
 A new variety best described as a glorious salmon-orange. The blooms are of perfect shape and distinct color. Height 28 inches.

Dream (Darwin)

Three 65c, Doz. \$2.30, 100 \$15.00
 Pale heliotrope, inside deep violet with blue base. One of the loveliest Darwins. Height 27 inches.

Ellen Willmott (Cottage)

Three 65c, Doz. \$2.25, 100 \$14.00
 One of the finest May-flowering Tulips. Flowers large, beautifully shaped, soft creamy yellow, deliciously fragrant. Height 30 inches.

Fantasy (Parrot)

Three 70c, Doz. \$2.50, 100 \$16.00
 The flowers are of unusual and beautiful form, the petals being laciniated, having curious excrescences on the outside. It is not only the rare form of this Tulip or its main color, which is a soft rose-pink; the shadings of the cup are a deep velvety rose color which is more sumptuous than words can tell. The encrustation of back of petals often carries a delightful shade of apple green. Height 26 inches.

Farncombe Sanders (Darwin)

Three 65c, Doz. \$2.25, 100 \$14.00
 Scarlet; inside vivid cerise-scarlet with white base; large. Flower of perfect shape. Height 25 inches.

Inglescombe Pink (Cottage)

Three 65c, Doz. \$2.25, 100 \$11.50
 Salmon-pink, blue base; very brilliant. A great favorite in England where it is planted by the thousands, and is largely used as a cut flower. Exquisite with some light green foliage on a dinner table. Its delightful color indoors makes it one of the best. Height 28 inches.

Inglescombe Yellow (Cottage)

Three 65c, Doz. \$2.25, 100 \$11.50
 Glossy canary-yellow. Large, globular flowers. Has the true shape of the Darwin Tulip, hence is often called the "Yellow Darwin." Height 28 inches.

Moonlight (Cottage)

Three 65c, Doz. \$2.25, 100 \$14.00
 Pale yellow of a lovely color; the flower is very long and of finest oval shape. Beautiful in the border among Irises or Bleeding Heart. Height 25 inches.

Mrs. Moon (Cottage)

Three 65c, Doz. \$2.25, 100 \$14.00
 Tall yellow, vase-shaped flower on sturdy stems. One of the loveliest yellow Cottage Tulips. Height 25 inches.

Panorama (Three 65c, Doz. \$2.30, 100 \$15.00)

Remarkable for its splendid coppery color, its overlying bluish bloom, its amazing olive-green base, yellow pistil and dull violet anthers. Open or partly closed, the flower is magnificent, the effect in mass planting superb. Height 27 inches.

Pride of Haarlem (Darwin)

Three 65c, Doz. \$2.25, 100 \$14.00
 Brilliant rosy carmine with blue base; very large flower on tall, strong stem; sweet scented. Height 25 inches.

Prince of Wales (Darwin)

Three 65c, Doz. \$2.30, 100 \$15.00
 A shining cherry-red Darwin. The best of its color—bar none. The merest suspicion of blue in its hue makes it eminently suitable for use with all blue flowers. Height 28 inches.

Princess Elizabeth (Darwin)

Three 65c, Doz. \$2.25, 100 \$14.00
 Clear deep pink, changing with age to rose-pink, white base. Large flower. Height 26 inches. One of the loveliest pink sorts.

Reverend H. Ewbank (Darwin)

Three 65c, Doz. \$2.25, 100 \$14.00
 Plant this lovely mauve Tulip for a beautiful blending of colors with yellow Cottage Tulips. Height 25 inches.

Vesta (Cottage)

Three 70c, Doz. \$2.50, 100 \$16.00
 A very fine flower of palest primrose changing quickly to purest white. Most attractively formed bloom equally well adapted for garden use and cutting. Height 29 inches.

William Copeland (Darwin)

Three 65c, Doz. \$2.25, 100 \$14.00
 Dainty rosy lilac, flushed blue, bluish white base. Large flower of perfect form, is far superior to most Tulips known in this shade. Highly recommended. Height 25 inches.

Yellow Giant (Darwin)

Three 65c, Doz. \$2.30, 100 \$15.00
 A golden yellow Tulip of great beauty and size, large flower with black anthers. Tall and strong stem. This is one of the best of the several yellow varieties which are offered. Highly recommended. Height 29 inches.

Zwanenberg (Darwin)

Three 70c, Doz. \$2.50, 100 \$16.00
 Pure white with black anthers. A large substantial flower and a good white Darwin. Height 28 inches.

Darwin, Cottage and Breeder Tulip Mixture

This mixture is carefully blended and contains a great number of varieties. You will enjoy the riot of color these bulbs will produce for you in your garden next spring. Just the thing for cutting and a gay show.

25 bulbs for \$2.75, 100 bulbs for \$10.00, 250 bulbs for \$22.50

Eremurus - Foxtail Lilies

A noble family of hardy bulbous plants, most spectacular and desirable for stately and colorful groups in hardy plant borders. They are perfectly hardy, and when well established, produce giant flower spikes, like huge Hyacinths, attaining a height of from 5 to 8 feet long. They thrive in any sunny, well-drained border, and should be planted in early fall. The plant disappears above ground after flowering and annuals may be planted close to them to fill the vacant space, or the vacant space may be satisfactorily covered with Gypsophila Flamingo. A light mulching is advised as a winter protection in the very coldest parts of the country.

SHELFORD HYBRID EREMURUS IN PASTEL SHADES

Stately Cut Flowers or Garden Plants

Beautiful, tall hardy hybrids, the inflorescence is 3 feet long, studded with myriads of copper pink, orange, pale yellow and pink flowers. Rare and richly colored. They grow to an average height of 6 feet. For garden planting as well as for cutting these hybrids are superb. They make a stunning show in the garden as well as cut flowers indoors, lasting fully 3 weeks in water. For several years we have been increasing our stock so we could offer roots at a popular price. We suggest that they be planted in groups of not less than three, better effects are created if planted in masses of six or twelve. Our price is very low, enabling you to do this.

Shelford Hybrids. Strong flowering roots.

Each 85c, Three \$2.40, Doz. \$8.50

SHELFORD HYBRIDS, NAMED VARIETIES

Isobel. Orange.

Each \$2.00

Rosalind. Bright pink.

Each \$2.50

Moonlight. Pale yellow.

Each \$2.50

White Beauty. Pure white. *Each \$2.00*

GIANT EREMURUS

Spectacular and Rare Garden Plants

Elwesianus albus

Each \$1.50, Three \$4.25, Doz. \$15.00

Pure white flowers similar in form and height to Robustus. A magnificent species growing easily 7 feet tall. This as well as all other Eremurus are produced from seed which results in slight variation of tints and shadings.

Robustus

Each \$2.00, Three \$5.50, Doz. \$20.00

Light rosy pink flowers grow on stems 6 to 8 feet tall. One-third to one-half of the stem is covered with sparkling, small cuplike flowers. This is one of the giants of the family, easily grown and lasts from year to year. Giant roots producing one or more spikes.

Himalaicus

Each 75c, Three \$2.15, Doz. \$7.50

A veritable giant. It is a simple matter to grow flower stalks 7 to 9 feet tall on this variety. The rigid spikes are covered with waxy white cuplike flowers with golden anthers and remain in bloom four weeks or more. We have withheld Himalaicus from sale for several years because we wanted to sell this plant in quantity and at a popular price. With reasonable care they will flower for you for 10 years or more without the need of transplanting. We can now offer giant flowering roots at the ridiculously low price.

Him-Rob

Each 75c, Three \$2.15, Doz. \$7.50

This tremendous flower is the result of a cross between Himalaicus and Robustus. Its 7 to 9 foot flower spikes are studded with shiny cuplike flowers which vary from pale to deep pink, the flowers lasting four weeks and longer. As in the case of Himalaicus we did not offer this variety for sale until a large stock was first available. Here really is something outstanding for your garden at a price never before possible. With little care they will flower easily for 10 years or more. We offer giant-flowering roots.

A Planting of Eremurus Robustus—Himalaicus and Him-Rob

Guaranteed Superior Quality

Wayside Gardens

MENTOR, OHIO

The Beautiful Shelford Hybrid Eremurus

Hardy—easily grown—increasing in size and beauty from year to year. They are easily one of the finest plants for the garden and superb for bold bouquets.

Flowering Bulbs for

Brodiaea Ixioides Splendens

ALLIUM GIGANTEUM

Alliums are very attractive bulbous plants, producing erect bare stems with globular heads of flowers, resembling the Blue Lace Flower or Bunch Primrose. Perfectly hardy, easily grown, and well adapted to rock gardens. Thrive in almost any soil in sunny situations.

Atropurpureum *Three 70c, Doz. \$2.50, 100 \$17.00*
Is very similar to Albo-Pilosum, producing claret-red flowers, not quite as large as that variety. The stems are about 3½ feet tall. Excellent for cutting, very effective with other flowers. Just as hardy and permanent and an exceptionally fine bulb for planting between fall-flowering perennials.

Giganteum *Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00*
Early in April broad and curving blue-green leaves of artistic shape and form make an attractive display. These later are followed by rigid, thin and perfectly bare 3 to 5 foot high flower stalks topped by a round ball-shaped cluster of small starlike flowers, 5 inches in diameter. The color is a deep lavender-purple. The effect of the tall bare stem with a ball-like bloom poking high above surrounding flowers is quite unique and interesting. This is a very scarce as well as rare bulb.

Neapolitanum *Doz. \$1.10, 100 \$7.25*
Producing in May to June numerous heads of graceful white flowers, prized for cutting; it is also a charming plant to naturalize in shady woods, assorted with the blue Wood Scilla. Height 15 inches.

ANEMONE

These popular flowers of French origin are exceedingly brilliant when in flower and excellent for cutting. They like to be planted about 6 inches deep in a cool, moist but well-drained soil. Will establish without any trouble and remain for years. For northern states we advocate early spring planting, for the southern section of the country, fall planting is best. Cover in winter with strawy manure.

Blue Poppy *Six 75c, Doz. \$1.40, 100 \$9.00*
Large, single blue flowers on long stems, resembling a Blue Poppy.

De Caen *Six 60c, Doz. \$1.10, 100 \$7.25*
Taller in growth than the St. Brigid and more single. They contain many fine shades of blue, white and scarlet. (Color illustration, page 22.)

His Excellency *Six 75c, Doz. \$1.40, 100 \$9.00*
A grand variety bearing flowers measuring as much as 3 inches across, of the most vivid velvety vermilion, with glistening silvery white base and a handsome blue-black central boss. Height 1 foot.

St. Brigid *Six 75c, Doz. \$1.40, 100 \$9.00*
These are the popular Anemone so frequently seen in the florists' shops in the early spring. The flowers are unusually large, with a wide range of rich and brilliant colors.

White Poppy *Six 75c, Doz. \$1.40, 100 \$9.00*
Large, single white flowers on long stems, resembling a White Poppy.

BABIANA - Balloon Flower

Stricta, Mixed Shades *Six 45c, Doz. 85c, 100 \$5.25*
The colors vary from gentian-blue to wine-purple. They reach a height of about 8 to 10 inches. For northern climates they should be grown like the Freesia for conservatory decorations, but in mild climates they may be used in the rockery or border, where they make magnificent brilliant masses of color.

BLETILLA - Hardy Orchid

Terrestrial Orchid from China and Japan. Easily grown in ordinary garden soil with plenty of moisture. Prefers half shade. Blooms in spring. Hardy under all conditions.

Hyacinthina *Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00*
A beautiful small Orchid anyone can grow in the garden or in the house in a small pot filled with ordinary garden soil. Planted in November it will bloom for you early in March. The plant may be removed to the garden where it will grow freely or can be forced into bloom again the following winter. Six to eight dainty Cattleya-colored flowers grow on a stem about 12 to 15 inches tall. These last from 6 to 8 weeks. Grows as easily as Paper-White Narcissi and certainly more beautiful. (Color illustration, page 22.)

BRODIAEA

They are easily naturalized in almost any soil. Plant them about three inches deep and leave them alone. They are especially happy under deciduous trees, in the rock garden, or in rough, gritty soils.

Coccinea (Floral Firecracker) *Six 80c, Doz. \$1.45, 100 \$9.50*
Tall, slender stem capped with dazzling crimson flowers. Prefer a loose, gritty soil. Beautiful for the rockery. Height 1 to 2 feet.

Grandiflora *Six 55c, Doz. \$1.00, 100 \$6.75*
Its large, glossy purple flowers are very beautiful and have great lasting qualities. The bulbs can be naturalized in any clay soil, especially if moist.

Ixioides splendens *Six 70c, Doz. \$1.20, 100 \$8.00*
Called "Golden Star." Has an umbellate cluster with flowers of a fine golden yellow on stems 6 to 8 inches high.

Mixed *Six 55c, Doz. \$1.00, 100 \$6.75*
This mixture contains the following colors: blue, red, yellow, white, and is good for naturalizing. Bulbs self-sow and increase quite rapidly.

COLCHICUM - Meadow Saffron

(Giant Autumn-Flowering Crocus)

Colchicum are autumn-flowering bulbs with large Crocus-like blossoms which appear during the months of September and October, without foliage. The foliage, however, appears early in the spring about the same time the Tulips and Hyacinths are in bloom and disappears in June. They are especially recommended for planting between the taller growing rock plants such as Cerastium, Vinca, Pachysandra, and the various Sedums, where their bold, checkered Crocus-like blossoms are seen to the best advantage. Blooming in September and October when flowers in the rockery are scarce, they are especially valuable. They may also be planted in the open woods or in naturalistic plantings of any sort. The bulbs, if kept indoors, will bloom during September and October in the window without any earth or water and after blooming, the bulbs may be planted in early November outdoors, and will not suffer in the least.

Agrippinum (Parkinsoni) *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*
Checkered rosy purple.

Autumnale *Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00*
Commonly called the Autumn Crocus; very free-flowering; of easy culture.

Autumnale alba *Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00*
Pure white, increasing fast; free flowering.

Autumnale alba plena *Each \$1.30, Three \$3.80, Doz. \$13.00, 100 \$95.00*
Large, double white flowers.

Autumnale major *Each 45c, Three, \$1.25, Doz. \$4.50, 100 \$30.00*
A large variety with massive flowers of rosy purple.

Bornmuelleri *Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50*
Fine cup-shaped, long-tubed flowers of rosy lilac coloring; one of the finest species; early flowering.

Giganteum *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*
Large, soft violet, white center, late flowering.

Speciosum *Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00*
Deep rose-purple; very large, stout and fine.

Speciosum, Autumn Queen *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*
An outstanding large flowered hybrid, gives huge clusters of flowers of deepest rose-purple.

Speciosum, The Giant *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*
Truly a giant, makes a fine show growing in a ground cover such as Vinca. The immense flowers are pure lilac.

Gardens Everywhere

CROCUS VERNUS - Dutch Crocus

The finding of these Crocus in bloom is one of the genuine delights of life. Though we may eventually plant them by the thousands or may have been so long at gardening that little surprises us, yet that first Crocus is a great event.

Mixed Colors of Blue, Lavender, Purple, White, Golden, and Striped
Six 85c, Doz. \$1.50, 100 \$10.00

FREESIAS

Without doubt the most sweetly scented flower grown; a single bloom permeates the living-room with its delicate perfume. Although they are quite popular and very easily raised, we suggest the following treatment: Procure the bulbs as early as possible and plant them in August, 6 to 25 bulbs for a single pan. The soil should be a mixture of good loam. The bulbs planted early, say August and September, must be placed outdoors until cold weather sets in; must be regularly watered and kept growing all the time. In November, before frosts appear, the pots should be placed in the window of a cool room.

Elder's Giant White Six 85c, Doz. \$1.50, 100 \$10.00
The finest white variety, beautiful pure white flowers double the size of Purity.

Golden Daffodil Six 55c, Doz. 95c, 100 \$6.25
A yellow Freesia of unusually sturdy growth, tall straight stems. Flowers large and wide open. Great lasting qualities. Very prolific producer with several laterals.

Marie Louise Fischer Six 60c, Doz. \$1.10, 100 \$7.25
A very attractive lavender-blue. Large open flowers and good long stems. A strong grower with plenty of laterals. We believe the finest lavender to be put on the market.

Purity Superflora Six 55c, Doz. 95c, 100 \$6.25
A new Giant White, stems average 18 to 20 inches long. Single flowers 2½ inches long; early bloomer.

Mrs. Marc Peters Six 60c, Doz. \$1.10, 100 \$7.25
Very attractive deep rosy salmon, blotched orange with yellow.

Mixed Colors Six 55c, Doz. 95c, 100 \$6.25
A lovely mixture made up out of many varieties. All the shades of the rainbow.

FRITILLARIA - Mission Bells

The true Mission Bells do better in a clay soil in full sun. The woodland Fritillarias like woodland soils and conditions, and in cultivation some shade and a free soil. They are hardy as far north as Wisconsin.

Lanceolata Three 60c, Doz. \$2.00, 100 \$12.50
Grows from 1½ to 3 feet high. The flowers are green and brown mottled prettily, produced on top of the stem, a most attractive variety.

Recurva Three 55c, Doz. \$1.85, 100 \$12.00
Is as beautiful, and much resembles a Lily. In size and habit like Lanceolata with orange-scarlet flowers of a lovely clear brilliant coloring.

Pudica Three 65c, Doz. \$2.25, 100 \$14.00
Of still a different habit. A low plant about 6 inches high with a single clear bright yellow bell. Likes sandy or loose soils and a warm spot in the rockery where you will enjoy it immensely.

GALANTHUS - Snowdrops

Snowdrops belong to the most beloved early flowering spring bulbs. They require very little attention, and can remain undisturbed for years and years. They like rather moist and cool soil. To get a lovely effect they must be planted thickly, while they can be grown under trees and shrubs, in woodlands and in lawns. In the latter case, the lawn should not be mown before the leaves are withered, or next year's blooms may be spoiled.

Elwesi Six 85c, Doz. \$1.50, 100 \$10.00
This is the old-fashioned favorite. Its lovely white nodding blooms are out before the frost is out of the ground; one of the lovely bulbs that tell us spring is almost here. A group naturalized in the shade of shrubs or under trees is worth while. Once planted they remain for a lifetime.

GLADIOLUS NANUS - Early Flowering

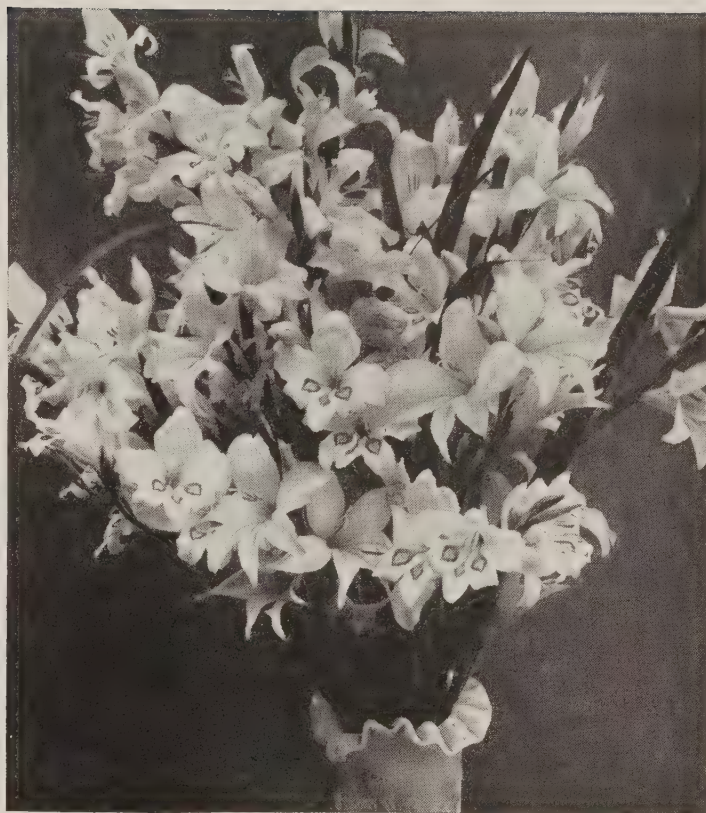

These Baby Gladiolus are extensively used for winter forcing, can be forced by the end of March, and come in very useful when most bulbs have gone. Noted for their lasting qualities, slender stems and dainty, orchid-like flowers.

Peach Blossom Six 85c, Doz. \$1.50, 100 \$10.00
Lovely soft pink flowers on dainty stems.

Spitfire Six 85c, Doz. \$1.50, 100 \$10.00
The finest of the Baby Gladiolus. Brilliant reddish salmon.

The Bride Six 85c, Doz. \$1.50, 100 \$10.00
Pure white blooms on gracefully arching stems.

Mixture of Gladiolus Nanus Six 85c, Doz. \$1.45, 100 \$9.50
Beautiful new strain, early flowering, with dainty flowers carrying the characteristic diamond-shaped markings on the lower petals. Long, strong stems. New pastel shades of lavender-blue, orchid, salmon, pink, rose, scarlet, orange, and many others.

Gladiolus, Tecolote Hybrids

Leucojum Gravetye (See page 24)

French Anemone, De Caen (See page 20)

CALOCHORTUS - Mariposa Tulips

Until one has seen a good collection of these plants, he has no idea how much Nature can do in the variation of one flower. One to many on a stem, wonderfully marked with eyes and dots, and pencilings in rich colors, are characteristics. "Mariposa" is simply the Spanish word for butterfly, and is applied to these Tulips because the eyes and markings are so like those on a butterfly's wings.

Clavatus

The largest flowered and the stoutest stemmed of all Mariposa Tulips. The blooms, which are shaped like a bowl, are often over 4 inches across, of a deep yellow, and the lower half covered by stiff yellow hairs.

Venustus oculatus

Wonderfully varied in whites and cream, more or less tinted purple, and with very rich eyes. We have had the flowers 4 inches across. The plant is a good grower, and the flowers are most satisfactory.

Six \$1.25, Doz. \$2.25, 100 \$14.00

Six 70c, Doz. \$1.20, 100 \$8.00

Mixed Colors and Varieties

They grow from 1 to 2 feet high and branch. The flowers are simply marvelous in their variety of colors and markings. Scarcely two are alike; in a mixed lot they may vary through white, lilac to purple, and again through shades of pink to claret-red. In any mixture whites, more or less eyed, predominate. There is no better investment for the flower lover than a quantity of these bulbs. They thrive best in a rather porous soil, either sandy or gritty, and grow either in sun or light shade. Flowers are 2 to 4 inches in diameter. Mixed colors. (Color illustration, page 23.)

Six 70c, Doz. \$1.20, 100 \$8.00

ERYTHRONIUM - Trout Lilies

These are charming woodland plants, producing in early April, small Lily-like flowers of which the colors run in delicate tints of white, pink, cream, bright yellow and rose. They thrive in wooded places under shrubs and in shaded corners or crevices of the rockery.

Their beauty is enhanced by their richly mottled leaves. All grow about 6 to 7 inches high.

Californicum

Six 70c, Doz. \$1.20, 100 \$8.00

Cream colored, often with 4 or 5 flowers on the stem. Leaves richly mottled. A large colony is a beautiful sight.

Californicum bicolor

Six 70c, Doz. \$1.20, 100 \$8.00

The flowers open upwards showing the inner half to be rich chrome-yellow, the outer half pure white, and are deliciously fragrant. It grows easily and flowers freely.

Grandiflorum robustum

Six 85c, Doz. \$1.50, 100 \$10.00

A most distinct species, usually found in the mountains of the West. The leaves are not mottled but a plain green. The flowers are of the brightest Buttercup-yellow.

Hendersoni

Six 70c, Doz. \$1.20, 100 \$8.00

Like Californicum but the flowers are a lovely light purple, with the centers a deep maroon, almost black.

Revolutum Johnsoni

Six \$1.10, Doz. \$1.85, 100 \$12.00

The most beautiful of all the Erythroniums. A stout plant producing exquisite rose-pink flowers.

Mixed

Doz. \$1.20, 100 \$8.00

This mixture is made up of the above named varieties and many others. Splendid for naturalizing and for rock garden in light shade. (Color illustration, page 23.)

Camassia Leichtlini, Blue

Bletilla Hyacinthina

Bletilla Hyacinthina

An easily grown Hardy Orchid. (See page 20.)

Calla Elliottiana

CALLA - Zantedeschia

Plant Callas indoors in the late fall of the year. In April or May dormant bulbs may be planted near the pool in a sunny spot where they will flower beautifully in August or September.

Elliottiana (Yellow Calla)

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

One that should be planted extensively. The deep golden yellow flowers are truly magnificent and produced in abundance. The green foliage is spotted white, which adds to its beauty; lovely house plant as well as garden subject. (Color illustration, page 22.)

Godfrey (White Calla)

Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00

Most ornamental foliage if grown near pool where it will get plenty of water; an excellent, easily grown house plant.

Melanoleuca

Each 85c, Three \$2.50, Doz. \$8.50, 100 \$60.00

Rare "Black throated" Calla. The flower spathe is large, yellow and widely flaring. Margin and tip recurve revealing a sharply contrasting purplish black throat blotch. The handsome yellow flowers are larger than those of the Calla Elliottiana. The plant is also taller and the spotted foliage even more decorative. Does particularly well outside, making a fine show in the garden.

Rehmanni

Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50

The pink or rose Calla. A rather uncommon species native of Natal. The flowers are small but pink and therefore most unusual. An uncommon plant for the greenhouse or indoor culture.

CAMASSIA (Hardy)

There are few bulbous plants that meet climatic or soil conditions better or give a more attractive bloom. They are hardy without protection, and thrive either under ordinary garden conditions or when naturalized in open, moist woods or in not too dense a grassy growth. The flower stems are 2 to 4 feet high with as many as a hundred star-shaped flowers measuring 1½ inches across and flowering in long succession.

Cusicki

Six \$2.20, Doz. \$4.00, 100 \$25.00

This is the giant of the race, about twice as tall and large as the popular Esculenta. Like the others it is excellent for cutting, woodland or garden planting, and survives and increases rapidly in the swamiest of places, as well as in the hardest, driest clay.

Esculenta

Six 70c, Doz. \$1.20, 100 \$8.00

Very showy in mass planting. Forms flower spikes 2 feet high, bearing a cluster of star-shaped flowers of a very fine, rich purple. Fine for wet and swampy places where other bulbs do not grow.

Leichtlini

Six 90c, Doz. \$1.60, 100 \$10.50

Same as preceding but stronger grower, flowers are larger and come in various hues of blue and creamy white. Again does well where other bulbs fail. (Color illustration, page 22.)

IXIOLIRION

Pallasi (Tataricum)

Six \$1.10, Doz. \$1.85,
100 \$12.00

A little known but choice hardy bulb which in early June produces several deep blue tubular flowers on slender stems. One of the last of the small "spring" bulbs to flower. Supply very limited. (See illustration.)

*Lycoris
Radiata*

LYCORIS RADIATA

Six \$1.10, Doz. \$1.85, 100 \$12.00

From 10 to 20 flowers are borne on slender scapes 1 to 1½ feet high in early autumn. They are bright crimson in color, about 1½ inches across; the sickle-shaped segments being scarcely crisped; filaments are bright red. The leaves appear after the flowers. They are easily grown indoors, in the North, but in the South may be grown outdoors in ordinary good garden soil.

P. S.—*Lycoris Radiata* is generally misnamed *Nerine Sarniensis*.

Erythronium—Trout Lilies

Ixiolirion Pallasi

Calochortus

Ranunculus, New Giant Claremont Hybrids

Lachenalia Pendula Superba

HAEMANTHUS

Coccineus

Each \$1.00, Doz. \$10.00

"Blood flower." One of a large group of tropical and sub-tropical bulbs of the Amaryllis family all of which are interesting and curious and some very showy. This variety has two bright green opposite leaves 3 to 5 inches wide and 1 to 2 feet long, lying flat on the ground, growing in the winter. The single bright red flower appears in the fall before the leaves. It is a large cluster or umbel 2 to 4 inches across composed of many small flowers closely placed. Stem 6 to 9 inches high, green heavily spotted with red. General appearance striking and curious.

HELLEBORUS (Christmas Rose). See page 68.

ROMAN HYACINTHS

The early Roman Hyacinth, with its graceful spike of fragrant bells, is one of the earliest of all winter-flowering bulbs.

Bulbs will be ready in September, when they may be planted in pots or pans. They may also be placed in the more artistic ornamental bowls, pebbles or fiber as a filler, which only needs to be kept continually moist. Bulbs planted in September bloom in December.

White

Three 65c, Doz. \$2.30, 100 \$15.00

Extra large bulbs.

IXIA - Corn Lilies

Bloem Erf

Six 70c, Doz. \$1.20, 100 \$8.00

Recently introduced hybrid from South Africa, quite different from other Ixias. Blooms in late spring. Wiry stems 4 to 5 feet tall with 20 to 40 open flowers in a raceme at the top with several smaller flowering branches below. Color varies from pure white through shades of pink overlaid with a bluish tinge. Excellent for cutting.

Mixed

Six 70c, Doz. \$1.20, 100 \$8.00

These beautiful bulbs from the Cape Colony (South Africa) are far too little known; they should be planted in late autumn and in cold districts they must be covered with a thick layer of straw or leaves. They are splendid for southern states. There are few bulbs so lovely and graceful and those fortunate enough to live where the climate is mild should plant them by the hundreds.

LACHENALIA

These bulbs are especially useful for forcing as they can be grown in flats or in pots. Do well out-of-doors in milder climates and are showy in beds, borders, and rock gardens. They have from one to two dozen generally pendulous, fire-cracker-like flowers, three-quarters to one inch in length on stems six to nine inches and bloom from late November to February, depending on the time of planting and the temperature in which they are grown.

Cultural directions: Same as Freesias. May be had in bloom at Christmas. Bulbs multiply freely and may be used from year to year.

Pendula superba

Six \$1.35, Doz. \$2.50, 100 \$17.00

Flowers brilliant coral-red tipped green and purple. Two or three Tulip-like green leaves. One of the best and earliest. Excellent for indoor growing. Easily in bloom by Christmas.

LEUCOCORYNE - Glory-of-the-Sun

Ixioides odorata

Six \$1.25, Doz. \$2.25, 100 \$14.00

Flowers exquisite light blue on tall, wiry stems and of very long-lasting quality, with faint heliotrope fragrance; for greenhouse culture or out-doors in warm states. March and April flowering. Unquestionably one of the loveliest new bulbs introduced. We predict it to be as much used as Freesias as soon as the price permits its free planting.

LEUCOJUM - Snowflake

Aestivum (Summer Snowflake)

Six 85c, Doz. \$1.50, 100 \$10.00

A very handsome, hardy, robust growing plant, producing spikes of elegant drooping white flowers in May. Greatly prized for cutting, on stems about 14 to 18 inches high. Same culture as for Narcissi.

Gravetye

Six \$1.00, Doz. \$1.85, 100 \$12.00

This large-flowered Snowflake produces in April and May gracefully drooping white bell-like flowers. Does best when growing in a shady situation and should be left alone as much as possible because the flowers become larger when the bulbs are not disturbed. Particularly fine for cutting.

Vernum (Spring Snowflake)

Six 70c, Doz. \$1.20, 100 \$8.00

This is one of the earliest and most attractive spring flowers. Growing from 6 to 8 inches high they bear dainty nodding flowers which are white, tipped with green. Plant in early fall in a good, light, well-drained soil 4 or 5 inches apart in masses or bold clumps, 2 inches deep. If left alone will bloom year after year.

MORAEA

An interesting group most of which are natives of South Africa, many being new to cultivation. Some are useful for cutting, others for the perennial garden and others still for pot culture and rock gardens. All listed below flower in spring. They show a wide range of colors and vary in height from 6 inches to 3 feet. On most of them the foliage is not important. Same culture as for Freesias.

Glaucois (Iris pavonia)

Six \$1.10, Doz. \$1.75, 100 \$11.25

Often called Peacock Iris. Flowers white or light blue with peacock eye at base of outer segments. Stems 10 to 15 inches high. Excellent for cutting, forcing, rock gardens and pots.

Polystachya

Six \$1.10, Doz. \$1.75, 100 \$11.25

Slender plant 18 to 24 inches high with many wiry branches. Well covered with flowers looking at a distance like a close group of butterflies. The outer segments of the flowers are light mauve, penciled with Parma violet, with a bright yellow spot at the base, inner segments light mauve with little pencillings. Starts flowering 6 weeks after planting and keeps on 3 to 4 months. Corms can be had in cold place at 40 degrees to make successive plantings over a long period.

MUSCARI - Grape Hyacinths

Muscari are charming spring-flowering subjects. They can grow under trees and shrubs and also do well in full sun in the border or at a sunny spot of the rockery, without any special attention. They are best planted immediately on receipt and can remain undisturbed for years. They are absolutely hardy and some varieties are delicately fragrant. Botryoides, Azureum and Armeniacum are beautiful when forced in the house, same culture as Freesias; while Plumosum is always a source of great interest. All are about five inches high. Owing to war, Botryoides and Azureum not available this year.

Armeniacum (Heavenly Blue)

Doz. \$1.20, 100 \$8.00, 1000 \$70.00

Deep cobalt-blue flowers, producing many spikes with large flowers. Wonderfully fragrant. While there are several kinds of Muscari, we consider this variety the best for mass planting. Their flowers open just about the time that the Crocuses are going. They do well in the wild garden and also in grass not too rank. They are nice under trees and along borders where they may be left undisturbed.

NERINES

For autumn flowering particularly in a cool greenhouse or living room window, few plants can compare with Nerines for their brilliant and attractive colors. The flowers are produced on umbels of 6 to 24 blooms on stiff stems about 1 foot high. They remain in bloom for many weeks and the bulbs may be used over and over again. In southern gardens they are easily grown outdoors with little or no protection or much care.

Bowdeni *Each 65c, Three \$1.89, Doz. \$5.50, 100 \$45.00*

Large umbels of pink flowers 3 to 4 inches across. This is one of the best and easiest to grow. Is quite hardy in the South and does well outside as well as making a fine flower indoors.

Note: Do not confuse the true Nerine Bowdeni with what are generally called Nerine (Sarniensis) in America. What is grown here mostly under the name Nerine Sarniensis is Lycoris Radiata.

ORNITHOGALUM

Arabicum (Star of Bethlehem) *Six 75c, Doz. \$1.47, 100 \$9.00*

Makes a large umbel of small white flowers with black bars, produced on a tall spike. Hardy and very prolific in the extreme South but must be protected or forced in the North.

Aureum *Six 90c, Doz. \$1.67, 100 \$10.50*

It is a splendid pot plant for growing indoors during the winter months, carrying its large cupped, brilliant gold flowers in clusters supported on stems 12 inches high. Requires a cool, well-lighted position and a pot or pan of it gives a magnificent long-lasting effect. Flowers last 3 to 4 weeks.

Thyrsoides flore pleno *Six 90c, Doz. \$1.50, 100 \$10.00*

The double form we now offer is much more desirable than the single-flowered variety. The fine double white flowers remind one of the Pearl Tuberose, lasting weeks on end. Fine cut flower, 24 to 36 inches.

OXALIS

Suitable for pots or hanging baskets for winter flowering. Very easily grown in the house. Their clover-shaped leaves are most attractive as well as the small cuplike blooms. They are excellent inexpensive small plants for decorating the home and growing on window sills.

Adenophylla *Six \$1.35, Doz. \$2.50, 100 \$17.00*

A lovely hardy species from China, forming small, compact rosettes of foliage and dainty small, lilac-pink flowers opening in the sun. Height 3 inches. Plant in the rock garden or grow in pots in the house from end of August to November. A rare hardy variety, easily grown.

Bermuda Buttercup. Yellow *Doz. 75c, 100 \$4.75*

Grand Duchess. Lavender. *Doz. 75c, 100 \$4.75*

Hirta. Lovely pink variety. *Doz. 75c, 100 \$4.75*

RANUNCULUS

Their brilliant lovely globular-shaped flowers are splendid cut flowers and lovely at all times. May be left undisturbed for many years. In the north, bulbs may be planted in April and May outdoors and will bloom in July and should be taken up for winter and stored dry until the following season.

New Giant Claremont Hybrids *Six 70c, Doz. \$1.20, 100 \$8.00*

This new giant Ranunculus is far ahead of the common types. The perfectly double flowers are produced on tall, stout stems and appear in every conceivable shade of color. The blooms are many times larger. The color range is exquisite and the long stems make them superb for cutting.

SPARAXIS

Finest Mixed *Doz. 95c, 100 \$6.25*

Delightful spring-blooming Cape bulbs of the Ixia group, their beautiful flowers being borne on graceful spikes about 6 to 8 inches high and the colors of the brightest and all shades. They are tigered, blotched, spotted, streaked and flushed, a complete riot of color. They are also excellent for conservatory and indoor treatment. For the southern rock garden they are indispensable. Protect in cold climates.

TRITELEIA - Milla

Uniflora violacea *Doz. 95c, 100 \$6.25*

A rootlike bulb which produces in early spring a pale violet-blue flower with white center. Somewhat resembles the Chionodoxa, is delightfully fragrant. They spread and multiply with amazing rapidity and are excellent in the rockery or under shrubs or trees where nothing else will grow. They are hardy, but like a little protection. About 3 inches high.

TRITONIA

Crocata *Doz. 95c, 100 \$6.25*

This interesting bulbous plant is commonly known as the Orange Ixia, which it resembles. It is very floriferous; forces easily and produces lovely orange flowers. Give it the same treatment as Freesias and you will enjoy it very much. Height about 10 inches. Lovely in the rockery in southern gardens.

VELTHEIMIA

Viridifolia *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$49.00*

Handsome Cape bulb. Forty to sixty reddish, tubular flowers 1½ inches long, hanging closely from the tip of a stem 15 to 18 inches tall, rising from the center of a rosette of showy bright green, shiny leaves 9 to 12 inches long with wavy edges. Its bold habit and beautiful foliage make it especially useful as a pot plant. Excellent in garden in mild climates and easy to grow under glass. Blooms in midwinter.

ZEPHYRANTHES

Robusta *Six 90c, Doz. \$1.65, 100 \$10.75*

Large, bright pink flowers appearing in late summer on 6- to 8-inch stems. Foliage during winter and spring. The flowers are large enough and stems long enough to be very useful for cutting. Its adaptability to culture in pots, rock gardens and borders makes it a very useful member of a well known group.

[25]

Veltheimia Viridifolia

Fritillaria Pudica (See page 21)

Triteleia Uniflora Violacea

Scilla Hispanica (Campanulata)

Hardy Oxalis Adenophylla (See page 25)

Mertensia Virginica

(*Virginia Blue Bells*)

This is indispensable in the garden for color effect; flowers are porcelain-blue; buds pink at opening. The plant grows from 1 to 2 feet high, bearing a panicle of flowers about 1 inch long in short pendent clusters. It is splendid for the open border or for naturalizing along the woodland path. We know of no other spring flower which does so well in deepest shade. It flowers from the time Daffodils are in bloom, continuing while the May-flowering Tulips are at their best. Use this delightful plant in quantities, as it is permanent and so helpful to create beautiful pictures, especially in shady places.

Choice Selected Roots

Three \$1.15, Doz. \$3.75, 100 \$18.00, 1000 \$150.00

Scilla Hispanica (Campanulata)

(*Wood Hyacinths*)

English Blue Bells are very effective in flower and shrubbery borders, and most valuable for wild gardens and woodlands, where they should be largely naturalized. Wood Hyacinths may be planted in bare shady places and odd corners which often have a desert-like appearance and can thus be rendered bright and cheerful. They will also thrive under Fir and Pine trees, where few other plants will grow.

Hispanica alba

Large white flowers.

Six 85c, Doz. \$1.50, 100 \$10.00

Hispanica coerulea

Large bells, deep blue, very fine, tall and large spikes.

Six 85c, Doz. \$1.50, 100 \$10.00

Hispanica rosea

Deep pink, beautiful large spikes.

Six 85c, Doz. \$1.50, 100 \$10.00

Mixed Varieties and Shades

Six 75c, Doz. \$1.40, 100 \$9.00

This mixture is made from a dozen of the best named varieties. It is blended so that the various blue shades predominate. Pink and white has been added in just the right proportion to provide a pleasant contrast. You will like this mixture for planting in woods, under shrubs, or other shady places where it is difficult to grow flowers. These Scillas are also very nice for cutting, lasting well in water.

Sternbergia Lutea Major

Sternbergia

Lutea major

Three 65c, Doz. \$2.30, 100 \$15.00

A very effective autumn-flowering bulbous plant producing Crocus-like flowers of a rich golden yellow. The bulbs make a charming decoration if planted in bowls or pots and flower a few weeks after planting. Out-of-doors the Sternbergia likes a warm, well-drained situation on banks or borders, where it should be left undisturbed. The bulbs should be planted 9 inches deep, and in cold districts a covering of dry litter should be given in winter. Fine for the rock garden.

*Virginia Bluebells,
Mertensia Virginica*

Amaryllis, Mammoth Royal Dutch Hybrids

Amaryllis Hippeastrum Hybrids

There is nothing that will give the amateur greater pleasure for growing in the house as well as in the garden. These giant-flowering Amaryllis produce a magnificent blossom with the least possible care and trouble. Planted in a pot in the fall they will bloom about six or eight weeks after planting. Bulbs may be kept dormant and planted a week or ten days apart so that you will have succession of bloom throughout the entire winter. In the garden they may be planted during March, April and May, depending upon locality, and they will bloom during June and July as easily as Gladioli. The bulbs throw a vigorous stem with four to six gigantic blooms, ranging in color from pure white grounds with varied markings of rose, red and crimson to the richest self colors as scarlet, crimson and bright red. From November until April we can supply bulbs guaranteed to bloom.

ROYAL DUTCH HYBRIDS

This is the finest strain available. The flowers are superbly shaped and of mammoth size. Only a very limited number of this genuine type is available and we believe we are the only source where they can be obtained.

Royal Dark Red Shades	Each \$2.00
Royal Orange-Red Shades	Each \$1.25
Royal Salmon Shades	Each \$1.25
Royal Scarlet Shades	Each \$1.25
Royal Striped and Variegated	Each \$2.00
Royal Pure White	Each \$5.00
Mixed Mammoth Royal Dutch Hybrids	Each \$1.00, Doz. \$10.00

CALIFORNIA HYBRIDS

This is a fine strain of large flowered California grown Amaryllis Hybrids. The bulbs when potted from January to May will flower freely indoors. They may also be grown in the garden where they do beautifully. Bulbs should be taken up like Gladioli and stored during the winter to be planted the following spring. They last indefinitely.

California Dark Red Shades	Each 75c, Doz. \$7.50
California Orange-Red Shades	Each 75c, Doz. \$7.50
California Rose-Red Shades	Each 75c, Doz. \$7.50
California Variegated and Striped	Each 75c, Doz. \$7.50
California Mixed Hybrids	Each 60c, Doz. \$6.00

Hardy Amaryllis

*Halli (Lycoris squamigera)

Each \$1.25, Doz. \$12.50

Produces in early spring attractive green foliage which grows until July when it ripens and disappears. About a month later, as if by magic, the flower stalks spring from the ground to a height of 2 to 3 feet, developing an umbel of large, lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy. Cover crown about 4 inches.

Regina Hybrid Amaryllis

Amaryllis, Regina Hybrids

Each 60c, Doz. \$6.00

A cross between Amaryllis Equestris and Amaryllis Regina, and one of the easiest bulbs to grow and flower in the house. Produces an 18-inch stem with from 3 to 5 Amaryllis-like blooms of pleasing shade of coral-pink. Plant in a 5-inch pot and place in sunny window where it will thrive. May also be grown outdoors. It multiplies quite readily even under unfavorable conditions. Easily grown in the garden.

FOR
Exciting New Beauty
IN YOUR GARDEN
NEXT SPRING . . .

Don't Miss the All-Summer Glory of Lilies

Few flowers bring your garden the unusual and exotic beauty of Lilies, the romance of the far corners of the earth in which many of them were discovered. They have come from Europe, Asia, Africa and the wild crannies of America to delight you with their **different** grace and loveliness, their uncommon charm and colors that offer you the pleasure of "pointing with pride." Growing some of the stranger varieties gives you enjoyment and satisfaction like that of collecting rare jades and porcelains.

Lilies are beginning to take their rightful place in American gardens, large and small, not only for their beauty but because of their challenge to the gardener's originality and skill. As a group they are not the easiest flowers to grow; but in the past twenty years or so it has been demonstrated that they are not particularly difficult either—just enough so to stimulate gardening interest. And they pay you well in distinctive results, a steady parade of changing bloom from early June to late September.

Lovely Lilies Easily Grown

Among those easily cultivated, certainly you want the fragrant whiteness of Madonna Lilies (*Lilium Candidum*). We grow them from Northern France now on our farm on the Pacific Coast in large quantities. In combination with blue Delphinium they make a gorgeous late spring showing. The Nankeen Lily (*Lilium Testaceum*) gives you the brilliance of warm apricot petals against bright orange anthers, a perfect companion for light-toned Delphiniums or snowy Madonnas. Or there's the Sunset Lily that soars as high as your head and bursts in a dozen or more flowers of a radiant sunset-red that pales to yellow sprinkled with brown dots at the base. Or the magnificent Regal Lily, gold-throated, with white translucent petals that are brown streaked on the outside; the new Shuksan Hybrid Lily, head high with twenty or more gorgeous buff-yellow blooms spotted brown which last ten days or more when cut. Don't miss the enjoyment and adventure of them and many others.

Planting times of Lilies differ so we ship your bulbs to reach you at the right moment for immediate planting. Like all Wayside Gardens bulbs, those we buy come only from preferred growers—and are the professional choice of their stocks, at that. This fact, plus the careful instructions with each shipment, assures you of success with them.

But while we guarantee arrival of your bulbs in good condition and will replace damaged bulbs if notified promptly, we do not guarantee they'll bloom because results do depend on so many conditions over which we have no control.

Popular Hardy Lilies

Amabile *Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50*
An attractive species from Korea which has proved to be easy of cultivation in this country. It bears as many as six vivid red Turk's Cap flowers spotted with black. Height 3 to 4 feet. June flowering. Stem-rooting. Plant 6 inches deep in well-drained, gritty soil with leaf mold. Enjoys partial shade.

Canadense *Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00*
Broad, funnel-shaped, drooping flowers, varying from yellow to orange; spotted inside; graceful and pretty. Fine among Azaleas, in damo peat beds, or leaf mold. Excellent for naturalizing. June-July flowering.

Canadense flavum *Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00*
Broad, funnel-shaped, drooping flowers on longish stalks about 3 feet high. Almost bell-shaped with ends of the petals only very slightly turned back. Golden yellow, handsomely spotted inside. June-July flowering.

Concolor *Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00*
One of the best dwarf Lilies with erect, star-shaped flowers of deep scarlet with a few dark spots towards base of petals; will frequently produce three or more stems from one bulb. Suitable for rock gardens. July. 18 inches.

Crow's Hybrids *Each 95c, Three \$2.75, Doz. \$9.50, 100 \$70.00*
We offer selected seedlings of this magnificent strain of trumpet Lilies, hybrids of *Lilium Sulphurgale* x *Lilium Princeps*. These plants bloom some two weeks later than *Lilium Regale* and, while some variance will be noted in their coloring, all are exceptionally vigorous and beautiful. The flowers generally are white with greenish golden throats and orange to dark brown anthers. The exterior of the petals is shaded brown, purple or green. Well established plants will carry up to 30 flowers. Plant in sun or partial shade 6 inches deep. Height 4 to 6 feet. Selected flowering bulbs, October-December delivery.

Davidi *Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50*
A fine Lily from Western China, very graceful, with a tall, slender stem, strong and erect, and bearing up to twenty or more bright cinnabar-red tiger-like flowers, copiously spotted with glossy black. It combines a very refined and elegant appearance with a splendid constitution and is one of the best summer-flowering Lilies we have. Height 5 to 7 feet. Plant in either a sunny or partially shaded position.

Davuricum (See *Umbellatum*.)

Elegans, Mixed Colors *Each 50c, Three \$1.35, Doz. \$5.00*
The number of forms and varieties is legion, varying in color from pale lemon-yellow to rich orange-brown, various tints of orange to almost red and from soft apricot to nearly crimson; varying also in flowering season. A planting through *Funkia* or *Heuchera* is most effective. June-July flowering.

Elegans, Alice Wilson *Each 60c, Three \$1.60, Doz. \$5.75*
A very rare and beautiful Lily with clear lemon-colored flowers. Height 2 feet.

Elegans atropurpureum *Each 60c, Three \$1.60, Doz. \$5.75*
Flowers of a rich dark coppery crimson with purple-black spots at base of petals. Attractive. 1 foot.

Elegans aureum *Each 60c, Three \$1.60, Doz. \$5.75*
Very handsome, producing in July, large orange-colored flowers with small, black spots; a strong, robust grower; very decorative in pots or borders. Height 15 to 18 inches.

Henryi *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*
A splendid garden plant, vigorous in its growth, failing very seldom. One of the best border Lilies, reaching over 8 feet and more in height when established, and bearing more than 20 flowers of a rich, deep orange-yellow. Fine foliage. Does well in both light and heavy loam. August-September flowering.

Humboldt magnificum *Each \$1.10, Three \$3.20, Doz. \$11.00*
Erect stem, with whorls of leaves. Numerous drooping flowers borne in loose, triangular clusters of brilliant golden yellow, spotted with purple on the reflexed petals. It produces a splendid flowering plant; 5 feet high.

Kelloggii *Each \$1.20, Three \$3.50, Doz. \$12.00, 100 \$85.00*
A rare and beautiful Lily, growing 2 to 3 feet high, bearing closely recurved "pink" flowers like those of the "Turk's Cap" Lily. Very graceful and fragrant. It succeeds best where the roots are shaded.

Maxwell (Hybrid) *Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00*
A new hybrid, being a cross between *Lilium Leichtlini* var. *Maximowiczii* x *Lilium Willmottiae*. In its general habit and pyramidal inflorescence this hybrid is similar to *Lilium Willmottiae*, but the blooms are lighter in color, the stamens are longer and the anthers are orange-red. The spike is tall and very strong, but gracefully slender, bearing as many as 30 or more large recurving flowers. Height 6 to 7 feet. Comes into flower in late July. A splendid Lily acclaimed by Lily specialists the world over. Free flowering and remarkably free from the ordinary Lily diseases. Of easy culture.

Philadelphicum *Each 35c, Three 95c, Doz. \$3.50, 100 \$24.00*
A handsome native Lily with yellow, cup-shaped flowers, spotted maroon and shaded orange at ends of petals. Good for naturalizing. July. Height 3 feet.

Philippinense *Each 35c, Three 95c, Doz. \$3.50, 100 \$24.00*
The substantial blooms are trumpet-like, in fact, they are long lovely white flowers with a beautiful pale emerald-green throat which gives the flower a distinct and delicate appearance. They commence blooming in early August, and flower until stopped by frost. Bulbs when established will produce 3 to 4 spikes each with 4 or 5 blooms. It is a most liberal flowering Lily, to all of which may be added that they are among the easiest grown. Height 4 to 6 feet.

Regale (The Regal or Royal Lily)
(See page 32.)

Shelburne Hybrid *Each 60c, Three \$1.70, Doz. \$6.00, 100 \$42.50*
Regale Lilies are past; *Princeps* is fading; and *Shelburne Hybrid* is in its glory. That expresses the major difference of this sort, with the others. However, some bulbs bloomed with *Regale*, and some are not yet open, and there is much more variation in the size and form of the bloom. In the coloring, too, is much variation, ranging from nearly clear white to heavily blushed sorts. If you can afford but one sort of Lily, buy this one.

Superbum *Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00*
The color in this desirable Lily varies from pale yellow to deep crimson, more or less spotted on the inner surface of the petals. Valuable as a late-flowering Lily. Fine established specimens often reach a height of 10 feet and more, bearing from 20 to 30 elegantly reflexed flowers, arranged in large, conelike clusters. Does well in ordinary garden soil. July-flowering.

Lilium Maxwellii

Lilium Theodore Havemeyer

Lilium Theodore A. Havemeyer

A magnificent new Lily which resulted from a cross between *Lilium Sulphureum* and *Lilium Henryi*. The plant resembles *Lilium Henryi* in growth and vigor as well as freedom from disease. It has received highest honors wherever exhibited. The Royal Horticultural Society of England gave it the coveted "Award of Merit." A special gold medal was awarded to a display of this variety in the Gardens on Parade at the New York World's Fair. The flowers are a tender shade of buff or creamy old ivory with three or four buff longitudinal lines, and marked with rosy amber on the basal half of the segments. This lovely shading is enhanced by attractive brown anthers. The plant resembles the vigorous growing *Lilium Henryi* in habit as well as ease of culture. The flowers are Auratum shaped, of fine size, broad and spreading. Begins to bloom the end of July, and blooms over a very long period.

Only a limited number of bulbs are available yet! We offer strong flowering bulbs at

Each \$2.50, Three \$7.00, Doz. \$25.00

Lilium Havemeyer Hybrids

These beautiful Hybrids are raised from seed taken from *Lilium Theodore Havemeyer*. They closely resemble the parent variety but vary slightly in color and form, and cannot be sold as the true Havemeyer Lily. We, therefore, offer them as Havemeyer Hybrids. A group of six or more of them in the border will provide many lovely flowers in delicate tints of ivory, pale yellow, and light buff. They grow freely and can be easily increased by seeding. This is the first time these magnificent Lilies are offered, and we predict they will be as important as the Regal Lilies in the very near future. We offer for this spring a limited number of flowering bulbs about 5 inches in circumference at

Each 75c, Three \$2.15, Doz. \$7.50

Healthy American Grown *Auratum Lilies*

(Gold-Banded Lily)

We take pleasure in offering a fine healthy lot of American-grown bulbs from seed. The bulbs we offer have bloomed in the nursery and are definitely superior to the imported stock. While the bulbs are not as large, they produce an unusual amount of giant flowers and the plants are healthy and vigorous. We supply them with their roots intact. They continue making roots immediately after planting. The bulbs are sent to you in late September until the end of November, but cannot be furnished at any other time.

Auratum (Gold-Banded Lily)

Undoubtedly one of the finest. Its large, graceful, fragrant flowers are composed of 6 petals of a delicate ivory-white color, thickly studded with chocolate-crimson spots and striped through the center a golden yellow. 3 to 5 feet. July to September.

Clean bulbs, 5 to 6 inches

Each 65c, Doz. \$6.50

Clean bulbs, 6 to 7 inches

Each 90c, Doz. \$9.00

Lilium Shuksan

A new Hybrid Lily with a great future. Also a fine bill of health. Through careful cultivation a very high state of health has been maintained and we have never seen any bulbs infected with mosaic; that fatal disease some Lilies are subject to. Shuksan is a very vigorous grower, 5 to 6 feet tall and produces its flowers in open heads, 15 to 25 flowers on one plant is not unusual. The color is a soft buff-yellow broken by large quite widely spaced soft brown spots. At opening, the flowers are starlike. The petals reflex and roll back when in full bloom. Flowers last a week when cut.

Each 80c, Three \$2.25, Doz. \$8.00, 100 \$57.50

Havemeyer Hybrid Lilies

Lilium Centifolium *Wayside Hybrids*

These magnificent hybrids are the result of crossing *Lilium Leucanthum* variety *Chloraster* with *Lilium Sargentae* and again with *Lilium Regale*. The flowers are immense white trumpets borne on stems rising 6 to 8 feet in height, resembling greatly enlarged and improved *Regale Lilies*. Delightfully fragrant and superbly showy. While all are white inside the external coloring varies from emerald green through tints of pink to brownish purple, each and every one worth growing and adding interest. The name (*Centi-folium*, hundred-leaved) is suggestive of its abundant foliage. We are very pleased to be finally able to offer these gorgeous hybrid Lilies and believe them to be an exceptional addition to any Lily collection. Fortunately, they are hardy and of simplest culture, growing even more luxuriantly than the *Regale Lily*. Plant in light shade 5 inches deep in soil perfectly drained. Give slight protection in coldest part of the country. They flower in July and August after the *Regales* have passed. Delivery in October.

No. 1 strong flowering bulbs, 5 to 6 inch circum.
Each 60c, Three \$1.60, Doz. \$5.75

Top size strong flowering bulbs, 6 to 7 inch circum.
Each 75c, Three \$2.15, Doz. \$7.50

Mammoth size strong flowering bulbs, 7 to 8 inch circum.
Each 95c, Three \$2.75, Doz. \$9.50

Order promptly. Supply decidedly limited.

Popular Hardy Lilies CONTINUED

Tenuifolium Three 70c, Doz. \$2.50, 100 \$16.00
A charming little early flowering Lily with strongly recurved petals of waxy texture; deep scarlet. A gem in the rock garden as in the border. Likes a cool, damp, loamy soil and partial shade, but does well anywhere in well drained soil.

Tenuifolium, Golden Gleam Three \$1.25, Doz. \$4.50, 100 \$30.00
A beautiful, robust, and floriferous hybrid of this type, bearing numerous flowers of a pure apricot-yellow. June flowering.

Tigrinum splendens Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00
The finest form of Tiger Lily with the richest color. The large, shapely flowers are of a rich dark salmon-orange spotted with glossy black. This Lily is very robust in habit and of easy culture. August-September flowering.

Tigrinum flore-pleno Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00
The double form. The best example of a double Lily we have.

Umbellatum grandiflorum Each 50c, Three \$1.35, Doz. \$5.00
A very free-flowering Lily of easy culture. Carries large umbellate heads of light orange-red flowers.

Umbellatum, Chief Chinook Each 60c, Three \$1.60, Doz. \$5.75
The deepest in color yet raised. Comparatively small in stature with heads of fine broad petaled flowers, deep glowing crimson-like, deepening to a rich mahogany-crimson as the flowers pass.

Washingtonianum Each 80c, Three \$2.25, Doz. \$8.00, 100 \$57.50
A beautiful Lily with fragrant drooping white flowers on a stem 4 to 5 feet high. The reverse of the flowers has a tinge ranging from light pink to a deep wine color. This Lily requires a thoroughly drained situation. June-July flowering.

Willmottiae Each 60c, Three \$1.70, Doz. \$6.00, 100 \$42.50
A tall, graceful Lily with slender foliage. Produces 15 to 20 flowers of a vivid orange-red, with recurved petals and numerous small brown spots. A very lovely variety, adapted for the garden but will need staking. July and August. 4 to 5 feet. Largest bulbs.

Lilies for the Greenhouse

These are usually grown for specimens in pots for exhibition and decoration.

The short time required to bring these peerless Lilies into flower renders them invaluable. The flowers are delightfully fragrant, pure waxy white, and if cut when partially open can be kept for two weeks, if desired. A succession of bloom can be kept throughout the winter by bringing a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents. Bulbs ready for shipment—August to December.

Longiflorum Florabelle (Florida-Grown Easter Lily)
This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting.

No. 1 bulbs, 6 to 7 inch circum.
Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Mammoth bulbs, 8 to 9 inch circum.
Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00

Longiflorum Harrisii (Bermuda Easter Lily)
This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers.

Extra bulbs, 7 to 9 inch circum.
Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00

Mammoth bulbs, 8 to 10 inch circum.
Each \$1.10, Three \$3.20, Doz. \$11.00, 100 \$75.00

Other Lilies which respond readily to greenhouse forcing are the following: *Lilium Havemeyer Hybrids*, *Lilium Tenuifolium*, *Lilium Umbellatum*, and all the *Lilium Elegans* varieties.

*Lilium
Regale*

Lilium Testaceum

Also known as "Excelsum" and as the "Nankeen Lily." One of the choicest garden Lilies. The warm apricot tone, almost a cafe au lait, set off by brilliant orange anthers, puts it in a color class by itself; in fact, many people consider it the most graceful and lovely of all Lilies. It is beautiful for every kind of garden use but because of its tender coloring, must be planted in a mixed border with brighter flowers. In combination with light shaded Delphiniums or with the Madonna Lily, which it resembles, it is most effective. It has the texture of *Lilium Candidum*, with reflexed petals, and does well under the same conditions as *Candidum*. Four to five feet high, June-July flowering.

Top size bulbs	Each \$2.25, Doz. \$22.50
Fine first size bulbs	Each \$1.90, Doz. \$19.00

Lilium Regale

(The Regal Lily)

One of the most beautiful and one of the hardiest Lilies in cultivation—"Lilium Regale" is truly a Royal Lily; worthy of a place in every garden; it is a lover of loam and sunshine. A vigorous grower with sturdy stems, 4 to 6 feet high, densely covered with fine foliage. Center of flower flushed with yellow shading to white at outer edges; externally the flowers are streaked with brown on the "ribs," shaded through the almost translucent petals with a delightful pearly tint; the contrast between the color of the reverse of the petals and the gold shading of the throat is extraordinarily beautiful. The Regal Lily is very floriferous and when thoroughly established, bears as high as 18 to 20 flowers.

Flowering bulbs, 6-7 inches
Flowering bulbs, 7-8 inches
Flowering bulbs, 8-9 inches
Giant bulbs, 9-11 inches

Each 35c, Doz. \$3.25, 100 \$22.00
Each 40c, Doz. \$4.00, 100 \$25.00
Each 45c, Doz. \$4.50, 100 \$30.00
Each 60c, Doz. \$5.75, 100 \$40.00

Lilium Auratum (See page 30)

Lilium Testaceum

Lilium Candidum

The Madonna Lily is one of the loveliest of white Lilies, popular throughout the world, loved and admired by all. Its delightful fragrance and lovely white flowers have made it a universal symbol of purity. Plant it in groups of three or more bulbs, close to the pale blue Delphinium Belladonna. It will be the loveliest spot in your garden during late June and early July. Madonna Lilies are simple to grow if you will plant in full sun and perfectly drained soil.

Many of the Mammoth bulbs are double nosed, giving two or more flower spikes.

Madonna Lilies will be very scarce because importation from France is impossible. Therefore, order your supply **at once** and mix through the planting of Madonna Lilies a few of the magnificent Centifolium Lily, offered on page 31.

First size bulbs	Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50
Large size bulbs	Each 60c, Three \$1.70, Doz. \$6.00, 100 \$42.50
Mammoth size bulbs	Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00

Lilium Philippinense, Giant St. Louis Strain

Lilium Philippinense

Giant St. Louis Strain

A few years ago in St. Louis, Mo., a very good friend and customer of Wayside called our attention to his giant strain of Philippinense Lilies. He showed us magnificent, healthy, 8-foot giants with ten or more huge trumpet-like flowers. This strain was the result of years of careful breeding and selecting. He gladly assisted us to propagating stock which now enables us to offer these giants. They bloom about 2 weeks later than our regular strain and grow, when established, from 7 to 8 feet high.

Top size, 6-7 inches	Each 60c, Three \$1.70, Doz. \$6.00, 100 \$42.50
No. 1 size, 5-6 inches	Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50

Lilium Candidum

The "Western Sunset" Lily

This brilliant Lily is of easiest culture, in fact, it's "fool-proof." It is vigorous, dependable, very hardy, and multiplies rapidly. It does equally well in full sun or shade. They reach a height of five to six feet. Stems are stout and require no staking. A clump of six or a dozen when in bloom makes a brilliant picture in any garden. Each stem is topped with a dozen or more beautiful flowers in July. The petals are somewhat recurving and a brilliant sunset-red, while the base of the bloom is yellow, beautifully marked with amber-brown dots.

Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00

"Western Sunset" Lily

The Pick of the World's Roses for Your Garden

Why not plant a prize-winning, world-famous Rose in that little space by your door? No other flower fits just such a space so effectively. The Rose is universally loved. It is known to more people of all ages and nations than any other flower.

Roses have probably caused more men to become interested in gardens than have all other flowers combined. Try it on the men-folk of your household. He may have no particular interest in gardens but will frequently develop a deep enthusiasm for planting and cultivating Roses. It creates a new interest in his home and pays bountiful dividends in added domestic bliss.

Prize-Winning Wayside Gardens Roses

To make it easy for you to get the most from your Rose budget, the Wayside list is made up of but 200 of the finest types and varieties, the most popular older Roses along with the most exciting of the new ones—all of them selected for hardiness, abundant bloom and easy growing.

Among Tea and Hybrid Tea Roses, for instance, you have a remarkably wide selection from prize-winning new strains of Europe and America. There are many new Setigera Hybrids and other varieties originated by Mr. M. H. Horvath, which are internationally famous, and distributed exclusively by us. The Climbing Horvaths are today the largest-flowered in existence; and all are remarkably free from conventional Rose ailments. In the list also are the best varieties of Hybrid Perpetuals and Polyanthas, besides Hugonis, Rugosa, Floribunda, Miniature Roses and other Wayside special items which now grace thousands of the finest gardens in America.

Create Lovely New Garden Effects With Roses

Polyantha or Baby Rose varieties planted in solid beds give you a magnificent display all summer long. People in Europe have long known this for they've jeweled the continent with millions of them. You get lovely effects with Bedding and Cluster Roses by planting them in small groups in front of shrubbery in combination with perennials and annuals. Tree Roses add a striking third dimension in your Rose beds and take up practically no ground space. No dooryard or garden is complete without Climbing or Rambler Roses on a sunny wall, fence or arbor.

There are few lovelier sights than the "Golden Rose of China" (Rosa Hugonis) blooming with a clump of lavender or purple Tulips in front of it. Pink Rose "Sterling" which won the Hubbard Gold Medal as the finest Rose of the past five years should have a place in every Rose garden. And for your rock garden, don't miss the miniature beauty of the Rosa Rouletti.

Wayside Roses Are Guaranteed Strong Rooted 2-Year Field-Grown Plants, Selected Northern Ohio Grown Stock

If you've had costly and disappointing experiences with "bargain" Roses such as you can always buy at cut-price stores and from other sources of no horticultural standing, you understand readily why so many thousands of gardeners save money by purchasing most of their Roses and other hardy plants from Wayside Gardens.

For every plant is pedigreed, grown directly only from pure strain parent plants especially selected for their hardiness and their proved abundant flowering quality. They're fully acclimatized and supplied with strong, vigorous roots that assure you not only fine bloom the first year but many seasons of enjoyment.

All Rose plants will be sent to you cut back to about 6 inches, depending on variety, ready for planting. In other words, we will prune them correctly, removing all unnecessary wood, unless we are instructed to the contrary.

Advance Offering of Our

Rose Collection of 1944

*Yellow
Perraud*

This assortment of Everblooming Roses consists of strong growing, free flowering kinds. They represent the newest and best among the introductions of recent years. If you are starting a Rose garden, we urge that this collection be given first consideration. (We send only two-year, No. 1 select grade plants.)

Douglas MacArthur

"The Commander's Rose"

A grand new Rose has come into being—a very vigorous, hardy, free blooming Rose. The name was not chosen at random. The new variety "Douglas MacArthur" was chosen among many new Roses as an outstanding leader. Henceforth, this fine new variety shall be known as the "Douglas MacArthur Rose," in honor of our leading American soldier.

This vigorous American Rose requires no coddling, asks no favors. It has grown well and proven its value and worth in all sections of our country.

The strong bushes send up numerous shoots clothed with dark green, healthy foliage. As a flag unfurls, the long, graceful, tulip-shaped buds open slowly into glorious flowers of fine proportion.

To specify the color of this Rose in definite terms taken from color charts is impossible. Rose, gold and salmon are all exquisitely blended into a flower of regal beauty.

When you pass in review of the Douglas MacArthur Roses in bloom in your garden and catch the beauty of their unfurling buds, you will surely snap to attention and give Douglas MacArthur a most merited salute.

Extra Fine Plants, Each \$1.50, Doz. \$15.00

Will Rogers

Fourteen Superb Roses of

ANZAC—"The Soldier's Rose"

Has all the qualifications of a winner: vigor, ruggedness and dependability. When the season for action arrives, Anzac will go over the top, and wherever established, will hold its ground with the best of Roses in your garden. Anzac, like the Douglas MacArthur, needs no coddling. Give Anzac the ordinary requisites that Roses require: water, nourishing food and a clean soil—and you will be more than gratified with the successful results. Anzac, "The Soldier's Rose," will always do its duty in your garden.

The vigorous growth of Anzac foretells the advent of many shapely buds and beautiful flowers. Buds of fifty waxen petals steeped in coral and washed with gold unfold into perfectly formed camellia-like flowers. As these flowers expand, the original colors lighten, the golden flush at the base of the petals passes to yellow and the coral changes to rosy lake. The merging of these colors might well be compared with the "Rose" in the sky at dawn, just before the sun climbs over the eastern horizon.

Each \$1.50, Doz. \$15.00

APRICOT QUEEN

Award All-America Rose Selection, 1940 (Patented)

A lovely combination of colors is to be noted in this glorious new Rose. Orange and apricot at the base of the petals, merging to salmon rose and phlox-pink in the fully developed bloom is descriptive.

The bud is long-pointed. The fully developed flower shows a regular, well placed petal arrangement.

A good strong grower, with handsome, leathery foliage which serves as a splendid foil to the perfectly formed buds and open bloom.

Each \$1.25, Doz. \$12.50

M. H. BARTON

Somewhat darker in color than Crimson Glory and not quite as fragrant. It is an abundant bloomer and good strong grower, altogether an excellent dark red Rose of the Crimson Glory clan.

Each \$1.00, Doz. \$10.00

CALIFORNIA

Award All-America Rose Selection, 1940 (Patented)

We regard this sensational novelty as outstanding among the numerous varieties we have contributed to the Rose world through our efforts in plant breeding.

The color is a glorious shade of ruddy orange toned with saffron-yellow, with the exterior of the broad petals overlaid with saturn-rose—a dual tone effect of indescribable richness and beauty. Buds long and pointed, flowers of enormous size, reaching a diameter of five to six inches. Growth vigorous, with healthy, glossy green foliage.

Each \$1.50, Doz. \$15.00

CHARLOTTE ARMSTRONG

Award All-America Rose Selection, 1940 (Patented)

A Rose of a most unusual color, blood-red in the bud, opening to cerise in hot weather and to spectrum-red in cool weather, while the beautiful shape and extreme length of the buds, with its long clasping sepals and the extreme floriferousness and vigor of growth and large, luxurious foliage, make it a most satisfactory Rose in all respects. The bud is long and pointed; the flower is 3 or 4 inches in diameter, high-centered, never showing the center. The foliage is leathery, semi-glossy, deep green and highly resistant to mildew.

Each \$1.25, Doz. \$12.50

MRS. J. DEVERMAN

A much improved Briarcliff. A stronger grower, might well be called rugged. Has fine, long, pointed buds which develop into high-centered brilliant clear rose-pink flowers.

Each \$1.00, Doz. \$10.00

of American Origin

GRAND DUCHESSE CHARLOTTE

Award All-America Rose Selection, 1942 (*Patented*)

This Rose aristocrat provides a color unknown in any other Rose. The beautiful, long, streamlined buds are glowing morocco-red and open to 25 firm-petaled blooms of dusky coral-red which do not fade, and gradually merge to a soft coral-pink. When unfolding, the petals recurve and make a delightfully informal, artistic flower with a hint of carnation fragrance. Award of "All-America Rose Selections" for 1942.

Each \$1.50, Doz. \$15.00

HEART'S DESIRE

Award All-America Rose Selection, 1941 (*Patented*)

In this new gold medal variety your Heart's Desire for a red Rose bordering on perfection will be attained. Your Heart's Desire for a Rose with that haunting perfume will be fulfilled. Your Heart's Desire for the beautiful in form and texture will be gratified. One day soon after planting the rugged bushes and you are gathering the many long-stemmed buds of perfect form and color from your garden you will exclaim, "Ah! yes this beautiful Rose with its long unfurling petals, deep red heart and exquisite fragrance satisfies my longing for a perfect Rose and fulfills my every HEART'S DESIRE."

Each \$1.50, Doz. \$15.00

MARY MARGARET McBRIDE

Award All-America Rose Selection, 1942 (*Patented*)

A tall, healthy growing plant which blooms quite freely and has all the qualifications of a fine Rose. The attractive, shapely salmon-pink buds open to 5-inch, loose flowers of a delightful shade of salmon-pink. They have about 35 petals. The blooms are mildly fragrant. Award of "All-America Rose Selections" for 1942.

Each \$1.50, Doz. \$15.00

SANTA ANITA

Santa Anita is a lovely Rose. A loveliness exemplified in the blossoming orchards of spring. Perfectly formed long-pointed buds unfold into glorious flowers of crystal clear, peach-blossom-pink. The limpid color, delicate scent and exquisite form place bountiful Santa Anita at the very zenith of the outstanding pinks.

Each \$1.00, Doz. \$10.00

STERLING

U. S. Plant Patent No. 21

A magnificent flaming pink flower of superb form in bud as well as open. The base of the bloom is yellow, giving it a richness as well as clarity of color seldom observed. It has excellent foliage, grows strongly and blooms very freely in summer as well as in autumn. A sterling variety. Winner of the Hubbard medal.

Each \$1.00, Doz. \$10.00

WILL ROGERS (*Patented*)

The color is black velvety crimson-maroon, which holds its color till the last petal falls. Its fragrance is so intense that a few will scent a room with "Attar of Roses" fragrance. Strong and vigorous grower with dark green foliage retained throughout the season. The blooms are quite double, with a beautifully ruffled petal arrangement in the open flower. Marvelously free in blooming qualities, bearing lavish quantities of flowers from April to the advent of following winter frosts. This Rose, cut in early morning and placed in water, will keep in fine condition for five or six days, and during this period offers its most delightful fragrance.

Each \$1.00, Doz. \$10.00

Pearl Harbor

"The Memory Rose"

We have named this Rose "Pearl Harbor," intending thus to commemorate in some degree the deeds of our fellow Americans, many of whom gave their lives that we may live.

Always, as spring comes with its unbroken promise, this Rose will renew itself and transfigure your garden with its tender color and fragrance as a harbinger of the faith that now unites millions of people.

Some of the remarkable features of this Rose are embodied in a plant of tremendous vigor, possibly unequaled by any other Rose in commerce today. It will grow and bloom freely under most adverse conditions and there is scarcely a period during the season when magnificent buds and flowers are not available for garden ornamentation or for cutting purposes.

The flowers are borne on vigorous canes and the bud is exceptionally long and pointed. The upper surface of the petals is a delicate shade of shell-pink, with golden bronze shadings at the base. The outer, or reverse side of the petals, is vivid Tyrian-rose.

Last, but not least, Pearl Harbor is distinct from most other Hybrid Tea Roses in the fact that the plant is practically thornless.

Extra Fine Plants, Each \$1.50, Doz. \$15.00

Everblooming Tea Roses

Here we list only the very choicest and most popular varieties of Tea Roses, with the majority of which every lover of the Rose is familiar. Duplicates as well as inferior varieties have been discontinued. All are good growers and free flowering and will provide you with an ample supply of blooms throughout the summer. There is not one individual sort which we cannot endorse as possessing superior merit. All are two-year-old, XX No. 1 grade. The finest Northern Ohio grown stock available.

Ami Quinard

Each 90c, Doz. \$8.50

Blackish crimson buds; semi-double flowers of maroon-red. Tall, vigorous grower. 15 petals.

Angels Mateu (Plant Patent No. 174.)

Each \$1.25, Doz. \$12.50

Orange-rose. The involuntary expression of one visitor, "This is a heavenly Rose!" is true indeed, for it is a ravishingly beautiful flower. Reports coming to us from trials of this Rose are increasingly enthusiastic. Its color is exceptionally attractive; it reminds one of deep coral, or deep old rose flushed with orange. The fragrance is like ripe blackberries. Growth is erect. Foliage is dark green and leathery.

Betty Uprichard

Each 90c, Doz. \$8.50

One of those delightfully contrastive types; the outside a blend of deep toned carmine with coppery orange; the interior being mostly a delicate salmon-pink.

Caledonia

Each 90c, Doz. \$8.50

The most desirable white; exceptionally long-pointed bud opening to a very double, high-centered, long-lasting, very large, moderately fragrant flower. Continuous free bloomer.

Charles K. Douglas

Each 90c, Doz. \$8.50

Of vigorous, upright growth and liberal, fragrant bloom which is of delightful form. Color a flaming scarlet flushed with velvety crimson.

Christopher Stone

Each \$1.00, Doz. \$10.00

Large semi-double vivid scarlet flowers overlaid with velvety crimson. Has a delicious old rose scent. Of vigorous, upright growth with bright green foliage.

Columbia

Each 90c, Doz. \$8.50

This beautiful rose is of strong, vigorous habit and exceptionally free blooming. Color a most pleasing shade of rose-pink and delightfully fragrant.

Condesa de Sagato

Each 90c, Doz. \$8.50

A splendid double Rose with the vivid colors of the sparkling species Austrian Copper. The buds are golden yellow, beautifully striped with brilliant capucine red. The open, spicy scented blooms are of similar color. Strong grower and a perfect beauty.

Contrast

Each \$1.00, Doz. \$10.00

The combination of colors to be noted in this exquisite bicolored Rose catches the eye at once, the reverse of the petals is milk-white with basal bronze shading, the upper face a superb shade of orange-rose. Flowers full petaled, fairly fragrant, produced in enormous quantity over the full Rose season, grand for cutting purposes. This novelty has elicited over the past two years numerous encomiums from all parts of the U. S. A., England, and even far off Australia.

Countess Vardal (U. S. Plant Patent No. 78.)

Each \$1.00, Doz. \$10.00

Long pointed, orange-copper buds. The flowers are large, double, high centered, and have a rich fragrance. Their color is brilliant pink lightened with salmon. The blooms are borne on long stems.

Crimson Glory (U. S. Plant Patent No. 150.)

Each \$1.25, Doz. \$12.50

The plants branch freely, producing a well spread yet compact bush of good symmetry. Following the large, urn-shaped buds are the well formed flowers of an intense deep vivid crimson shaded oxblood-red and mellowed by a soft velvet nap.

Dame Edith Helen

Each 90c, Doz. \$8.50

Shapely buds and substantial, high-centered blooms of clear pink, sweetly scented and freely produced on long, strong stems. Vigorous. Most remarkable for the number and beautiful arrangement of its petals.

Duquesa de Penaranda

Each \$1.00, Doz. \$10.00

This glorious Rose produces two distinct types of flowers. During the summer the pointed buds are a blend of apricot-orange and dark pink, opening to splendid blooms of coppery apricot. In the autumn great brownish buds open slowly to finely formed flowers of a luscious cinnamon-peach color, truly enchanting to visitors to our gardens who delight in the new art shades. It is sweetly perfumed and one of the loveliest Roses for cutting.

E. G. Hill

Each 90c, Doz. \$8.50

Beautiful long bud of perfect form and full double, high-centered flower of dazzling scarlet, shading to a deeper red as it develops. Strong, vigorous free-flowering habit.

Edel

Each 90c, Doz. \$8.50

An enormous bold, stately, well built flower of great quality and finish. Color white with faintest ivory shading towards the base, passing to a pure white. A fine grower with uniform, stout habit.

Eclipse (Plant Patent No. 172.)

Each \$1.25, Doz. \$12.50

Golden yellow. An entirely new type, with "stream-lined" buds which often exceed 2 inches in length, ornamented with narrow, branching sepals which contrast harmoniously with the gold of the petals. You can depend on "Eclipse" for almost continuous bloom on strong, upright plants with healthy, dark green foliage. The flowers are produced on long erect stems, suitable for cutting.

Edith Nellie Perkins

Each 90c, Doz. \$8.50

A Rose of outstanding merit, vigorous growth and free flowering. Long, pointed bud; flower of good size, long lasting and fragrant, double; outside of petals Orient-red shaded cerise-orange; inside salmon-pink.

MENTOR, OHIO

Joanna Hill

Eternal Youth (Plant Patent Applied For) *Each \$1.25, Doz. \$12.50*

Its graceful pointed buds are a clear warm pink, retaining their color in all stages. There is a livening touch of yellow at the base of each petal which suffuses softly throughout, eliminating the less attractive tones so common in pink Roses. The foliage is disease-resistant. It has an interesting fragrance reminiscent of the sweetness of the old-fashioned Roses. Instantly appreciated by all who see it. Prolific bloomer.

Etoile de Hollande *Each 90c, Doz. \$8.50*

Brilliant red blooms of magnificent size, perfect in half-open state, showing clean, attractive centers when fully open; petals enormous; very fragrant. Free flowering.

Faience *Each \$1.00, Doz. \$10.00*

Two-tone soft peach and cadmium-yellow. Faience is the name of a famous pottery, noted for its iridescent colors. Exquisite form, from the long, tapering bud to full-petaled, opening bloom. Buds are cadmium-yellow at the base which gradually shades to shrimp-pink at the edges of the petals. As the blooms unfold, the inside of the outer petals is an artistic China-pink, which deepens toward the center of the flower to shining coppery rose. The reverse of the petals is cadmium-yellow lightly veined with pink.

Federico Casas *Each 90c, Doz. \$8.50*

Coppery pink and orange. Continuity of bloom on erect, firm stems makes this an outstanding Rose. It comes from sunny Spain and is one of the choicest Roses we have received from the hands of the Rose wizard, Pedro Dot. You will find it good for both garden decoration and for cut flowers for it keeps well when cut. This hardy Rose will provide you with quantities of bloom every year for years to come.

Gloaming (Plant Patent No. 137) *Each \$1.25, Doz. \$12.50*

A cut-flower variety which has proved a "winner" wherever grown. Its large buds, carried on long, rigid stems, are amply clothed with handsome foliage. Bloom is of unusual coloring, fawn-orange in the bud, and the large full blooms are of a peculiar pink overlaid with salmon. The plant is vigorous and branching, fairly tall-growing.

Golden Dawn *Each 90c, Doz. \$8.50*

The ideal yellow garden Rose. The ovoid, lemon-yellow bud, heavily splashed with crimson, develops into a well formed, sweetly scented large, double sunflower-yellow flower that reminds of the old favorite Marechal Niel. Vigorous, free flowering.

Golden Sastago *Each 85c, Doz. \$8.50*

Like Condesa de Sastago, this is recognized as one of the finest Roses for bedding. Its healthy foliage adds materially to its appearance, the flowers are rich golden yellow and do not fade. Fine in bud and free blooming.

Golden State (Plant Patent Applied For) *Each \$1.00, Doz. \$10.00*

Superior to most other yellow Roses in vigor, erectness of growth, and abundance of bloom. An excellent, continuous blooming garden Rose with a rich clove scent. Its long buds open to glowing hearts of yellow-orange. The flowers are borne singly, sometimes in small clusters on erect stems. Each flower has from 40 to 50 petals which, when they unfold, change to a deep unfading buff veined with salmon. Awarded in 1937 the Gold Medal, Bagatelle, Paris, and chosen the official Rose for the Golden Gate International Exposition, 1939. Has disease-resistant foliage and is fine for cutting.

Gruss an Teplitz *Each 90c, Doz. \$8.50*

This is a Rose for everybody, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to a velvety crimson; very fragrant, a free, strong grower and in bloom all the time.

Heinrich Gaede *Each \$1.00, Doz. \$10.00*

Long pointed shapely bud of nasturtium-red color, large, double, high centered flowers of ideal shape, of a color unusual and unlike any Rose in commerce—a rich luminous vermilion shaded golden yellow such as is found in high-colored modern Zinnias. Rich, fruity fragrance. A free and continuous bloomer.

Heinrich Wendland *Each 90c, Doz. \$8.50*

Reddish copper. Large, very double flowers of reddish copper with an orange flush over all; backs of the petals are rich orange. This brilliant attractive color blends well with the red and yellow Roses. It has a rich, syrupy fragrance. Blooms come singly on strong, upright plants with shiny, leathery foliage.

Joanna Hill *Each 90c, Doz. \$8.50*

Invaluable for the garden. The buds are large, long pointed and open to large, full, semi-double, attractive, long lasting, moderately fragrant flowers of a clear yellow with orange-yellow heart. They are borne singly on long strong stems; growth vigorous, upright, a profuse bloomer.

Kaiserin Augusta Victoria *Each 90c, Doz. \$8.50*

Soft pearly white, tinted with just enough lemon in the center to relieve the white, remarkably fragrant, beautifully formed flowers on long, graceful stems; a strong, free, healthy grower.

Lady Alice Stanley *Each 90c, Doz. \$8.50*

A gem that everyone admires; it is absolutely perfect in every way; form, color, size, freedom of bloom and fragrance are fully developed; in color it is a beautiful shade of coral-rose, the inside of the petals shading to flesh-pink with deeper flushes.

Madame Butterfly *Each 90c, Doz. \$8.50*

A symphony of white, bright pink, apricot and gold. Compared with Ophelia, this derivation is fuller-petaled, more prolific and of greater color appeal. The buds are a rich Indian red, yellow at base.

Margaret McGredy *Each 90c, Doz. \$8.50*

Large, ovoid buds and double, cupped flowers of solid orange-vermilion. Very prolific. This extraordinary Rose has been widely discussed and tested in this country and found good.

McGredy's Ivory *Each \$1.00, Doz. \$10.00*

Lovely large flowers of beautiful double form and moderately fragrant. The color is soft delicate creamy white merging into yellow at the base. Vigorous, disease resistant, and a prolific bloomer.

McGredy's Scarlet *Each 90c, Doz. \$8.50*

The fragrant, full double flowers are of a good size. They are brilliant scarlet, orange-yellow at base of petals, the upper portions being lightly touched with crimson, varying some in color under changing weather conditions but always beautiful.

McGredy's Sunset (Plant Patent Applied For) *Each \$1.25, Doz. \$12.50*

As glorious as a summer sunset. The petals are a clear buttercup-yellow, tipped orange on the outside, and chrome-yellow, flushed with scarlet on the inside. As the bloom expands the color is intensified and it is at its best when fully opened. Flowers are of medium size, full and shapely, and for a while the petals remain symmetrically curled like a Camellia. They are freely borne on a magnificent bush with dark green foliage. When cut, its fragrance soon diffuses throughout the room and leaves an unmistakable impression of its freshness. Very sun-resistant. Excellent in hot weather. An outstanding Rose and one much commented on. Certain to please garden lovers everywhere.

FALL PLANTING OF ROSES

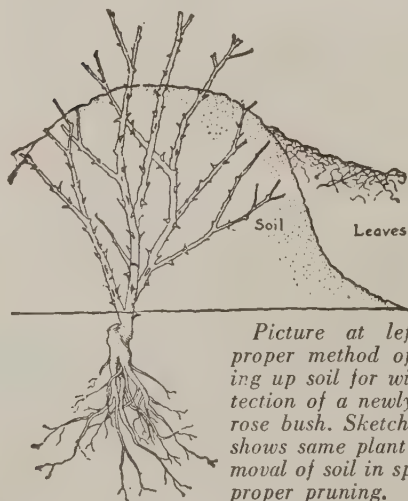

We recommend fall planting wherever this is possible. We supply plants fresh from the fields. This, however, should be done late in the autumn after the plants have become **well ripened**, usually the latter part of October or early in November. You need not hesitate to plant late, even if you are located where there is danger of the ground freezing before the plants reach you. Prepare your beds and cover them with a few inches of loose litter which will enable you to plant with perfect safety even after freezing weather sets in.

WINTER PROTECTION: We have found the most satisfactory method of covering is to draw up a mound of soil, from four to six inches high, around the base of the plant, thus giving the eyes at the base of the plant the desired protection. Next cover the entire bed, after the ground begins to freeze, with any loose material, such as strawy manure or leaves. The idea is to keep the ground from freezing too deeply as well as to prevent the alternate freezing and thawing of the soil which is injurious to all plants.

In more severe climates, a heavy covering should be provided. Care and judgment must be used in the removal of the winter covering. Leaving the plants covered too long in spring may cause just as serious loss as removing it too early. It is usually safe to uncover about the first of April, though in unusually late seasons it may be desirable to let the covering remain until the middle of that month.

Different varieties of Roses possess different degrees of hardiness. Therefore, cover your plants thoroughly so that the least hardy one is adequately protected. Also remember that newly transplanted Roses require heavier protection than those already established.

In very cold parts of the country Climbing Roses should be detached from their support, laid flat on the ground and covered with straw or soil.

Picture at left shows proper method of mounding up soil for winter protection of a newly planted rose bush. Sketch at right shows same plant after removal of soil in spring and proper pruning.

McGredy's Triumph (Plant Patent No. 190) *Each \$1.25, Doz. \$12.50*
The color-tone is even throughout, reminding one of a brilliant strawberry, blushed scarlet and orange. The flowers are very large, full and of perfect shape. In addition to the brilliant and unusual coloring of the flowers, the extraordinary freedom, vigor, and habit of growth is something far from the every-day Rose.

McGredy's Yellow *Each 90c, Doz. \$8.50*
Well-formed big flowers of bright buttercup-yellow. The buds are exquisitely formed and leave nothing to be desired. Good strong rugged grower producing flowers freely. One of McGredy's best.

Miss Rowena Thom *Each 90c, Doz. \$8.50*
Enormous buds and blooms of fiery rose and mauve, shaded with old gold at the center, borne on long, strong stems. A profuse, continuous bloomer and a very vigorous plant.

Mme. Cochet-Cochet *Each 90c, Doz. \$8.50*
Long-pointed buds of coppery pink, flushed orange, open to four-and-one-half-inch flowers of splendid form of the same color as the bud, except that the orange softens to gold. When open they disclose a mass of golden stamens. As the flower ages the color changes to a soft satiny pink, with an attractive tinge, but does not lose any of its loveliness and is usually clear and fresh at all times.

Mme. Henri Guillot (Patent No. 337) *Each \$1.50, Doz. \$15.00*
Deep pink. The beauty of this Rose is very exciting. It is lovely in both form and color, the large, artistic, urn-shaped buds open to Camellia-like, 20-petaled blooms about 5 inches across, watermelon to raspberry-pink in color. Gold Medal, Bagatelle.

Mme. Joseph Perraud *Each 90c, Doz. \$8.50*
Winner of the Bagatelle Gold Medal, 1934, and awarded the honor at Lyons, France, of being "the most beautiful Rose in France for the year 1934." The long, slender and pointed nasturtium-orange buds open to sweetly fragrant flowers of a charming nasturtium-buff straying to a lovely shade of shell-pink at the petal edges—the nearest approach to a pure buff, lightened with pink at the petal margins.

Mme. Jules Bouche *Each 90c, Doz. \$8.50*
While not a pure white, it is to all intents white and without question the best white everblooming bedding Rose yet introduced. The flowers are large, quite double and of splendid form. It is fragrant, a vigorous grower and very free flowering.

Mrs. Erskine Pembroke Thom *Each 90c, Doz. \$8.50*
Slender yellow buds and large, well shaped blooms of bright canary-yellow, deepest in center. Blooms very freely.

Mrs. M. H. Horvath *Each \$1.00, Doz. \$10.00*
Habit of growth and color of flower is very much the same as that of Joanna Hill. The flowers are somewhat fuller but better lasting. Clear yellow with orange-yellow heart. Very profuse bloomer.

Mrs. Pierre S. du Pont *Each 90c, Doz. \$8.50*
Medium sized long-pointed bud of a reddish gold opening to a semi-double, cupped, very lasting fragrant flower of a deep golden yellow. The plant is of strong, vigorous, compact growth. A profuse and continuous bloomer.

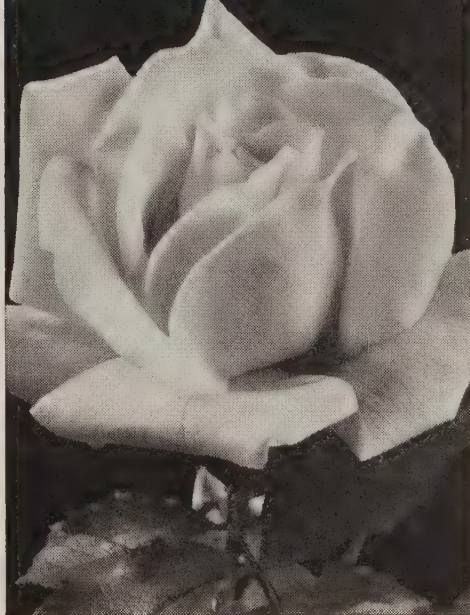

Mrs. Sam McGredy *Each 90c, Doz. \$8.50*
Scarlet coppery orange heavily flushed with Lincoln-red on the outside of the petals, and these colors together give a rich and almost dazzling effect. The flowers are of large size and beautiful form. They are very freely produced and delicately perfumed. The plant has a vigorous and exceptionally free habit.

Pages 14 and 15 Tell How!

Mrs. J. Deverman (See page 36)

Souv. de Mme. C. Chambard

Signora

Pink Dawn

Each 90c, Doz. \$8.50

A beautiful new Hybrid Tea Rose with glorious deep rose buds opening to lovely pink blooms tinted with orange at the base of the petals. Sweetly fragrant, fully double, and of vigorous, upright habit.

Poinsettia (Patented)

Each \$1.00, Doz. \$10.00

We have no hesitancy in stating that this Rose is the most brilliant red Rose ever produced. "Crimson Glory" is admittedly a magnificent piece of color, but the color is dull by comparison. The name of this Rose is a descriptive one, and was suggested by Dr. J. Horace McFarland of the American Rose Society. It is close to a Poinsettia-scarlet. The buds are ideal in form, long and pointed; fairly full petalage, a good grower, and fine as a cut flower. This Rose was awarded a Certificate of Merit by American Rose Society, 1938.

President Herbert Hoover

Each 90c, Doz. \$8.50

Large flowers of a very charming combination of cerise-pink, flame, scarlet, and yellow, with broad, thick petals; very fragrant. The clean, handsome foliage is an added attraction. The brilliancy of the color is somewhat dimmed by hot weather, but the cool autumn nights develop tones and tints of almost unbelievable richness.

President Macia

Each 90c, Doz. \$8.50

Very long bud, longer than any other Rose. Clear pink with slightly darker veining. When open, the face of the petals is pale flesh-pink warmed with a yellow flush toward the base. The reverse is the rich pink of the buds. Deliciously fragrant and extra fine long stems for cutting.

President Plumecocq

Each 90c, Doz. \$8.50

Coppery yellow, ovoid buds open to large, cupped blooms of coppery buff with an overglow of deep salmon. An upright grower, producing quantities of long-lasting fragrant flowers with 30 petals or more, throughout the entire season. A lovely Rose for cutting, as the blooms come singly on strong, erect stems and last a long time indoors.

Radiance

Each 90c, Doz. \$8.50

An ideal bedding Rose that continues to produce its large flowers throughout the most unfavorable hot weather when frequently many other varieties fail. A brilliant carmine-pink, with salmon-pink and yellow shadings at base of the petals.

Red Radiance

Each 90c, Doz. \$8.50

A counterpart of Radiance from which it is a "sport", possessing all the good traits of that valuable variety but differing in color, which is a bright cerise-red.

Rex Anderson (Plant Patent Applied For)

Each \$1.50, Doz. \$15.00

This variety can be described as white with an overcast of ivory, slightly deeper in the center. The large blooms are carried, several together, on strong stems and may be grown to enormous size by disbudding. It has a pleasant perfume. The habit of growth is exceptionally free and vigorous, and the abundant gray-green foliage sets off the flowers to perfection.

Rouge Mallerin

Each \$1.00, Doz. \$10.00

Scarlet. Pointed buds of brilliant red open to 3½-inch blooms of glowing scarlet, the deep pile on the petals making them look for all the world like pieces of rich scarlet velvet. Rich old damask perfume.

Soeur Therese (Sister Therese)

Each 90c, Doz. \$8.50

Long-pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. Sweet-brier fragrance. The blooms come freely on splendid cutting stems. You can always recognize this Rose from its habit of forming sturdy 3-foot, upright canes which are topped by a "lighted" candelabra of 5 or more burning yellow blooms.

Souv. de Mme. C. Chambard

Each \$1.00, Doz. \$10.00

The buds are large, long-pointed, coral in color, and unfold to a coral-pink developing a satiny peach sheen which is about the loveliest finish we have ever seen on a Rose petal. Its fragrance is delicious. The plant is free in bloom. Its long stems and perfect form make it a splendid cut flower.

Signora (Plant Patent No. 201)

Each \$1.25, Doz. \$12.50

This Rose from the land of sunshine and Chianti wine is a real masterpiece in both plant and bloom. Long bud of a warm burnt sienna, opening to a lighter hue toward mandarin. The plant is tall-growing with every bloom on a long stem. Foliage is handsome. Indispensable to those who grow Roses mainly for cutting.

Talisman

Each 90c, Doz. \$8.50

Brilliant red and gold buds, opening to well shaped blooms of scarlet-orange and rich yellow. Constantly in bloom; the most vivid color yet produced in Roses.

Tango

Each 90c, Doz. \$8.50

A superb bicolor Rose, exquisite in bud or expanded full open bloom. Upper surface of petals fine vermilion-scarlet, reverse or under side bronze with old gold shadings at the base. A truly sensational color, with buds and bloom of ideal form produced in endless quantity on strong, vigorous plants. A glorious Rose for cutting purposes.

The Chief (Patent Rights Reserved)

Each \$1.00, Doz. \$10.00

Strong growing plants producing very long urn-shaped buds in shades varying with the weather from carmine through peach to blood-red.

The Doctor

Each \$1.00, Doz. \$10.00

This magnificent Howard & Smith Rose is internationally recognized as one of the outstanding new Roses. We regard this Rose as one of the best, a variety which will be greatly sought after when better known. The buds are long and pointed, expand to a simply enormous bloom in their fully developed state. The color is an exquisite silvery pink, uniform in color both in bud and open flower, with a fragrance so intense that it can be detected many yards away.

Texas Centennial (Plant Patent No. 162)

Each 90c, Doz. \$8.50

A sport of President Herbert Hoover, having the same wonderful qualities. The color is blood-red, toning to cerise-red in the center. Very unusual.

Warrawee (Plant Patent No. 140)

Each \$1.00, Doz. \$10.00

Shell-pink. Long-pointed, salmon-pink buds open to 4-inch or larger flowers of exquisite shell-pink with a slightly darker reverse. The bloom, when fully open, looks like a glorified Mme. Butterfly. It has the delightful spicy fragrance of the old clove pinks. The plant has all the health, vigor and freedom of bloom of Radiance. The blooms come singly on erect, firm stems, with few thorns, which makes this one of the few shell-pink Roses for cutting.

White Briarcliff (Plant Patent No. 108)

Each \$1.25, Doz. \$12.50

A supreme white Rose, with the finest form since Bride's Roses have been grown. Vigorous, bushy plant of unusual arcticness. Tremendous producer and ideal for cutting. Keeps a long while in water. It cannot be recommended too highly.

Yellow Perraud

Each \$1.25, Doz. \$12.50

A gorgeous yellow sport of the famous Mme. Joseph Perraud. Four years ago there appeared in a planting of Mme. Joseph Perraud, in our nursery, a number of beautiful yellow "sports" or "breaks." From these breaks the finest one was selected for production, and is now offered as the "Yellow Perraud." It possesses all the fine qualities of Mme. Joseph Perraud. Long buds open to magnificent flowers, amber-yellow in center, delicately shading to Naples yellow towards the edges of the petals. The flowers have a waxlike quality and are particularly fine for cutting, lasting many days in water. A magnificent variety created by a freak of Nature. Its splendid habit is the same as that of Mme. Joseph Perraud.

Large-Flowered

ALSO CALLED

Floribunda Roses or Cluster Roses are a group of Roses especially produced for mass planting. They are noted for their permanence, continuity of bloom, and ease of culture. Their habit of growth is bushy, and their chief characteristic is sturdiness. The plants are winter-hardy, therefore permanent, and bloom continuously in numerous clusters. Flowers are fairly large, vary from single to full double,

Dagmar Spath

Improved Lafayette

Red Velvet

Anne Poulsen (Plant Patent No. 182) *Each 85c, Doz. \$8.50*

Large, semi-single blooms, brilliant scarlet in tone, with a vivid over-cast of crimson. Blooms come in sprays and have a pleasing fragrance.

Baby Chateau *Each \$1.00, Doz. \$10.00*

This large flowered cluster Rose produces semi-double flowers of deepest dark velvety red. It is a strong grower and makes a magnificent display when planted in solid beds or if used in combinations with a white cluster Rose.

Betty Prior (Plant Patent No. 340) *Each \$1.00, Doz. \$10.00*

An outstanding addition to this new class of Roses, distinctive in its appealing color, its extremely healthy foliage and growth, and its positive continuity of bloom. In early spring the single blooms resemble the flowers of a red dogwood. They are produced in clusters which are followed continuously by other clusters throughout the entire season.

Carillon (Plant Patent No. 136) *Each \$1.25, Doz. \$12.50*

This Rose was named Carillon because it is a singing Rose, a Rose which creates a feeling of joy and good cheer. It is never out of tune, and its enchanting melody pervades the garden! The full harmony of this cheery Rose is best obtained by planting in groups. These make a magic carpet of lustrous coral-flame resting on glossy green foliage. The bloom is semi-double but large and fragrant.

Cheerio *Each \$1.25, Doz. \$12.50*

Superb in every respect—a Rose of outstanding merit whether used for mass planting in beds or borders or to give an individual accent here or there in the garden. You will be most pleasantly surprised by the super-abundance of the brilliant double flowers borne in massive yet gracefully arranged flower clusters. The flower petals are clear mallow-pink shading to Tyrian rose at the base with the reverse or outside a luminous rose-madder that creates an effective color balance.

Crown of Jewels (Plant Patent No. 149) *Each \$1.00, Doz. \$10.00*

One of our favorites because it is one of the finest bedding Roses grown. Plants are vigorous and bushy with leathery foliage and clusters of very double cup-shaped blooms of lovely coral-rose. Nearly everblooming, especially fine in autumn. Marvelous for cutting, lasting longer in water than any Rose we know. Plant in masses or in groups in the border or Rose garden.

Dagmar Spath *Each 90c, Doz. \$8.50*

(White Lafayette.) Pure white flowers produced in showy large trusses all through the summer. It is the best white Polyantha and a true sport of the well known Lafayette.

Donald Prior (Plant Patent No. 377) *Each \$1.00, Doz. \$10.00*

An eight-petaled, rich cherry-red Floribunda Rose with flowers about four inches across. The dark green foliage is a splendid foil to the crimson flushed scarlet flowers and when the full trusses come into bloom the effect is very striking and decidedly pleasing. A bright red which won't clash in the garden.

Eblouissant *Each 90c, Doz. \$8.50*

Glowing dark red flowers of medium size, shaded heavily with velvety crimson. Large, compact trusses, borne on dwarf but robust plants which bloom constantly.

Guaranteed Superior Quality

Wayside Gardens

MENTOR, OHIO

Cluster Roses

FLORIBUNDA ROSES

and include the entire range of colors of Roses. A distinctive feature is the long-lastingness of the flowers in all weathers. They are best planted closely—about 14 inches apart—in large groups and masses, in beds, so they will blanket the ground. Groups of three or five of a variety placed in front of the shrub border create a superb color display. They are more effective and just as colorful as tender annuals.

Else Poulsen

Else Poulsen

Each 90c, Doz. \$8.50

Flowers medium size, semi-double, lasting, bright rose-pink. Continues blooming from summer to late fall. Produced by erect growing, very thrifty plants.

Improved Lafayette

Each 90c, Doz. \$8.50

Medium sized, deep glowing red flowers suffused with vivid crimson. Blooms very profusely. (Color illustration, page 46.)

Karen Poulsen

Each 90c, Doz. \$8.50

The most brilliant bedding Rose of the Poulsens. Last year was runner-up for the Bagatelle Gold Medal. Bud medium size, globular; flower single, brilliant scarlet; continuous bloomer from June to November.

Mrs. R. M. Finch

Each 90c, Doz. \$8.50

Double, soft rosy pink blooms fully 2 inches in diameter. Has showy large flower clusters.

Orange Triumph

Each \$1.00, Doz. \$10.00

Magnificent scarlet-orange blooms arranged in enormous clusters which cover the shiny green foliage throughout the whole season.

Permanent Wave (Plant Patent No. 107)

Each \$1.00, Doz. \$10.00

Single blooms of deep rose-pink are 3 inches across and come in bouquets of six or more on a stem. Each broad, firm petal is beautifully waved, thus inspiring the name "Permanent Wave."

Pink Jewel

Each \$1.00, Doz. \$10.00

Not quite so double and somewhat lighter pink than Cheerio. Many people prefer Pink Jewel because of its gracefully formed semi-double rose-pink flowers which are abundantly produced in fine clusters. An excellent Rose for beds or in the foreground of a shrub border where it will always make a cheerful and colorful effect.

Red Velvet

Each \$1.50, Doz. \$15.00

A spectacular bedding Rose covered with great masses of urn-shaped buds opening to well rounded blooms with gracefully waved petal edges. The general color effect is that of an intensely vivid crimson lake. The velvety finish of the flowers adds to the beauty and richness of the color. The outside of the flower petals is deep carmine, creating a charming color contrast that heightens the effectiveness of the display. Vigorous and free blooming.

Sunmist

Each \$1.50, Doz. \$15.00

Graceful, pointed buds opening into large, fluffy, well rounded flowers of a clear light sulphur-yellow shading to mellow canary-yellow toward the base of the petals. Forms imposing large flower clusters. An outstanding bedding Rose that gives a glorious effect particularly if massed in beds or borders.

World's Fair (Plant Patent No. 362)

Each \$1.00, Doz. \$10.00

It will furnish a continuous display of color from late spring until frosts stop the performance. Ideal, bushy plants just about hide themselves under clusters of large velvety blooms of blackish scarlet, the fragrant petals surrounding a glowing mass of golden stamens. A very large-flowered Floribunda. A solid bed of World's Fair will give the gardener something to boast about all next winter.

Sunmist

Cheerio

Wayside Gardens

MENTOR, OHIO

Hybrid Perpetual Rose, Paul Neyron

PERPETUAL-FLOWERING BEDDING ROSES

These Roses deserve to be grown far more widely as they flower profusely over an exceptionally long period of time. They are splendid for bedding on account of their compact growth, and they bloom continuously and profusely throughout the spring, summer, and way late into the fall.

Gruss an Aachen *Each 90c, Doz. \$8.50*
A very distinct Polyantha Bedding Rose with showy blooms of bright pink enhanced by a shading of pure salmon.

Pink Charm *Each \$1.00, Doz. \$10.00*
A splendid companion to the preceding variety, as it has the same habit of growth and blooms as freely. The fully double flowers are a lovely shade of deep pink. Gives a particularly fine mass effect in the garden.

Pink Gruss an Aachen *Each 90c, Doz. \$8.50*
This fits well into this splendid class, and provides a richer shade of pink than found in Gruss an Aachen.

White Aachen (Patent Pending.) *Each 90c, Doz. \$8.50*
As a sport of Gruss an Aachen this resembles its parent in every way except that the flowers are pure white when fully opened. The buds show a creamy cast.

Bedding Rose, Gruss an Aachen

HARDY HYBRID PERPETUAL ROSES

The varieties listed below are unquestionably the best that can be selected in the Hybrid Perpetual class, which, before the development of the Hybrid Teas, was the most popular type for garden planting, and even now they dare not be overlooked, but should be used extensively in conjunction with the other sorts, and especially so in localities where the hardiness of the Hybrid Tea varieties has not been established.

Frau Karl Druschki *Each 85c, Doz. \$8.50*
This is the ideal hardy white Rose; pure in color, perfect in form, strong grower and remarkably free flowering; superb in every way.

George Arends or Pink Frau Karl Druschki *Each 85c, Doz. \$8.50*
This is a pink form of the popular white Frau Karl Druschki, possessing not only the exquisite form, large size, and remarkable free-flowering habits of its parent, but in addition to this, it is also highly perfumed.

Gloire de Chedane Guinoisseau *Each 85c, Doz. \$8.50*
Excellent globular blooms of a vivid vermilion-red color like blazing embers. This is the modern version of the famous old-fashioned American Beauty Rose.

Mme. Albert Barbier *Each 85c, Doz. \$8.50*
Full, cupped flower of soft fawn-yellow, paling to white, with pinkish shades in the center, blooming throughout the season. A remarkable color for a Hybrid Perpetual, a class in which yellow tints are rare. This Rose has showed up unusually well in color, shape of flower and its habit of constant blooming.

Mrs. John Laing *Each 85c, Doz. \$8.50*
Soft pink, of beautiful form; exceedingly fragrant and remarkably free flowering; always does well and stands very close to the top among Roses.

Paul Neyron *Each 85c, Doz. \$8.50*
Dark pink of enormous size; perhaps the largest of all.

Ulrich Brunner *Each 85c, Doz. \$8.50*
Brilliant scarlet-crimson; an old favorite and one of the best known Roses in cultivation; does well everywhere.

Small-Flowering Cluster Roses (Polyantha Roses)

Growing about 12 to 18 inches high.

The Polyantha or Baby Roses are very popular for edging and for bedding purposes. The plants grow into shapely, compact bushes about 12 to 18 inches high and they are covered with a great mass of flowers from early in the season until severe frost destroys their beauty. The blooms, though small, are very effective, as they are arranged in showy trusses that accentuate their rich and beautiful coloring.

Belvedere *Each 90c, Doz. \$8.50*
Deep crimson. Grows about 1½ feet. Very dark red with blackish shadings.

Cameo *Each 90c, Doz. \$8.50*
A new and distinct color. Shell-pink with salmon suffusion, over which lies a glow of gold. Flowers in large sprays constantly in bloom from June until frost. (Color illustration, page 50.)

Chatillon Rose *Each 90c, Doz. \$8.50*
Bright pink semi-double blooms with an illuminating touch of orange. The color lasts well. The trusses are of gigantic size, and the plant is both healthy and hardy.

Summer Snow (Plant Patent No. 416) *Each \$1.00, Doz. \$10.00*
Beautiful heavy clusters of pure white flowers. Most prolific of the white Floribunda Roses, blooms without let-up until frost. The flowers are delightfully fragrant.

Susanna Bertsch *Each 90c, Doz. \$8.50*
A perfectly beautiful new Polyantha Rose. Perhaps the finest to date. A color not seen heretofore in Roses, best described as a soft salmon-shrimp-pink. Very brilliant and sparkling in tone.

Gloria Mundi *Each 90c, Doz. \$8.50*
The most brilliant orange-scarlet imaginable. Never fades. Showy, well formed, double flowers produced with the greatest freedom.

RANUNCULUS-FLOWERED CLUSTER ROSES

Growing 12 to 18 inches high.

This type is noted for its charming clusters of globe-shaped flowers. They resemble bunches of Ranunculus blooms or are not unlike clusters of apple blossoms, but fully double. They look very well mixed in with hardy plants in the border, in front of shrubs, or as an edging to Rose beds.

Carroll Ann (U. S. Plant Patent) *Each \$1.00, Doz. \$10.00*
This is one of the best of this new form, and is greatly admired by visitors. The flowers are shaped like Ranunculus blooms, an entirely new form in Roses. The incurving petals produce perfectly charming globe-shaped flowers which grow in large clusters. The color is salmon-orange and does not discolor or fade in the hottest sun. Plants of medium height and excellent for edgings. (Color illustration, page 50.)

Margo Koster *Each \$1.00, Doz. \$10.00*
Dominant color of this lovely ranunculus-shaped flower is salmon with rich shadings of orange and pink. The small globe-shaped blooms occur in large clusters and are semi-double. The plant grows not over 18 inches high and therefore is a very fine variety to be used as an edging around Hybrid Tea Rose beds.

Climbing Roses

Climbing Roses require no pruning in the spring beyond cutting out of very old or dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered; but a severe pruning in July, directly after they have finished flowering, is beneficial. Cutting away at that time all old flowering wood will encourage a vigorous growth, which will give an abundance of flowers the following season.

We offer on this page a selection of the most modern Hardy Climbing and Rambler Roses.

American Pillar

Each 90c, Doz. \$9.00

A single-flowering variety of great beauty. The flowers are of large size, 3 to 4 inches across, of a lovely shade of pink, with a clear white eye and clusters of yellow stamens, and are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten.

Blaze (U. S. Plant Patent No. 10)

Each \$1.25, Doz. \$12.50

Hardy everblooming Climbing Rose which inherits the blazing color of Paul's Scarlet Climber and the everblooming habit of Gruss an Teplitz, thus combining the most attractive features of both its parents. It is a very vigorous climbing variety which will grow to considerable height.

Cecil Brunner

Each \$2.00

This is the climbing form of the "Sweetheart Rose." Covered in season with hundreds of graceful little buds and flowers, exceptionally fine for covering small fences or trellises. Needs protection in the North but well worth the extra trouble.

Dr. W. Van Fleet

Each 90c, Doz. \$9.00

A Rose which, on account of its dainty color and exquisitely shaped buds and flowers, appeals to everyone. The long, pointed buds are of a rich flesh-pink on stems 12 to 18 inches long. Splendid for cutting.

Easlea's Golden Rambler (U. S. Plant Patent No. 114)

Each \$1.00, Doz. \$10.00

A new outstanding Climbing Rose from England, producing its comparatively large double rich golden flowers in large trusses. An additional quality is a delicious fragrance. Gold Medal, Royal Horticultural Society, July, 1932. Awarded the Cory cup as the best new seedling climber or Rambler Rose of British origin introduced in 1932.

Flower of Fairfield

Each 90c, Doz. \$9.00

Also called the "Everblooming Crimson Rambler." Combines the beauty of the well-known Crimson Rambler with the continuous-blooming habit, the new growth bearing large clusters of crimson blooms through the summer continuously.

Mary Wallace

Each 90c, Doz. \$9.00

A Pillar Rose, making a fine, strong, self-supporting plant 6 to 8 feet high, with large, glossy foliage, blooming with great freedom in spring and bearing a large number of fine buds in summer and fall. Flowers very large, generally exceeding 4 inches across; well formed, semi-double, of a bright, clear rose-pink with salmon base.

Mme. Gregoire Staechelin

Each 90c, Doz. \$9.00

The plant is of strong climbing habit, growing 12 feet or more high and has large, disease-resistant foliage. At the tips, the long pointed buds are crimson at first as the petals divide, then the firm outer petals show splashes of carmine as the flower opens with an iridescent pearl-pink inside. Very fragrant.

New Dawn (U. S. Plant Patent No. 1)

Each \$1.50, Doz. \$15.00

(Everblooming Dr. W. Van Fleet.) Identical in every way with its parent in size and formation of its flowers, color, etc., but blooms continuously throughout the summer and fall.

Paul's Scarlet Climber

Each 90c, Doz. \$9.00

Flowers are semi-double, very freely produced in clusters of from 3 to 20 flowers each on much branched canes. It is of strong climbing habit and perfectly hardy. One of the most popular of Climbing Roses.

Silver Moon

Each 90c, Doz. \$9.00

Beautiful semi-double flowers, 4½ inches and over in diameter, pure white in color; petals of great substance, beautifully cupped, forming a Clematis-like flower. The large bunch of yellow stamens in the center adds to its attractiveness.

TRAILING ROSES

Max Graf

Each 90c, Doz. \$9.00

A splendid trailing, pillar, or climbing Rose with large single bright pink flowers having prettily crimped petal edges. Fine for planting on steep banks or for trailing over a stone wall.

Wichuraiana (Memorial Rose)

Each 90c, Doz. \$9.00

Fragrant, single, pure white flowers with yellow stamens followed in the fall by bright red hips or berries. It has dense evergreen foliage.

ROSA DAMASCENA

The Damask Roses are very hardy and make robust growth, clothed with large, rough, light green leaves. Their flowers are very freely produced and are generally borne in trusses of three or more. The fame of their powerful fragrance is second only to that of the Cabbage and the Moss Roses.

York and Lancaster

Each \$1.00, Doz. \$10.00

This historical Rose is said to have appeared in an English garden soon after the War of the Roses and the historical description said that "It has irregularly shaped flowers which may be pale red or pure white, or part red and part white. Flowers of these different colorings may, and often do, appear on the bush at the same time." The blooms are richly fragrant with the true Damask scent.

Paul's Scarlet Climber

Climbing Rose, Mme. Gregoire Staechelin

Rosa Damascena, York and Lancaster

Perpetual Flowering Single Hybrid Tea Roses

Single Roses have an appeal which enthalls many by their artistic beauty. More and more gardeners include Single Roses for their simple beauty in the garden. Single Roses also lend themselves exceptionally well to cutting and when properly arranged in a suitable container they present a picture, the like of which is not easily obtained with most other flowers. We have selected the most outstanding from every angle.

Cecil

A very free-flowering Single Rose and the only good yellow in existence. The blooms are a glorious Buttercup-yellow, well displayed by the fine, large, broad petals. Robust growing plants of excellent foliage. When in full bloom are completely covered with flowers.

Each \$1.00, Doz. \$10.00

Dainty Bess

An exceedingly charming and daintily colored Single Rose of perfect form. The broad petals are delicate shell-pink which form a beautiful contrast to the conspicuous bunch of crimson stamens. It is always greatly admired for its charm and loveliness, and the blooms last exceptionally long.

Each 90c, Doz. \$8.50

Innocence

Out of tapering buds come enormous pure white blooms with twelve petals arranged around the center composed of wine-red stamens tipped with golden yellow anthers.

Each 90c, Doz. \$8.50

Cameo (See page 48)

Cecile Brunner (Shown life size)

Single Hybrid Tea Rose, Dainty Bess

Sweetheart Roses

Cecile Brunner (Sweetheart Rose)

Each \$1.00, Doz. \$10.00

A dainty variety with small double blooms of perfect form. They are arranged in many-flowered, graceful sprays. Soft rosy pink on a rich creamy white ground. Moderately fragrant.

Climbing Cecile Brunner is Offered on

Page 49

Topaz (Yellow Sweetheart Rose)

Each \$1.25, Three \$3.15

(Plant Patent No. 300.) New. Exquisitely formed sulphur-yellow buds open to starry 60-petaled blooms that do not fade white.

Miniature Alpine Roses

Rosa Rouletti

Rouletti Each 50c, Three \$1.10,
Doz. \$3.30, 100 \$20.00

After being lost to cultivation for many years, a plant was found growing in an Alpine window-garden by M. Correvon, the Swiss rock garden authority. It is rapidly attaining popularity as a rock garden "gem" and as an edging plant in front of Rose beds. The plant grows about 6 inches tall in bushy form, is healthy and hardy, and blooms from early summer until frost. The tiny, rose-pink, quite double flowers are less than an inch in diameter.

Oakington Ruby

Each 50c, Three \$1.10,
Doz. \$3.30, 100 \$20.00

Received an Award of Merit from the English Royal Horticultural Society in 1934. It is a real dwarf Rose, will not attain a height of more than 12 inches. The flowers are fully double, deep crimson in the bud, opening to rich ruby-carmine often 1½ inches in diameter. It is very free-flowering, commencing in May and continuing until late autumn.

Pumila

Each 50c, Three \$1.10,
Doz. \$3.30, 100 \$20.00

Double rose-pink flowers about twice as large as Rouletti. Noted for its freedom of bloom.

Ranunculus-Flowered Cluster Rose,
Carroll Ann (See page 48)

Shrub Roses

NEW SHRUB ROSES

Eos *Each \$1.50, Doz. \$15.00*
The flowers are warm, glowing sunset-red in early stages becoming a lively red paling to white in the center. This charming sparkling range of tints reminds one of the colors displayed in the sky at dawn. Named for the Greek goddess. The dull dark green foliage forms a perfect foil for the semi-double flowers which are produced in masses. Ultimate height about 5 feet.

Lipstick *Each \$1.00, Doz. \$10.00*
A "shrub" Rose which will reach a height of 5 to 6 feet. It blooms continuously during the summer, forming large clusters of semi-double flowers. The color is a clear cerise with salmon shadings. This European variety certainly is a most interesting addition. There are so few tall growing Roses; it will be most welcome.

Nevada *Each \$1.50, Doz. \$15.00*
A superb new shrub Rose which grows about 3 to 4 feet tall. In spring it is covered with enormous nearly single flowers 5 inches across. The buds are soft pink gradually fading to snow-white. The superb beauty of the flower is enhanced by a large bunch of golden yellow anthers. The plant is well covered with a healthy trouble-free pale green foliage. Here is a superb novelty for the shrubbery border.

Skyrocket *Each \$1.00, Doz. \$10.00*
A real everblooming Shrub Rose producing enormous flower clusters throughout the entire season. Makes a magnificent display with its large clusters composed of medium-sized brilliant red blooms. Of sturdy, upright habit which makes it most desirable planted either by itself or in combination with various kinds of shrubs. A forerunner of a distinct new race.

ROSA RUGOSA HYBRIDS

Rugosa Roses are particularly valuable for hardiness, healthiness, and ability to thrive under most adverse conditions of soil and climate, withstanding almost anything.

They are distinguished by erect, very spiny stems, and by their tough, curiously wrinkled or rugose foliage. Particularly valuable for hedges or shrubberies in seashore gardens and regions where the winters are very severe. Many are everbloomers.

Some of the Hybrids do not have the true Rugosa foliage, but this does not mean that they are not as hardy. Nothing could be harder than the Grootendorst types, yet their foliage does not appear to have much Rugosa in it.

Those particularly good for hedges are marked with an *.

Planting Distance: Hedges—1½ to 2 feet. Shrubs—3 to 4 feet.

Pruning: Shrub types—cut out old canes and shorten new canes to 4 feet. Height: 4 to 5 feet, except where noted.

Agnes *Each 90c, Doz. \$9.00*
Coppery yellow buds; flowers become pale amber-gold upon opening; sweetly fragrant. Freely produced. Six feet.

Blanc Double de Coubert *Each \$1.00, Doz. \$10.00*
It is one of the earliest Roses to bloom, starting to open its semi-double, pure white blossoms in late May and continuing freely until late fall. The exceptionally fine fragrance alone qualifies it as a garden Rose. For hardiness, tolerance and usefulness, Blanc Double de Coubert has no equals. Maximum height 4 to 5 feet. Morton Arboretum, Lisle, Illinois Test Garden Bulletin of July, 1940.

Dr. Eckener *Each 90c, Doz. \$9.00*
Large, fragrant, semi-double flowers of coppery rose and golden yellow; very fragrant. Really a Hybrid Tea flower on a Rugosa plant. Remontant. Five to six feet.

***F. J. Grootendorst** *Each 90c, Doz. \$9.00*
Small, bright red, fringed flowers. Large clusters freely produced throughout the growing season. Four feet.

Mrs. Anthony Waterer *Each 90c, Doz. \$9.00*
(Waterer, 1898.) Very bright, semi-double crimson flowers, fragrant and free. Remontant.

***Rugosa** *Each 90c, Doz. \$9.00*
Large, single flowers in shades of pink, magenta, and rosy crimson. Repeats during the season. Attractive large red berries.

Rugosa Alba *Each 90c, Doz. \$9.00*
Large single white flowers throughout the entire summer followed by large red fruits.

New Shrub Rose, Lipstick

AUSTRIAN BRIER ROSES

A very hardy type which will give the best results with very little pruning, since the flowers are produced from the upper end of the old wood. This class is noted for its excellent rich tones of yellow and copper.

Austrian Copper *Each 90c, Doz. \$9.00*
Bright coppery red; reverse golden yellow.

Harrison's Yellow *Each 90c, Doz. \$9.00*
Fine double golden yellow flowers.

Golden Rose of China

ROSA HUGONIS

A splendid Rose for the shrubbery border with delicate yellow single flowers produced on long arching sprays early in May; after it has finished flowering it remains an attractive decorative bush for the balance of the season; perfectly hardy.

Each \$1.00, Doz. \$10.00

A Message from M. H. Horvath

HOLM & OLSON, Incorporated
Landscape Architects

St. Paul, Minn.
November 22, 1939

Wayside Gardens,
Mentor, Ohio
Gentlemen:

Having tried the Rose "Mabelle Stearns" for two years it is a pleasure to inform you that this variety has made strong, healthy growth, free of black spot all season and was in bloom continuously till frost. It appears to be the coming type of Rose as the foliage is clean at all times, and flowering constantly.

Yours very truly,

HOLM & OLSON, Inc.
C. A. Mathes
Mgr. Landscape Dept.

My interest was early given to the development of better hardy climbing Roses. In 1892 I obtained the first hybrid with the Rosa Wichuraiana of Japan, thus beginning the modern strain of large-flowered hardy climbing Roses. In 1897 I exhibited 14 new varieties at the first show held by the American Rose Society in the famous Eden Musée of New York City. These were seen and admired by many rosarians, with the result that many similar hybrids were made.

The continuous inbreeding in the attempt to get larger size and brighter color into the Wichuraiana strain weakened it to the point where most of the varieties failed in winter hardiness. Naturally there resulted a demand for hardier and more sturdy Roses in varieties which would not require pampering but which, with reasonable care, would live through most winters without loss.

Responding to this need, my new Rose originations cover the full range of colors, and many of these new climbing Roses have flowers as large and fine as any existing Hybrid Tea. Further, as Dooryard or Hedge Roses there has resulted a form and shape of plant not hitherto seen. See Mabelle Stearns, page 57. These results were accomplished through painstaking and eventually successful experiments in the introduction of other species strains not previously used.

I am working still further to augment these qualities so that Roses may be wintered over successfully even in the far North.

It has been arranged to have The Wayside Gardens Company introduce and disseminate these new Roses of my origination. Several dozens of new creations are under test, but only those of decided merit will be marketed. The varieties offered this year, each one well worth while in itself, form, I believe, the beginning of a new and most valuable strain of Roses. They will be offered under the designation of "Horvath's Setigera and Xanthina Hybrids."

Respectfully yours,

M. H. HORVATH

Doubloons (U. S. Plant Patent No. 152)

LARGE-FLOWERED YELLOW CLIMBER
ROSA SETIGERA HYBRID by HORVATH

A vigorous climber with heavy wood and handsome, glossy foliage. When in bloom the whole plant is literally covered with clusters of large, golden blooms. Buds ovoid, deep saffron-yellow, flower large, double, cupped; rich gold, fading but little; fragrant. Gives two liberal crops six weeks apart if the first spring blooms have not been cut. We consider this the best hardy yellow climber.

Each \$1.25, Doz. \$12.50

Hercules

(U. S. Plant Patent No. 296)

GIANT DEEP PINK CLIMBER ROSA SETIGERA HYBRID by HORVATH

Color of Flower: Clear, deep rose-pink of same shade as Dame Edith Helen. The flowers are huge, fully 5 to 6 inches across when fully open. Slow in opening, lasting a long time. The flowers, though large, are refined and equal the finest Hybrid Tea Rose. Flowers are produced abundantly on spur branches both on main stalk and laterals 1 to 2 feet long. They are stiff and bear their heavy load without bending. Flowers do not droop, having a very stiff neck, and have from 50 to 55 petals. The appearance of the plant is one of noble ruggedness. Without a doubt the finest pink large-flowered climber to date. (Color illustration, page 57.)

Foliage: The rich, shining, bronzy green leaves are larger than those of the Mahonia or Oregon Grape and are ornamental in themselves.

Hardiness: Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 14 to 15 feet.

Each \$2.00, Doz. \$20.00

Horvath Climbing Rose, Polaris

Horvath Climbing Rose, Hercules

Polaris

(U. S. Plant Patent No. 386)

FRAGRANT WHITE CLIMBER WICHURAIANA-MULTIFLORA HYBRID by HORVATH

A very hardy climber of robust growth. Disease resistant and exceedingly free blooming. The pure white individual flowers are often 2 inches in diameter and occur in large clusters. It is especially valuable where purity as well as profusion of bloom is essential. In addition we believe it to be the most fragrant of the Climbing Roses. The foliage is light and shiny green. It sparkles in sunlight and is ornamental in itself throughout the summer, contrasting with the pure white flowers. During its test period we have never seen any signs of black spot. One of the best hardy white Climbing Roses. (Color illustration, page 55.)

Each \$2.00, Doz. \$20.00

Thor (U. S. Plant Patent No. 387)

GIANT SCARLET CLIMBER
ROSA XANTHINA HYBRID by HORVATH

Color of Flower: Brilliant scarlet-red of the same shade as Crimson Glory. The flowers are perfectly formed, very slow in opening and when fully open, 4 to 5 inches across. The flowers, although large, are perfectly shaped and just as handsome as those of a Hybrid Tea Rose. Flowers are produced abundantly on spur branches 12 to 18 inches long, which are stiff, holding the flowers in perfect position. Flowers have from 55 to 60 petals, do not discolor when fully open. Without any question of doubt, the finest scarlet Climbing Rose yet introduced. Horvath claims this to be the finest creation to date.

Foliage: Rich bottle-green, quite abundant. No mildew or black spot in our test garden for three years.

Hardiness: Can be successfully grown with protection in colder regions.

Size of Plant: Ultimate height about 8 to 10 feet. Canes are very plentiful, not overly thorny.

Each \$2.50, Doz. \$25.00

New Horvath Climbing Rose, Thor

New Horvath Climbing Rose, Meda (See page 56)

New Horvath Climbing Rose, Buff King

Buff King

LARGE-FLOWERED HORVATH SETIGERA HYBRID

Color of Flower: Amber and buff shadings, difficult to describe. Buds ovoid, deep amber colored, opening into large cup-shaped flowers which are produced on spur branches both on main stock and laterals, 12 to 15 inches long. This is the amber-colored form of Doubloons.

Foliage: Glaucous green and healthy. Seldom affected by black spot or other Rose maladies.

Hardiness: Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 10 to 12 feet. Canes are very plentiful which is in part responsible for the tremendous amount of flowers produced.

Each \$2.00, Doz. \$20.00

New Horvath Climbing Rose, Polaris (See page 53)

New Horvath Climbing Rose, Federation

Federation (U. S. Plant Patent No. 287)

CLIMBING ROSA SETIGERA HYBRID by HORVATH

Color of Flower: Lively, brilliant and sparkling rose-pink with lighter center, iridescent orange undertone. Flowers are produced in very large quantities in bracts on stems 12 to 24 inches long; individual blooms 3½ inches in diameter. Petals wavy and crested, forming charming cuplike, semi-double flowers which have from 24 to 36 petals. Excellent for cutting. Very sweetly scented.

Foliage: Rich green, quite dark. We have never seen black spot or mildew on this variety in our test garden for four years. Would say absolutely mildew proof.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 12 to 14 feet. Canes are very plentiful which is in part responsible for the tremendous amount of flowers produced.

Each \$1.50, Doz. \$15.00

Mercurius

Mercurius (U. S. Plant Patent No. 385)

LARGE-FLOWERED APRICOT-PINK CLIMBER BY HORVATH

Color of Flower: Sparkling two-toned apricot and coral-pink cup-shaped flowers which open slowly and do not fade. When fully open they measure 4 to 5 inches across. The flowers and buds are as handsome as any Hybrid Tea Rose. Flowers are produced abundantly on spur branches both on main stalk and laterals 1 to 2 feet long. They are stiff, bearing their flowers without bending. Again we claim this variety to be "tops" in this particular color range. Referred to by visitors as perfectly beautiful.

Foliage: The leaves are shiny and large, abundantly produced. In the four years of testing we have seen no black spot or mildew.

Hardiness: Can be successfully grown with protection in the colder regions.

Size of Plant: Ultimate height about 7 to 9 feet.

Each \$2.00, Doz. \$20.00

[56]

Meda (U. S. Plant Patent Applied For)

LARGE-FLOWERED SHRIMP-PINK CLIMBER ROSA SETIGERA HYBRID by HORVATH

(Color illustration, page 54.)

Color of Flower: The outer petals are a beautiful pale buff-shrimp-pink, increasing in intensity to a deeper and richer shading towards the center, until a beautiful tone of carmine-pink has been reached. The petals are imbricated and artistically formed, resembling dozens of shining seashells, shaping the flower into the perfect form of a Hybrid Tea Rose. The flowers occur singly or in clusters of three on side laterals which are 10 to 12 inches long, a perfect length for cutting. The buds are perfectly formed and open into flowers with high centers. The size of the flowers when fully open measures 3½ to 4 inches across. The substance of the flower petals is astounding, it seems impossible to crush them. They withstand adverse weather, high winds without any damage, unlike anything yet produced in Roses. Last, but not least, the fragrance of this variety is delightful, almost spicy and very intense.

Foliage: The leaves are of leathery texture, colored deep bottle-green and practically immune to black spot, mildew, or other Rose maladies.

Hardiness: Can be successfully grown with protection in the colder regions.

Size of Plant: Ultimate height about 10 to 12 feet. Stems are heavy and cane-like, requiring not much of any support. Climbing Rose Meda can be grown to resemble a huge Rose bush, simply by cutting back the stiff branches to three, four or five feet, or whatever size bush is desired. Try growing it flat against the wall of your house or other buildings. It will resemble closely the trained trees of the old world.

Each \$2.00, Doz. \$20.00

Horvath Climbing Rose, Meda

Mabelle Stearns (U. S. Plant Patent No. 297)

PERPETUAL FLOWERING DOORYARD ROSE A ROSA SETIGERA HYBRID by HORVATH

Color of Flower: Peach-blossom-pink with silvery reflexed, sharply recurving imbricated petals, center showing a lovely orange undertone. Flowers in panicles. Persistent grower and bloomer. Flowering period starting in June, lasting until frost; starts blooming about two weeks later than Hybrid Tea Roses, but is never without flowers the entire summer and fall. Flowers excellent for cutting and decorative work, are fully double, having from 50 to 60 petals, and are delightfully fragrant, lasting a week to ten days in water when cut. Exceptionally valuable as a flower for cutting.

Foliage: Bottle-green, rich and clean. Strong resistance to ordinary Rose maladies.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height about 2 feet, spreading from 6 to 8 feet or more if permitted. It is a decumbent, spreading, matlike plant, making it pre-eminently fit for ground covering, low beds or as bold edging to drives.

Each \$1.50, Doz. \$15.00

Forsythia

The name "Golden Bell" has been attached to this family of handsome shrubs, but nobody uses it, and in consequence, the name of William Forsyth, one of the greatest gardeners in history, is perpetuated in common speech through the Forsythias, which have become one of the most popular groups of shrubs grown in gardens. They should be given a place where they can grow untrammelled by restricted space and without pruning. There is nothing so miserable to look at as a Forsythia which has been clipped into some formal shape, or a line of them compelled to serve as a hedge; and there is nothing more beautiful and more expressive of springtime than the early grace of a Forsythia allowed to develop naturally according to its own sweet will.

FORSYTHIA, SPRING GLORY

This new Forsythia is without question the loveliest of all the Golden Bells.

When seen in bloom, it is a sight not easily forgotten, its large pale yellow flowers completely cover the branches in such masses that they literally bend with their weight.

It would not be far amiss to say that it produces twice the number of blossoms of the common Forsythias. Further, the pale yellow color is very pleasing and brilliant, infinitely more attractive and cheerful than that of the varieties now in general use. If you desire a brilliant and cheerful display in your garden in early spring, plant a few Forsythia Spring Glory. There is nothing which will make you forget winter as quickly nor announce spring as flamboyantly.

Each \$1.50, Three \$4.00, Doz. \$15.00

Syringa — Lilacs

THE CREAM OF THE

New French Lilacs

The following are the "cream" of the cream of Lilacs. They stand out above other varieties because of their enormous trusses and exquisite colors, as well as their fragrance. No more need be said than "these are the best to date." Although our collection of French Lilacs comprises only a limited number of varieties, the purpose of this list is to bring to your attention the very newest and most interesting developments.

Ami Schott *Each \$3.50, Three \$10.00, Doz. \$35.00*
Magnificent double deep cobalt-blue flowers with paler reverse. The panicles are dense and broad. This is a superb novelty.

Etna *Each \$3.50, Three \$10.00, Doz. \$35.00*
Broad panicles of medium sized regular flowers, deep claret-purple, late. Practically the most approaching to red. Double.

Capitaine Perrault *Each \$2.50, Three \$7.00, Doz. \$25.00*
Immense spikes of large, full, double flowers of a superb rosy mauve, buds of the same color. A magnificent late flowering variety.

General Pershing *Each \$2.25, Three \$6.00, Doz. \$22.50*
Double flowers of a quite unusual size, broad lobes of a rich purplish violet, paler underneath, big purple buds. Late. Very beautiful.

La Vestale *Each \$3.00, Three \$8.50, Doz. \$30.00*
Immense trusses in great abundance of purest white; single.

Marechal Foch *Each \$3.00, Three \$8.50, Doz. \$30.00*
A sensational new Lilac. The expert horticulturist, Felix Crousse, pronounced this to be the handsomest of all single Lilacs. The high panicles, carried by long, straight stems, are truly immense and very light. The individual flowers, fully one inch in diameter, perfectly shaped, are of a bright carmine-rose with a pink eye when opening, contrasting with the mauve of the older flowers and the deep carmine of the buds. Early.

Massena *Each \$3.00, Three \$8.50, Doz. \$30.00*
Strong, upright spikes, individual flowers over one inch across, of the deepest pure red.

Miss Ellen Willmott *Each \$2.25, Three \$6.00, Doz. \$22.50*
Extremely floriferous, immense double flowers of purest alabaster-white. Large branched panicle, round flowers.

Mrs. Edward Harding *Each \$2.50, Three \$7.00, Doz. \$25.00*
This variety was awarded in 1921 the special prize founded by Mrs. Edward Harding for the best double red Lilac. Large panicles of large, full flowers of the brightest carmine.

Paul Deschanel *Each \$3.50, Three \$10.00, Doz. \$35.00*
Has immense panicles composed of broad individual flowers of charming tints of rosy lilac. The buds are deep in color, almost ruby-red, creating a fine contrast full of color and life. It is a very free flowering variety, fine for cutting also.

President Lincoln *Each \$2.25, Three \$6.00, Doz. \$22.50*
Single flowers three-fourths to seven-eighths inch across, purplish lilac in bud, Wedgwood-blue when fully open, large clusters. Branches ascending and habit somewhat compact. Very vigorous and early in bloom.

THE DAPHNE LILAC

Microphylla *Each \$3.00, Three \$8.50, Doz. \$30.00*
A remarkably lovely shrub, deliciously fragrant, introduced from China. Graceful, slender stems; pinkish red buds opening to pale pink, loose panicles of small individual florets. The flowers produce a two-tone effect that is very pleasing and novel. The main truss is on top of each stem and smaller trusses are set down the branches, so that the entire plant forms one large bouquet. The foliage is very pretty, about one inch long and three-fourths inch wide. Blooms again in the fall. The fragrance of this Lilac is something never to be forgotten. More like that of Daphne and Gardenia blended than the Lilac fragrance we are familiar with.

HYBRID HUNGARIAN LILAC

Henri Lutece *Each \$1.50, Three \$4.00, Doz. \$15.00*
A hybrid between *S. villosa* and *S. josikea*, with a round, shapely bush about midway in size between the two parents. The blooms are enormous panicles, open, plumelike in appearance, held erect and of beautiful light violet in color. Has the heavy foliage of *Josikea*. A fine ornamental shrub coming into bloom about a week after the French Lilac. This variety deserves a place in all Lilac plantings. One who has never seen one of these hybrid Lilacs cannot imagine how beautiful they are and how different from other Lilacs.

A very fine selection of unusual shrubs and hardy plants will be found in our 192-page illustrated catalog which will be mailed to you upon receipt of 25 cents.

Philadelphus - Mockorange

Pekinensis (Brachybotrys) Each \$1.25, Three \$3.25, Doz. \$12.50
Pekin Mockorange. A beautiful Mockorange from China. In fact, experts claim this to be the finest species from that immense country. Its 5- to 8-foot, slender branches are covered from end to end with racemes of 1-inch, fragrant, white flowers. It is one of the showiest of June-flowering shrubs. It has fine, compact habit of growth and is perfectly suited for the shrub border.

Zeyheri Each \$1.25, Three \$3.25, Doz. \$12.50
The Snowstorm Mockorange. Few shrubs produce as many flowers as does this Mock Orange. In early June it is a veritable hill of snow. When the blooming period is over, it is a showy shrub with good, clean, bold foliage. Altogether a very worth-while, rare plant you will be proud to point out to your friends. Ultimate height 6 to 8 feet.

NEW FRENCH MOCKORANGES

Atlas

New Giant Mockorange

This giant-flowered Mockorange, with its pure white blooms as large as those of Dogwoods, will be sensational in your garden and we predict will replace many of the more common and indifferent shrubs. This magnificent hybrid came to us a few years ago from France. It has been carefully tested and not found wanting. Hardy, of easy culture, grows most anywhere, good upright habit, and covered with immense blooms which slightly lack being 3 inches in diameter that are magnificent for cutting. Decidedly a "must" for every shrubby border.

Each \$2.50, Three \$7.00, Doz. \$25.00

Belle Etoile

The milky-white flowers are most unusual in that they have a conspicuous, light purple blotch in the center. For fragrance, very little more can be asked than the perfume wafted through the garden by this lovely bush. It's a vigorous, but neatly growing shrub, develops with age into a good looking plant of about 5 feet in height. It is one of our last importations from France, and a few years ago received the Award of Merit from the Royal Horticultural Society of Great Britain. Dig up an old, unsightly bush and replace it with this beautiful, sweetly smelling Mockorange.

Each \$2.50, Three \$7.00, Doz. \$25.00

Enchantment

New Tall-Growing Double Mockorange

Tall double Mockorange, a gorgeous shrub. Has erect branches furnished with long thick panicles of double white flowers. The blossoms are set very closely, creating a most striking effect. Sweetly fragrant. Does quite well in light shade. Very hardy and easily grown. As its name implies, it will enchant you. Ultimate height about 6 to 7 feet.

Each \$2.00, Three \$5.75, Doz. \$20.00

Girondelle

New Dwarf Double Mockorange

This lovely low growing shrub has immense quantities of fully double milky white, rose-like flowers of perfect form. They are produced in heavy panicles on plants about 3 to 3½ feet high. This is a most desirable variety because it is so low growing. It lends itself to foreground planting and "faces down" the taller shrubs in the background. Its neat habit, extreme floriferousness, delicious fragrance, make it one of the most desirable of low growing shrubs.

Each \$1.50, Three \$4.00, Doz. \$15.00

Innocence

New Alabaster-White Mockorange

The long arching branches carry a wealth of large single alabaster-white flowers. So heavily loaded with flowers are the slender branches as to assume the appearance of sheaves of bloom. They are of such purity of whiteness as to make all other Mockoranges seem gray by comparison. The fragrance is delightful, more delicate, yet more penetrating than that of Jasmine. There is no doubt or question as to the superb quality of this shrub. Its flowers are so intensely white, one constantly marvels at its ethereal effect. A "must" in very garden. Ultimate height about 6 feet.

Each \$2.00, Three \$5.75, Doz. \$20.00

Viburnum - Snowball

VIBURNUM OPULUS NANUM

The Hedge Viburnum

A dwarf, stubby plant never over two feet high, particularly well adapted for edgings and hedges in wet or heavy clay ground where it is difficult for other plants to thrive. Does well in light shade. It is extremely hardy. Can be clipped or left natural as desired. In either case it grows into a fine compact and low hedge which requires no care.

Each 75c, Three \$2.00, Doz. \$7.50, 100 \$40.00

Opulus Xanthocarpum (Apricot-Fruited Cranberry Bush)

Each \$2.00, Three \$5.75, Doz. \$20.00

This makes a handsome bush 5 to 7 feet high. It is particularly attractive from July to December after when its beautiful blossoms are replaced by immense clusters of ½-inch apricot-yellow fruits. The clusters of berries are many and heavy, and create a beautiful show against the rich green foliage. The heavily fruited branches may be cut for indoor decoration. They combine stunningly with Gladioli, Dahlias, or Chrysanthemums. The clusters of fruits retain their beautiful apricot-yellow tint for 6 weeks or more. Easily grown, hardy as an oak. May be planted in fall or spring. The plants we ship are about 3 feet tall.

Tomentosum

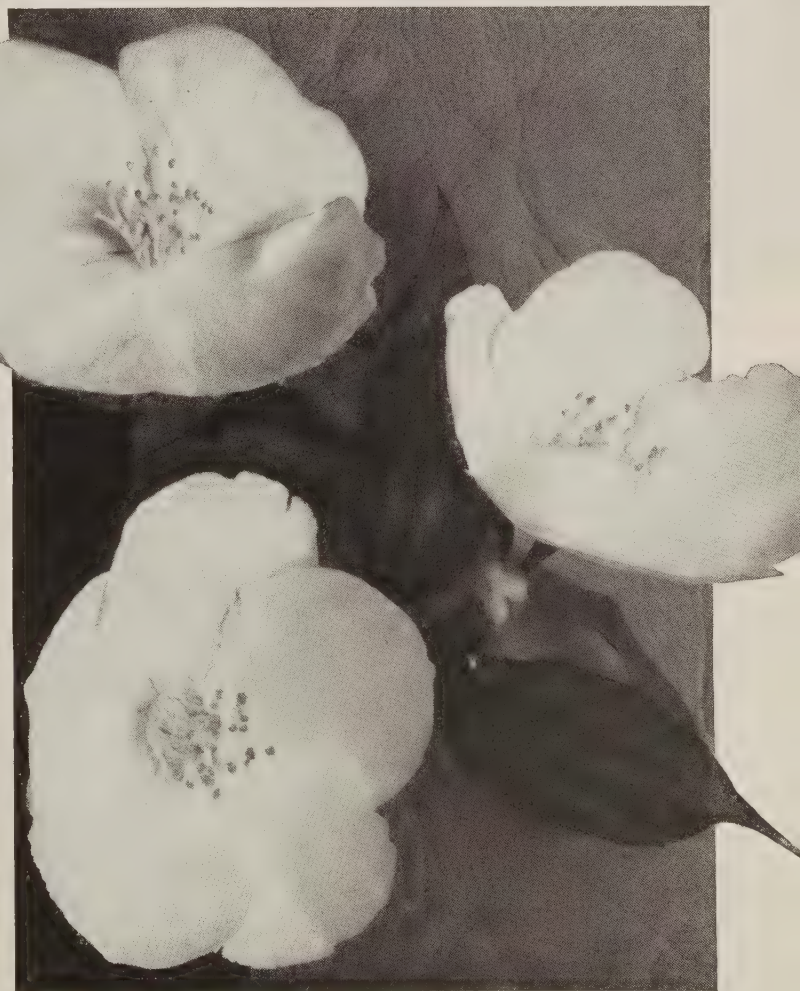

Each \$1.25, Three \$3.25, Doz. \$12.50

If all the other Viburnums were thrown into the discard, this one would justify the family. It is a superb flowering shrub and the spectacle of a good Tomentosum in bloom is a sight not ever to be forgotten. In early June the horizontal branches become perfect mosaics of wheel-like clusters ringed with dazzling white flowers, with spidery sunburst centers, resembling a fall of snow. Ultimate height 8 feet.

Tomentosum plicatum

Each \$1.50, Three \$4.00, Doz. \$15.00

The Japanese Snowball has its pure white flowers arranged in a perfectly round ball 3 to 4 inches across. Its clean foliage is quite similar to the Tomentosum. Much neater and in every way superior to the common Snowball which is usually covered with aphids. It makes a commanding specimen and there are few shrubs handsomer than this when well grown.

New Giant Flowered Mock Orange, Atlas (Flowers illustrated)
(About one-half size)

Viburnum Burkwoodi

(New English Hybrid)

Improved Carlesi. Waxy bluish-white and delicately fragrant, the flowers of this new fragrant Viburnum are produced in early spring when the leaves are unfolding. They form round, domed clusters, and the gardenia-like fragrance is so sweet as to pervade a large area. The plant grows about 6 feet high and 4 to 5 feet in diameter. It likes a well drained, sunny place, with plenty of moisture. This is a new jewel for the garden—a real aristocrat. For the small garden, where there is room only for the choicest shrubs, the one Viburnum above all others that should be grown, is Viburnum Burkwoodi. Foliage brilliant in autumn, shiny dark green all summer.

Bushy plants, 3-4 ft., B&B Each \$3.00, Three \$8.50, Doz. \$30.00
 Bare root, 2-3 ft. Each \$2.00, Three \$5.75, Doz. \$20.00
 Bare root, 18-24 in. Each \$1.50, Three \$4.00, Doz. \$15.00

Daphne, Somerset

(Plant Patent No. 315)

This deliciously fragrant and **easy to grow** Hybrid Daphne originated in England a few years ago. It has received the highest honors from The Royal Horticultural Society of Great Britain. When first shown in London, England, it was one of the highlights of the show. It has been on test at Wayside Gardens for five years, and has successfully wintered without protection all kinds of weather that occurred during those several years.

During May and early June the plants are covered with delightfully scented bluish-pink, star-shaped flowers in clusters 6 to 8 inches long. The fragrance is not unlike that of Daphne Cneorum.

The foliage is rich dark green, giving the plants the appearance of Boxwood. It remains green in northern Ohio until the beginning of March when the new leaves push the old ones off the branches. In California, Daphne Somerset is evergreen.

Daphne Somerset may be used as a hedge. Spaced 18 inches apart, it will grow into a tight fine mass. It may be clipped formally and can also be pruned informally, if the wavy Boxwood effect is desired.

Left unclipped it grows about 3 feet high and 2½ feet wide. Can be kept 24 inches high and 18 inches wide without difficulty.

It is a lovely low shrub for in front of the shrub border and blends happily with hardy plants in the flower border.

Visitors to our nursery, professional as well as amateur, all have admired it. Mr. F. F. Rockwell, garden expert and writer of many horticultural books and articles, remarked when he saw it in bloom this spring: "Here is one of those rare things that happens once every 25 years or so." It is a choice plant with a great future.

FLOWERING PLANTS

	Each	Three	Doz.

24-30 inches	5.00	14.00	50.00

Malus --- Chinese Flowering Crabs

Two groups of flowering trees, the Cherries and the Crabs, stand far above all others in daintiness and grace. The Japanese Cherries are well advertised by the spectacular planting in Washington, D. C., but the even lovelier Crab Apples have never received justice at the hands of American planters. Crabs are extremely hardy and will thrive in positions and exposures which would be fatal to the more delicately constituted Cherries. They also exhibit a greater variety in character

Arnoldiana Each \$1.50, Three \$4.00, Doz. \$15.00

Arnold's Crab was originated in the Arnold Arboretum at Boston, and was evidently a seedling from some of the many beautiful varieties which are planted there. The semi-double flowers are pink, turning white after a few days, and droop gracefully in long-stalked clusters. In the autumn the tree is adorned with pendulous clusters of waxy yellow fruits about the size of a cherry. Its habit is compact and it is seldom more than 10 to 12 feet high.

Aldenhemensis Each \$1.50, Three \$4.00, Doz. \$15.00

A beautiful brilliant kind with rich purple-red foliage. The flowers are semi-double red with purple glow. When in bloom it is a compellingly beautiful plant. Ultimate height 20 feet.

Floribunda Each \$1.50, Three \$4.00, Doz. \$15.00

Is "the" favorite. It is of spreading growth and prolific flowering. The blossoms are a light pink blending into a white, followed by an abundance of yellowish green fruit relished by the birds. The flower buds are very beautiful, displaying a brilliant pink before bursting into early bloom. It can be grown as a tree, but it is best as a bush—a handsome and very attractive variety. As pink is probably the favorite color in the garden, Floribunda has always enjoyed great popularity. It blooms when about 12 inches high.

Floribunda atropurpurea Each \$1.50, Three \$4.00, Doz. \$15.00

In habit it exactly resembles Floribunda, but it is much more brilliant than that variety. The flowers are red and when this tree is in bloom it will stop every passer-by. The bronzy red foliage also contributes mightily to its showiness and beauty. In the autumn when the thousands of small apples turn red you again behold a lovely sight. It is a strong grower and will bloom profusely on small plants. In fact, the flowers are so profuse they completely hide all twigs and branches.

of tree, a wider range of color in their blossoms, and in autumn are adorned with glittering clusters of fruit in shades of green, yellow, orange, scarlet, and crimson. No other flowering trees equal the flowering Crabs in profusion of bloom, and amongst other good qualities, varieties may be selected which have a restricted growth or dwarf habit so that they will never become too large and clumsy.

Ioensis plena Each \$1.75, Three \$4.50, Doz. \$17.50

Bechtel's Crab is a double form of the Wild Crab Apple of the Mississippi Valley. The original plant was discovered near Staunton, Illinois, in 1850, and was brought into cultivation about forty years later by a man named Bechtel. It is a robust, round-headed tree with double, pale pink flowers about 2 inches across, exactly like little roses. They have a delicate violet scent.

Pink Weeper Crab Each \$2.00, Three \$5.75, Doz. \$20.00

This is an unusually handsome Weeping Flowering Crab. The main stem is upright. The branches are weeping and droop onto the ground. The effect is like a fountain and when in bloom in spring, a picture not easily forgotten. Makes a perfect small specimen tree for the lawn. The flowers are crimson-purple when open; the buds blood-red. A beautiful flowering, small, weeping tree. Its attractiveness is prolonged by its fruit until late in the fall. Ultimate height 12 to 15 feet. We offer nicely shaped trees about 4 to 5 feet.

Purpurea Lemoinei Each \$2.00, Three \$5.75, Doz. \$20.00

The bronze-red leaves make an excellent background for huge masses of deep crimson flowers which are followed by small red fruits. This worthy hybrid is considered the best red flowering Crab.

Scheideckeri Each \$1.50, Three \$4.00, Doz. \$15.00

The flowers of Scheidecker's Crab are double, bright pink, last a long time, and the fruit, which is produced in great profusion, is waxy yellow. The tree has a regular pyramidal habit, about 15 feet high. Best and easiest to flower.

Theifera Each \$1.50, Three \$4.00, Doz. \$15.00

One of the favorites of connoisseurs is the Tea Crab, a stiff, erect plant 15 feet or more high, and in spring every limb, branch, twig and branchlet is buried in a cloud of rose-pink blossoms which slowly change to blush-white

Weigela, Bristol Ruby

New Weigela, Bristol Ruby

(Plant Patent No. 492)

A better 'Eva Rathke' has long been needed—Bristol Ruby is just that. Hardier and more vigorous, it makes a shapely thrifty plant with attractive rich green foliage. Color is a soft ruby-red shading to garnet-crimson, extremely pleasing in effect and without harsh tone. Attaining a height of 6 to 7 feet at maturity, it makes a perfectly formed, well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. Plant illustrated, photographed in June, 1941, is the original; blooming in its twelfth year with never a miss or off season. We doubt if this would be possible with any other Weigela. Excellent reports from Vermont and other difficult regions fully substantiate our own estimate of its unusual hardiness. Bristol Ruby is definitely superior to Eva Rathke in every respect and visitors here at the nursery are quick to note its better qualities.

Paeonias - Peonies

The numbers or RATINGS given immediately below the name are the averages tabulated from the votes of the members of the American Peony Society throughout America and Canada. Ten is highest possible score; none under seven are offered. This list contains the best only.

- Albert Crousse** 3-5 Eyes, Each 60c, Doz. \$6.00
(8.6.) Very fresh salmon-pink, delicate color. Large compact bomb shape; fragrant; erect; medium height. Late.
- Auguste Dessert** 3-5 Eyes, Each 75c, Doz. \$7.50
(8.7.) A large midseason rose-red, with large round petals, each edged with a distinct narrow silver border. Plant of medium height and a prolific bloomer. A brilliant light rose-red that is very distinct in color and form, and a most desirable sort.
- Baroness Schroeder** 3-5 Eyes, Each 50c, Doz. \$5.00
(9.0.) Rose type; late. White with shadings of flesh. This is one of the finest Peonies. Its immense flowers of great substance with high choice-shaped center are freely produced, lasting a long time. Very fragrant.
- Edulis Superba** 3-5 Eyes, Each 40c, Doz. \$4.00
(7.6.) Dark pink, even color; large, loose, flat crown when fully open. Very fragrant; upright growth; early bloomer. One of the best commercial Peonies. There is much confusion over this variety being sold under twenty or more different names.
- Felix Crousse** 3-5 Eyes, Each 50c, Doz. \$5.00
(8.4.) A deep rose-red showing no stamens. Consists of a central bomb of incurved petals surrounded by broad, prominent guard petals. A good all-purpose late red, the same type as the early red, Richard Carvel.
- Frances Willard** 3-5 Eyes, Each 75c, Doz. \$7.50
(9.1.) Rose type; opens an exquisite bluish-white, with an occasional carmine touch, changing to pure white. Listed among the world's twenty most beautiful Peonies.
- Festiva Maxima** 3-5 Eyes, Each, 40c; Doz. \$4.00
(9.3.) Paper-white, crimson markings in center. Very large and full rose type; very tall, strong growth. Early.
- Karl Rosenfield** 3-5 Eyes, Each 40c, Doz. \$4.00
(8.8.) Very large flower; globular, semi-rose type. Extremely vigorous grower, tall, and free flowering. As an early red it has no equal.
- Kelway's Glorious** 3-5 Eyes, Each \$1.50, Doz. \$15.00
(Kelway 1909.) (9.8.) Buds slightly tinted pink, opening into large blossoms of iridescent white. Fragrant. Late midseason. This is undoubtedly one of the finest Peonies.
- Kelway's Queen** 3-5 Eyes, Each \$1.50, Doz. \$15.00
(8.8.) Pink. A large, compact, rose type flower of uniform mauve, with center flecked crimson. A tall, strong grower, very profuse bloomer. Late midseason. One of Kelway's finest. Very distinct color, a great show flower.
- Lady Alexandra Duff** 3-5 Eyes, Each 75c, Doz. \$7.50
(9.1.) An immense, loosely built flower with great broad rounded petals. A pale blush-pink, fading to white, with yellow stamens. When not disbudded, the central flower is loosely double, of a rather flattened, circular form; central petals touched with carmine. A beautifully formed flower; sweet scented. Very floriferous. Very showy. Opening after the central flower, the side flowers come semi-double.

Anemone-Flowered Peony, Françoise

- Le Cygne** 3-5 Eyes, Each \$1.50, Doz. \$15.00
(9.9.) Very large, perfectly formed flower, freely produced; cream-white with a touch of green at the heart. The finest white. Received the highest rating of any Peony.
- Longfellow** 3-5 Eyes, Each \$1.00, Doz. \$10.00
(9.0.) Everyone concedes Longfellow one of the most popular red Peonies because of its distinct, fadeless color and general dependability, both for cutting and garden decoration. It is as striking in the field as in the show room. It comes into bloom early midseason. The plant has excellent foliage and strong, stiff stems. The flower is a bright crimson and is always found among the winning classes.
- Marie Crousse** 3-5 Eyes, Each 60c, Doz. \$6.00
(8.9.) The nearest to salmon-pink in Peonies. A most lovely variety. Tall stem and beautifully formed flowers of a charming shade of salmon-pink. Blooms midseason.
- Mary Brand** 3-5 Eyes, Each 60c, Doz. \$6.00
(8.7.) No red Peony ever won favor so quickly as Mary Brand. Always found among the winning reds in every show room. Comes into bloom with Frances Willard. Color so distinct it is easily recognized by amateurs, no matter how often they find it in our fields. A red in which there is little trace of purple. One of the most satisfactory reds as a cut flower as it will last a week if cut in the bud.
- Mons. Martin Cahuzac** 3-5 Eyes, Each \$1.00, Doz. \$10.00
(8.8.) Medium size, globular, semi-rose type. Dark purple-garnet with black reflex. The darkest Peony known. Strong, vigorous grower, free bloomer; midseason.
- Mons. Jules Elie** 3-5 Eyes, Each 60c, Doz. \$6.00
(9.2.) A beautiful silvery pink. Broad reflexing guards with a high pyramidal body of semi-quilled petals converging to an apex. One of the largest, handsomest and most lasting cutting sorts in existence.
- Martha Bulloch** 3-5 Eyes, Each \$1.00, Doz. \$10.00
(8.7.) Mammoth cup-shaped blossoms often 9 to 12 inches across. The largest of the good Peonies. Deep rose-pink in the center, shading to silvery shell-pink in the outer petals. Stalks strong and erect.
- Philippe Rivoire** 3-5 Eyes, Each \$1.50, Doz. \$15.00
(9.2.) A very bright rich crimson coming into bloom late midseason. The beautiful form of this flower and its uniform soft rich color make it a flower loved by all who see it. This is a fine show flower and is absolutely void of stamens. It has a pleasing fragrance and is the highest rated of any red Peony.
- President Roosevelt** 3-5 Eyes, Each 60c, Doz. \$6.00
(8.8.) A brilliant and striking variety, coming into bloom early midseason. Flowers very large, semi-rose type, and richly fragrant. Desirable as a cut flower, a garden variety, and a show flower.
- Primevere** 3-5 Eyes, Each 75c, Doz. \$7.50
(Lemoine 1907.) (8.6.) Guard petals deep creamy yellow and center petals sulphur-yellow. If not exposed to the full sun the flowers will hold a canary-yellow which is most attractive. Very fine. Midseason.
- Reine Hortense** 3-5 Eyes, Each 60c, Doz. \$6.00
(8.7.) A uniform Hydrangea-pink, with guard and center petals marked crimson. This is a variety that gives universal satisfaction and is both a show and garden variety. The plant is tall with long stiff stems. The flowers are slightly fragrant. A midseason variety.
- Richard Carvel** 3-5 Eyes, Each 60c, Doz. \$6.00
One of the best early reds which we have. Large, bomb-shaped blooms of the same style as Felix Crousse but better in color.
- Sarah Bernhardt** 3-5 Eyes, Each 60c, Doz. \$6.00
(9.0.) Apple-blossom-pink, very free blooming and flowers of perfect form on graceful stems. This is the ideal pink cut flower Peony.
- Solange** 3-5 Eyes, Each 75c, Doz. \$7.50
(9.7.) Flower very large, compact; rose type; outer petals delicate waxy white, deepening toward the center with shades of orange and golden brown. One of the most beautiful Peonies in existence; a strong grower and a late, free bloomer.
- Therese** 3-5 Eyes, Each 75c, Doz. \$7.50
(9.8.) A most desirable variety of a charming shade of violet-rose, changing to lilac-white. Develops a high crown; strong grower and very free bloomer. One of the best midseason sorts.
- Walter Faxon** 3-5 Eyes, Each 75c, Doz. \$7.50
(9.3.) Semi-rose type; midseason. A very distinct, delicate rose-colored flower. Tall, free bloomer. Those who know this variety consider it one of the best pure pinks.

PAEONIA OFFICINALIS (Early Peony)

- Officinalis Albo-Plena** Each \$1.00, Doz. \$10.00
Double white.
- Officinalis Rosea Superba** Each 85c, Doz. \$8.50
Brilliant deep rose-pink fragrant flowers; one of the earliest to bloom.
- Officinalis Rubra Fl.-Pl.** Each 75c, Doz. \$7.50
The old-fashioned early red, that even in our latitude blooms before Decoration Day.
- Officinalis Tenuifolia Fl.-Pl.** Each \$1.20, Doz. \$12.00
The fern-leaved Peony. Deep crimson flowers. Early, precedes Officialis Rubra fl.-pl. For rock gardens and perennial borders.

PAEONIA MOUTAN - Chinese Tree Peonies

The Tree Peony is really one of the finest plants available for the garden. It is quite hardy, and does well under the simplest treatment. It flourishes in the most astonishing manner, bearing blossoms from 6 to 8 inches across, which increase every year in beauty and size. They are a grand addition to the garden, as they do not die down to the ground like the herbaceous sorts, but make fine bushes 3 to 4 feet in height, covered every spring with elegant flowers.

Culture. It is advisable to avoid wind-swept locations and to protect the early bloom buds in case of late spring frosts. The south or east side of a planting of evergreens, shrubs, wall or building, is a very good location for Tree Peonies. Mulching is advisable the first winter after transplanting. Apply mulch of light material after ground is frozen solid. Any good well drained garden soil is satisfactory. Never cut back woody branches.

Archduke Ludovico *Each, pot \$2.00, field \$4.00*
Enormous wide flower, double, flesh-pink, turning soft lilac.

Athlete *Each, pot \$3.00, field \$6.00*
Immense double flower of fine glazed mauve, shaded rose; vigorous and prolific grower. Blooms very freely.

Banksi *Each, pot \$2.00, field \$4.00*
Semi-double; pale lilac-rose. Very free-flowering variety. Easily grown.

Chromatella *Each, pot \$15.00, field \$25.00*
This striking novelty is a sport from the beautiful variety Souvenir de Maxime Cornu. Color, a pure sulphur-yellow without any shade of salmon or buff. The flower is full double. One of the choicest plants for the garden in existence.

Comtesse de Tudor *Each, pot \$3.50, field \$7.00*
Lively salmon, petals tipped satiny white; fine full double flower; free bloomer. Lovely sparkling variety.

La Lorraine *Each, pot \$5.00, field \$10.00*
A cross between Paeonia Lutea and a variety of Paeonia Moutan. Large, well-expanded full double flowers of good substance; the petals nearly imbricated, being of a soft sulphur-yellow with a salmon tinge when opening, becoming lighter and purer when fully expanded. (Awarded a Work of Art at the Paris Horticultural Exhibition in 1909, awarded first-class silver medal at the Ghent Quinquennial Exhibition 1913, first-class certificate from the Floral Committee of the Royal Horticultural Society, May 14, 1913.) A true jewel for the garden.

Mme. de Vatro *Each, pot \$3.50, field \$7.00*
Very large globular bloom; satiny pink, shaded lilac, vigorous grower.

Reine Elizabeth *Each, pot \$3.00, field \$6.00*
Flower perfect in shape, vivid salmon-pink. A brilliant color; considered amongst the finest of all double Tree Peonies. A-1 plant.

Souvenir de Ducher *Each, pot \$3.50, field \$7.00*
Large, globular bloom; bright reddish violet with silvery reflex.

Souvenir de Maxime Cornu *Each, pot \$7.00, field \$15.00*
A vigorous variety, raised by L. Henry at the Paris Museum from Paeonia Lutea hybridized with Paeonia Moutan, Ville de Saint-Denis. It forms a bush 3 to 4 feet high with abundant and healthy foliage, every stem carries 2 or 3 full flowers, 8 inches or more across, with crowned and wrinkled petals, of a deep yellow, heavily shaded orange.

Surprise *Each, pot \$7.00, field \$15.00*
A tall vigorous variety; flowers carried by strong stalks, very large and full; the color is a combination of straw-yellow, pale salmon and rosy purple, of a very novel character. Fragrant.

Paeonia Moutan (Tree Peony), Reine Elizabeth

Tree Peonies furnished growing in 5-inch pots: The pot-grown plants establish quickly and usually bloom the second year after planting. They are now 2 years old. Field-grown plants are 4 years old. Avoid commercial chemical fertilizers.

Graceful Anemone-Flowered Peonies

A type not very generally known, but awakening great interest and enthusiasm. The opened flowers are of extra wide spread, with one or more layers of broad guard petals which act as a cup to the mounted center. In place of the pollen-bearing stamens, the stamens and anthers are greatly enlarged into narrow, thick, twisted petaloids of various colors, forming a dense cushion. They produce an enormous amount of flowers, creating a riot of color in the garden and are superb for cutting, lasting longer than the double flowers.

Camille *Each 60c, Doz. \$6.00*
Clear violet-red; a lovely kind. Strong grower and blooms very freely.

Dai-jo-Kuhan *Each 60c, Doz. \$6.00*
A wonderfully graceful Peony. The large flowers are deep rose paling at the edges with bright yellow crest.

Emma *Each \$1.00, Doz. \$10.00*
Lilac-dark-pink. Two rows of perfectly shaped, round petals. Very large.

Eva *Each 60c, Doz. \$6.00*
Bright, light lilac-crimson. Very lively shade. Large, round petals. Free bloomer. Short stems. Unsurpassed for landscaping.

Francoise *Each 60c, Doz. \$6.00*
Bright rose. Two rows of petals. Center composed of petaloids which, when the flower opens, are of a yellowish white shade, edged yellow. While the flower develops, the petaloids take on the same shade as the guard petals. An excellent variety.

Fugi-No-Mine *Each \$1.00, Doz. \$10.00*
Pure white, very large and a strong grower, giving many blooms.

Isani Gidui *Each \$2.50, Doz. \$25.00*
Pure white. Golden center resembles large white Poppy.

Jeanne Lapandry *Each \$1.50, Doz. \$15.00*
Glittering pure white. A most lovely and desirable variety, reminds one of a cluster of Water Lilies. Good strong grower.

Kinsui *Each \$1.50, Doz. \$15.00*
Bright flesh-pink. Large flowers. Golden stamens. A very fine variety.

La Fraicheur *Each \$1.50, Doz. \$15.00*
Substantial clear blush-white. Splendid for cutting and garden use. Most attractive in the border. Very free flowering and long lasting.

L'Etincelante *Each 60c, Doz. \$6.00*
Semi-double to single in appearance with petals deep rose, inner petals pale rose, white at edges, golden crest of stamens. Large blooms.

Lucienne *Each 60c, Doz. \$6.00*
Pure white with purple reflex. Most striking garden sort; very rugged.

Mikado *Each \$1.00, Doz. \$10.00*
A rich red with long, rounded petals of brilliant red surrounding a great dome of golden staminodes. Exceedingly brilliant.

Nagasaki *Each 75c, Doz. \$7.50*
Light pink, dark foliage and robust growth. Excellent in the border.

Nymphe *Each 50c, Doz. \$5.00*
Bright flesh-pink. Large flowers. Golden stamens. A very fine variety.

Oimatsu *Each \$1.25, Doz. \$12.50*
Opens very light pink and changing to pure white. Two rows of petals of which the inner row is somewhat shorter than the outside row. The petaloids are yellowish white with little pink tips.

Ruigegno *Each 60c, Doz. \$6.00*
Clear red. Two rows of petals. Golden petaloids. A variety of great substance and very beautiful.

Shi-Pen-Kue *Each 60c, Doz. \$6.00*
Round petals, with thick golden petaloids. This is the nearest to blue in Peonies.

Taikoon *Each 60c, Doz. \$6.00*
Blood-red. Most striking against a dark background.

Call Bearded Iris

Astonishing new colors and combinations of colors have been created until we now have Iris that rival the extravagant loveliness of the wings of a butterfly. There are richer blues, purer reds, better pinks, finer and larger yellows, other shades remind one of smooth ivory or fine porcelain. So delicate and almost ethereal are some as to have a true kinship with Orchids. Many are delightfully fragrant.

Hundreds of varieties were selected by us from long lists of ardent hybridizers and specialists; were put through the exacting Wayside test and the best only we offer now to you.

Give away some of your old ones and make room for these lovely new kinds. You will marvel at their beauty.

(In our descriptions "S" denotes the standards or upper petals; "F" the falls or lower petals.)

Alta California *Each 25c, Doz. \$2.50*

Is one of the tallest of the yellow Iris, and its branching qualifies it for "A" rating either as an individual stalk or as mass bloom. Yellow Iris have long been recognized as being the "spark" that brings out the fullest beauty of any Iris garden, and Alta California serves this purpose to perfection.

Angelus *Each 75c, Doz. \$7.50*

In color a bright light pink, with slight lavender iridescence just below the lemon beard. Throughout the center there is a delicate infusion of lemon-yellow. Large, beautifully shaped flower, 3 feet tall, and very late.

Beowulf *Each 50c, Doz. \$5.00*

Rich velvety maroon unmarred by any haft venation. The coppery brown of the standards is repeated in a soft margin on the unusually broad falls. The rich orange beard completes the glowing ensemble. Beowulf is the nearest true maroon of any Iris.

Black Wings *Each 30c, Doz. \$3.00*

A "black" Iris that is gorgeously deep in tone. S. deep fluorite violet; F. deeper fluorite violet, with black veins, and so very velvety that at some angles they are absolutely black. Blooms of good size, form, and substance, and a hardy plant. Very fragrant, and a great achievement in breeding, as it is very nearly black.

Blue Velvet *Each 20c, Doz. \$2.00*

One of the most beautiful and appropriately named, as the entire flower seems to be cut out of velvet and the color is a deep intense blue.

Buechley's Giant *Each 25c, Doz. \$2.50*

A truly large flower of silky lavender-blue which because of its superior size, texture, and plant habits has displaced the older "Lord of June." One of the largest of all Irises. Should be in every collection.

California Gold *Each 30c, Doz. \$3.00*

We consider this one of the finest deep yellow Iris introduced to date and think this is the consensus of opinion of others. It is simply superb, having a brilliance and purity of color and perfection of form and finish not approached by any other deep yellow Iris we have seen. The flowers are large and very freely produced.

Christabel *Each 75c, Doz. \$7.50*

Red—and it will not disappoint the most exacting critic. For sheer brilliance we rank it second only to the new Red Gleam of which there are only a few plants available. Glorious as a garden clump, almost a self, of large size, over 3 feet tall.

Crystal Beauty *Each 25c, Doz. \$2.50*

Very early and very tall. A gorgeous, pure, clear snow-white of huge size on stalks that are shoulder high, being the tallest of all white Iris. Flowers of perfect shape and freely produced.

Dauntless *Each 25c, Doz. \$2.50*

Winner of highest international honors, the Dykes Memorial Medal. One of the finest and purest red-toned Iris introduced to date.

Depute Nomblot *Each 25c, Doz. \$2.50*

Another Dykes Medal Winner. Of gigantic size and perfect form and texture, on tall, nicely branched stems. S. coppery red, flushed golden bronze; F. rich claret-crimson. The entire flower seems to be lightly dusted with fine golden powder, which sparkles in the sunlight, giving it an unusual richness.

Dore *Each 50c, Doz. \$5.00*

Huge flowers of fine form, with lemon-yellow standards and ivory falls, the falls having gold veinings at the throat and orange beards. Height 40 inches.

Eleanor Blue *Each 50c, Doz. \$5.00*

Chicory to Campanula-blue with more lavender in the falls, which flare sharply. An Iris of unusually fine, leathery texture. A superb clear clean flower.

Eros *Each 50c, Doz. \$5.00*

Very fragrant. Award of Merit, American Iris Society, 1936. A delightful new salmon or Hydrangea-pink, with as many as 12 flowers to a stem, now offered for the first time at a modest price. Entirely different from all other pinks. The large shapely flowers have a delightful silky texture.

Golden Light *Each 30c, Doz. \$3.00*

Early. The best of the new golden brown blends. Standards delightfully ruffled gold, edged soft lilac. Falls gold, flushed soft lilac at the center and veined brown; flaring, deep orange beard.

Golden Treasure *Each 30c, Doz. \$3.00*

An exquisite new creamy yellow Iris with an elusive charm. Its loveliness seems to lie principally in its shimmering silkiness of texture and in the subtle infusion of golden light throughout the center of the flower. The beard is bright orange. Whites, creams, and yellows are always valuable for "lighting up" an Iris garden, and none more so than this brilliant new Iris. Truly a "golden treasure" to any landscape artist. An Iris that will some day be grown by the millions.

Gudrun *Each 30c, Doz. \$3.00*

Winner of the Dykes Memorial Medal by the English Iris Society. A top notch white Iris among so many fine new white ones and by many judges considered the finest of all. It is a massive flower of purest snow-white, undoubtedly the largest and most massive.

Jean Cayeux *Each 50c, Doz. \$5.00*

Certainly one of the most beautiful Iris we have ever grown. It has been awarded all honors and justly so. The full-petaled flower with its slight suggestion of a frill has stately grace and opulence of form. Its novel superb coloring of light Havana-brown with a luster of golden biscuit-tan show up magnificently anywhere in the garden. It flowers freely over a long period. Height 34 inches.

Los Angeles *Each 25c, Doz. \$2.50*

Great white flowers of fine shape and substance, the standards faintly edged blue with the blue style arms adding a note of clear blue in the center. Tall and widely branched. Most outstanding. Early. 40 inches.

Marquita *Each 75c, Doz. \$7.50*

This Iris is so unusual and so beautiful that it is always wanted by everyone who sees it in bloom. It is a magnificent French introduction that has given us something entirely new in color. The huge flowers are of brilliant smooth ivory, with an eggshell finish, with ruby lines running almost evenly from base to apex of the falls. As the flower ages, the center of the falls turns red, leaving a cream-colored border.

Mary Geddes *Each 30c, Doz. \$3.00*

Had the distinction of being an American introduction that received an Award of Merit in England, where so many fine Irises are produced. The color is hard to describe, but it is one of the finest. An attempt at a description would be, a lovely blending of soft pink tones, overlaid Pomeranian red. This gives but a faint idea of its great beauty. There are 8 to 10 flowers to a stem and they are nicely branched.

Missouri *Each 75c, Doz. \$7.50*

Very fragrant. Awarded the Dykes Memorial Medal, highest international honors for 1937, as the outstanding Iris of the year. A large flower of true deep blue coloring and perfect form, with flaring velvety falls and excellent substance. Has every good quality. Height 44 inches.

Mme. Louis Aureau *Each 75c, Doz. \$7.50*

This heavily dotted and sanded Plicata from Cayeux is a rival of the series now so popular from the Sasses. It has a ground color of silvery white, closely netted with rosy heliotrope. A very large blossom.

Mrs. J. L. Gibson *Each 75c, Doz. \$7.50*

Very nearly a self, with inky black, crepy standards, lustrous and silky, and glossy, slightly flaring falls of fine breadth. Your collection will not be complete without this notable new Iris.

Ozone *Each 50c, Doz. \$5.00*

A peculiar and subtle shade of rosy lavender, the same in standards and falls, with a pronounced copper area throughout the center. Large and of ideal shape; a fine grower.

Pallida Dalmatica, Princess Beatrice *Each 35c, Doz. \$3.50*

This is the true type of Pallida Dalmatica and still one of the most attractive and satisfactory all around varieties. Standards and falls of a clear lavender-blue shading to a pale silvery blue at the base and sweetly scented. Unusually heavy glaucous foliage.

Persia *Each 25c, Doz. \$2.50*

Its refined and subdued colorings rank it as one of the most pleasing of all. Very large blooms with falls that are a blend of bluish lavender and standards of iridescent steel-blue. Brown haft and yellow beard.

Pink Opal *Each 35c, Doz. \$3.50*

A fine, tall, large, uniform pink-toned Iris.

President Pilkington *Each 20c, Doz. \$2.00*

Large, of bold form, well-branched, many buds to stalk, and medium tall. Standards vinaceous buff underlaid old gold, with falls of soft violet faintly edged silvery brown. The elegant dignity of this Iris gives it a charm that is difficult to describe. Midseason. 40 inches.

Rameses *Each 20c, Doz. \$2.00*

Winner of the Dykes Medal for 1932. A lovely blend of soft yellow and tourmaline-pink, the flower being suffused with a yellow glow at the center. A perfect flower in every way.

San Diego *Each 35c, Doz. \$3.50*

One of the finest medium-dark blues. A gigantic Iris of heavy substance and fine flaring form and compelling appearance. Tall and vigorous. Early midseason. 40 inches.

Shah Jehan *Each 30c, Doz. \$3.00*

A multi-colored Iris with 7 distinct colors, but a flower of the greatest refinement notwithstanding its lavish colors. It is considered by many as one of the greatest achievements of Iris development. Standards, soft creamy buff, flushed soft lavender and suffused gray, fading to almost pure white as the flower ages. Falls, deep, rich ruby-red, with a 1/8-inch white border. This is but an inadequate description of this very fine Iris. An extra fine large stock of this new variety enables us to offer it at a very low price for such a fine Iris.

Shining Waters *Each 35c, Doz. \$3.50*

Four to five feet. Early. Very sweet fragrance. On close inspection the surface seems to be studded with tiny jewels, giving an unusual sparkle. A uniform, clear sky-blue, of a most delightful shade.

Siegfried *Each \$1.00, Doz. \$10.00*
An Iris they are all talking about, and one which every grower will want to own. A flower of really huge size, pale sulphur-yellow, overlaid with a stippling and dotting of purple. A slightly buffy overtone blends the colors together.

Sierra Blue *Each 35c, Doz. \$3.50*
Winner of the Dykes Memorial Medal in 1935, highest international honors, as the best of the year. An exceptionally smooth, refined flower of clear blue, with heavy substance, immense size, perfect form and towering over 4 feet high. Sierra Blue has every good quality to make it a real "champion."

Snowking *Each 60c, Doz. \$6.00*
Regal in bearing, with broadly flaring, great white blossoms, lit with gold at the throat. Heavy of substance, bold and strong in growing habit. 3 feet tall. A wonderful and thoroughly hardy white from the Sassés.

Venus de Milo *Each 25c, Doz. \$2.50*
Pure white. Honorable Mention American Iris Society. An outstanding good white. A perfect flower in every way.

William Mohr *Each 50c, Doz. \$5.00*
The foliage and leaves of William Mohr are always small, but the blooms are simply immense. The ground color is pale lilac, standards flushed darker, the whole flower beautifully veined manganese-violet. Substance and shape of the very best, a very large flower; actual measurements showing standards $3\frac{1}{4}$ inches by $2\frac{3}{4}$ inches, and falls 3 inches by 2 inches. Stems strong and rigid. Rhizomes naturally small. Early.

Winneshiek *Each 30c, Doz. \$3.00*
We like this best of all the new black Irises, the actual color being the deepest midnight-blue-violet. It is certainly one of the best of this type, if not the best. The flower is large, of lustrous silky texture, of perfect form and freely produced. You will not be disappointed with Winneshiek.

Collections of Iris

Here we offer three collections of Iris containing those colors and shades usually missing in the average planting of Iris. We have added beautiful yellow shades varying from cream to gold, magnificent big pure whites as well as a few other unusually beautiful tints. Altogether they make a rare combination of colors. You'll enjoy these easily-grown beauties. The collection consists of the following 12 varieties:

Alta California	Golden Treasure	Pres. Pilkington
California Gold	Gudrun	Shah Jehan
Crystal Beauty	Jean Cayeux	Sunlight
Golden Light	Mary Geddes	Winneshiek
COLLECTION A—1	each of the above 12, each one labeled,	
for		\$ 3.00
COLLECTION B—3	each of the above 12 (36 plants), each	
one labeled, for		8.00
COLLECTION C—6	each of the above 12 (72 plants), each	
one labeled, for		15.00

Iris Kaempferi RAINBOW IRIS

The ancient poets called their Iris, Ground Rainbows; also Children of the Gods. A promise from them that beauty on earth would ever be. The finest of all their varieties is the Kaempferi which we offer you in a wide choice of colors. Not the least of their fine points is the graceful foliage. A thing of beauty after the blooms are past.

Planted in a mass, or as a border, they are ideal. A few edging a reflecting pool or stream, is something to remember. No matter how

fine your Iris collection may be, not to have these is to deprive yourself of something that will make it complete.

CULTURE. Late plantings should be protected by a light covering of straw or leaves after the ground is permanently frozen to prevent roots from being heaved out of the ground by frost. Plant in spring or September and October. Avoid all lime.

Azure	Each 60c, Three \$1.50, Doz. \$5.00
Double. Immense flower, exquisitely waved; mauve-blue, darker halo surrounding yellow blotch at base of petals.	
Blue Bird	Each 50c, Three \$1.40, Doz. \$4.00
Beautifully formed flower; rich uniform blue.	
Catherine Perry	Each 50c, Three \$1.40, Doz. \$4.00
Double. Blue, overlaid with rich purple glow; high tufts in center.	
Columbia	Each 60c, Three \$1.50, Doz. \$5.00
Double. Blue with pure white veins, yellow center; a striking variety.	
Dominator	Each 50c, Three \$1.40, Doz. \$1.00
Single. Rich indigo-blue with narrow white stripes and lighter center. One of the finest and richest colors.	
Doris Childs	Each 60c, Three \$1.50, Doz. \$5.00
Double flowers pearly white, deeply veined rosy plum. Center petals deep plum with white edges. Very striking variety.	
Eleanor Parry	Each 60c, Three \$1.50, Doz. \$5.00
Double. Claret-purple, flaming and blue as flower ages.	
Fascination	Each 60c, Three \$1.50, Doz. \$5.00
Double. Mauve-pink, lightly veined white. Beautiful variety.	
Gold Bound	Each 50c, Three \$1.40, Doz. \$4.00
A fine double, pure white; cream glow at the gold-banded center.	
Koko-No-Iro	Each 50c, Three \$1.40, Doz. \$4.00
Six large, royal purple petals, with a yellow center, radiating into lines.	
La Favorite	Each 50c, Three \$1.40, Doz. \$4.00
Large, fine; white freely veined blue, and a rich purple center.	
La Tosca	Each 75c, Three \$2.00, Doz. \$6.00
Immense, double white flowers with pale shadings. A very beautiful, strong growing variety. One of the choicest in this collection.	
Lavender Giant	Each 75c, Three \$2.00, Doz. \$6.00
Huge single flowers of glistening lavender-blue. Extremely free flowering; stems strong and tall.	
Mahogany	Each 60c, Three \$1.50, Doz. \$5.00
Large, double flowers; the latest to bloom. Purple-mahogany-red.	

Mount Hood	Each 50c, Three \$1.40, Doz. \$4.00
Double. Light blue shaded darker, bright orange center.	
Purple and Gold	Each 50c, Three \$1.40, Doz. \$4.00
Double. Rich violet-purple with white petaloids, tipped violet. Conspicuous golden throat with bluish white rays.	
Pyramid	Each 50c, Three \$1.40, Doz. \$4.00
Double. Violet-purple veined white in center of each petal.	
Pink Pearl	Each 60c, Three \$1.50, Doz. \$5.00
Double. Delicate pearly pink with lilac tone. Most unusual coloring.	
Queen of the Blues	Each 60c, Three \$1.50, Doz. \$5.00
Pale Delft-blue veined white. Six petals, handsome flower.	
Rose Anna	Each 50c, Three \$1.40, Doz. \$4.00
Huge double flowers; light mauve, deeply and heavily veined with purple. Stigmas short, yellow center, quite brilliant and clearly defined.	
Red Riding Hood	Each 50c, Three \$1.40, Doz. \$4.00
A fine single amaranth, veined and suffused white. A color combination hard to find.	
Shadow	Each 50c, Three \$1.40, Doz. \$4.00
Single. Self color, reddish purple. Very large fine blossoms that are brilliant and outstanding.	
Templeton	Each 50c, Three \$1.40, Doz. \$4.00
Double. Reddish violet mottled and marbled with white; of exceedingly fine form.	
T. S. Ware	Each 50c, Three \$1.40, Doz. \$4.00
Double. Reddish violet flowers of large size, beautiful white center.	
Toro-Odori	Each 50c, Three \$1.40, Doz. \$4.00
(Dancing Tiger.) Double. Vinous purple, speckled and splashed gray. Unique kind giving excellent contrast if planted with the self-colored varieties.	
White Swan	Each 50c, Three \$1.40, Doz. \$4.00
Pure white, single, very free and tall.	
Mixed Colors	Three \$1.25, Doz. \$4.00, 100 \$20.00
Both single and double varieties. Splendid mixture of the choicest varieties.	

Rainbow Collection of Beautiful Colors \$3.00
Twelve Rainbow Iris in twelve distinct varieties, our selection. Varieties taken from above list. Each plant labeled.

A Planting of Iris Kaempferi [66]

Early Flowering Miniature Iris

These beautiful little Irises do not grow over 4 inches high and bloom in April and May. They are fine for bordering flower beds or planting in the rock garden.

Atroviolacea Wine colored; very dwarf, free blooming.	<i>Each 25c, Doz. \$2.50</i>
Excelsa A splendid pale lemon-yellow, very free.	<i>Each 20c, Doz. \$2.00</i>
Fairy (Coerulea) Pale blue; very dwarf. A dainty little Iris.	<i>Each 25c, Doz. \$2.50</i>
Midget A very small deep purplish red. One of the smallest.	<i>Each 25c, Doz. \$2.50</i>
Sambo Dark violet-blue; very distinct and showy.	<i>Each 20c, Doz. \$2.00</i>
Schneecuppe A large, showy, pure white; very floriferous.	<i>Each 20c, Doz. \$2.00</i>
Spring Skies A charming small deep blue variety of neat habit.	<i>Each 25c, Doz. \$2.50</i>

Autumn Flowering Iris Pumila

Flowering Two or More Times Each Season.

We Furnish Substantial Clumps With Several Crowns

These autumn-flowering Irises have two or more normal flowering seasons each year. They blossom in the spring along with other early flowering varieties and again in the autumn, beginning in September and continuing until killed by heavy frosts. Some of them also flower intermittently throughout the year.

Autumn Queen This is a reliable spring and fall bloomer. A pure snow-white. It belongs in almost the same class as Jean Siret and Lieut. Chavagnac so far as size and height is concerned, but is a little larger and a little taller.	<i>Each 25c, Doz. \$2.50</i>
Golden Harvest A fine large deep yellow veined with red-gold on the falls. A reliable spring and fall bloomer everywhere. This variety is quite scarce.	<i>Each 25c, Doz. \$2.50</i>
Jean Siret This variety and Lieut. Chavagnac are the most persistent bloomers of the Iris family. They begin to flower quite early in the spring with the earliest miniatures and have a long spring-flowering season. They also have an equally long autumn-flowering season. Clear chrome-yellow.	<i>Each 25c, Doz. \$2.50</i>
Olive White This is a good cream-colored spring and fall bloomer.	<i>Each 25c, Doz. \$2.50</i>

IRIS SPURIA

(Finest Iris for cut flowers.) These are so different from all other Beardless Species and Hybrids as to deserve a separate sub-division. The flowers are quite unlike all other Irises, and are very artistic, making exquisite cut flowers for which purpose they are used extensively by florists. They are hardy anywhere. While not indispensable to their success, they prefer a moist spot and make a most imposing effect in the garden.

Lord Wolseley A beautiful clean-cut, stiff flower, rich violet-blue with yellow spot on center of each fall. It will grow 3 feet tall, forms a good clump of nice clean foliage. A fine plant for a damp spot in the border. Excellent for cutting also.	<i>Each 60c, Doz. \$6.00</i>
Ochroleuca gigantea A stately garden plant and a beautiful long lasting cut flower. In good rich moist soil it will grow 5 feet or more. The flowers have pure white standards while the falls are yellow with a quarter-inch margin of white. An A-1 plant for garden or cutting.	<i>Each 35c, Doz. \$3.50</i>

IRIS SIBIRICA

Caesar's Brother A stately plant not too tall, 30 inches high. It is the best of the entire lot of dark blue Siberian Iris and was given Honorable Mention by the American Iris Society. The flowers are an unusually rich black pansy-violet of a beautiful depth of color. A superb plant for any flower garden.	<i>Each 50c, Doz. \$5.00</i>
Emperor Large, violet-blue flowers; handsome foliage. Fine border plant and grand subject for planting near water, where it blooms profusely; 3 feet high.	<i>Each 35c, Doz. \$3.50</i>
Perry's Blue A beautiful sky-blue variety. It is one of the most popular in this class. Grows 48 inches tall and blooms freely.	<i>Each 35c, Doz. \$3.50</i>
Snow Queen An exquisite hardy Iris; the flowers are of a snowy whiteness, large and well formed, produced in great abundance; foliage light and graceful. A gem for flower border or waterside. 3 feet high.	<i>Each 35c, Doz. \$3.50</i>

Iris Pumila, Excelsa

Iris Ochroleuca Gigantea (See Iris Spuria)
The best of all perennial Iris for cutting. Lasts for a week in water

Helleborus

CHRISTMAS ROSE and LENTEN ROSE

There are two distinct types, one, Christmas Rose, flowering in late winter, and the other, Lenten Rose, in spring. Both are valuable for garden decoration because of their flowering during the dull period of the year.

Helleborus altifolius (Improved Niger) Each 80c, Three \$2.25, Doz. \$8.00

Helleborus grow about 12 to 16 inches high and have handsome evergreen palm-like foliage. Very leathery in texture and dark green in color. During December, January, or February depending on the locality where grown, they have large single white bell-like flowers which frost does not affect. They last for a month or more and are produced regardless of cold or snow. For hardiness they cannot be improved upon and are able to withstand many degrees below zero. Helleborus are frequently grown in small cold frames on which the glass is placed only from November until after flowering sometime in February, the glass covering keeping the white flowers spotlessly clean. We offer nice 2-year-old plants of this rare variety.

Orientalis (Mixed Colors)

Each 60c, Doz. \$6.00

Orientalis is known as the "Lenten Rose." The colors of its flowers range from pale green through white from pale brown to the deepest tones of chocolate-red. Very interesting plants for shady nooks. Can be supplied in mixed colors only.

Helleborus Altifolius

Hemerocallis - Lemon Lilies

Beautiful hardy perennials belonging to the Lily order. For generations great favorites in all gardens, both here and abroad. The numerous species have long, narrow leaves and yellow or orange flowers, many of which possess a delicious fragrance. Very graceful and stately plants for the waterside, naturalizing in grass, or growing in the partially shaded border.

Culture. Any kind of soil will grow these plants successfully. They prefer partial shade, but do excellently in full sun. May be grown singly or in masses. Plant one to two feet apart in autumn or spring. Lift, divide and replant every third year to ensure the plants flowering freely.

Hemerocallis, Hyperion

Hyperion

Each 75c, Three \$2.00, Doz. \$6.00

The giant Amaryllis-like flowers of Hyperion are citron-yellow and delightfully fragrant. It is one of the most prolific flowering plants ever seen. The stems are gracefully thin and have exceptional substance, about 40 inches tall, carrying delicately sparkling clusters of flowers, the soft color of which "carries" a great distance. Experts, as well as amateurs, consider Hyperion **the finest pale yellow Hemerocallis** available at a moderate price. Few plants surpass the beauty and vigor of a well-flowered clump of this wonderful Day Lily. It received an Award of Merit of the Royal Horticultural Society of Great Britain. Its graceful arching foliage always looks handsome. The flower buds open well in water. It is perfectly hardy, grows in dry, wet, sunny, or shady places. Blooms in July and August. Plant it any time, anywhere!

Dr. Regel Three \$1.25, Doz. \$4.00, 100 \$20.00
Handsone, rich orange-yellow flowers in early May and June. Very fragrant. Fine for cutting. 1½ feet.

Flava Three \$1.25, Doz. \$4.00, 100 \$20.00
Sweet-scented, clear full yellow; 2½ feet. Flower in June in great profusion.

J. A. Crawford Three \$1.45, Doz. \$4.75, 100 \$25.00
Rich apricot-yellow shaded with light cadmium. Many flowers on 4-foot stems; at their best about late June, flowering until end of July. A lovely plant which looks well in light shade.

Lemona Three \$1.45, Doz. \$4.75, 100 \$25.00
Delicate and pale lemon-yellow flowers on 4½-foot stems. Blooms are at their best July 1st. One of the finest large blooms, much like a large Japanese Iris in form.

Mrs. W. H. Wyman

Each 60c, Three \$1.50, Doz. \$5.00, 100 \$30.00
Lovely light pale lemon-yellow flowers on 4-foot stems. In full bloom August 1st. Very free flowering and lasts a long time. One of the latest to bloom.

The Gem Three \$1.45, Doz. \$4.75, 100 \$25.00
Rich, deep orange-yellow flowers on 3½- to 4-foot stems. In full bloom June 20th. Very finely formed bloom, equal to the best Lilies; truly a gem.

Delphinium - Larkspur

Try as you will, one can hardly say enough for these regal midsummer favorites. None quite equal them in the commanding stateliness of their profusely bloom-laden stalks. Their gamut of colors ranging from exquisitely delicate pastel blues, whites and lavenders to those of the deep solid colors in violet and indigo-blue, is but one of their charms.

The giant varieties make an admirable background for any planting. They are the English varieties that are so intriguing as over there, they peep atop garden walls and hedges.

CULTURE. Delphiniums require a rich, generous and well-drained soil. On soils of a light or medium nature dig in plenty of well-decayed manure. In those of a heavy nature it is desirable to fork up the subsoil and compost of two parts loam and one of equal proportions of decayed manure and sand. The plants are best grown in groups of three or six. Allow a distance of at least 18 inches to 2 feet between the plants. Planting may be done in autumn or early spring. Remove that part of the stem containing the faded flowers, leaving the lower part of the stem containing the foliage and on no account allow seeds to develop, then a second crop of flowers may be expected later on.

PACIFIC GIANT HYBRID DELPHINIUMS

Here offered are the newest, the best and the finest to be secured anywhere. The range of colors varies from the palest shade of blue to the deepest indigo-blue and royal purple with many intermediary pastel tones of mauve, pink and lavender blendings. Among these new hybrids are flowers of huge size and fully double. Visitors at our nursery proclaim them the best they have ever seen. They are particularly fine for cutting.

FIELD-GROWN PLANTS

Galahad Series Each 75c, Three \$2.00, Doz. \$6.00
Giant pure white glistening flowers with white bees often reach three inches in diameter, and are of beautiful heavy texture on 5- to 6-ft. stems.

Guinevere Series Each 75c, Three \$2.00, Doz. \$6.00
Clear lavender-pink blooms with white bee. These beautiful exhibition type blooms average 3 inches in diameter and grow on spikes that easily reach 6 feet in height.

King Arthur Series Each 75c, Three \$2.00, Doz. \$6.00
The color of this series is a rich royal purple with velvety texture and large white bee. The flowers are beautifully formed and carried on stiff thin woody stems. We consider these the most brilliant of Delphiniums.

Summer Skies Series Each 75c, Three \$2.00, Doz. \$6.00
As the name indicates, this is the blue of a summer sky, with white bees representing fleecy clouds; a color long sought in the Hybrid Delphiniums.

Round Table Series Three \$1.50, Doz. \$5.00, 100 \$30.00
This is a superb mixture comprising all available shades in Delphinium. Nothing yet has been created that equals them for sheer beauty, vigor, and quality.

ENGLISH DELPHINIUMS

Wayside Gardens Hybrids Three \$1.50, Doz. \$5.00, 100 \$30.00
This is one of the most permanent and at present the most popular strains of the garden Delphinium. It is distinct because of its broad, conical spike and enormous individual flowers, 1½ to 2 inches in diameter, in all shades of blue blended with mauve and violet. Also contains some fine clear white types. For permanent groups in the garden this mixture has no equal.

Blackmore and Langdon Hybrids Three \$1.45, Doz. \$4.75, 100 \$25.00
This English strain is one of the finest developments in the Delphinium family. The flowers are enormous, produced on solid, erect spikes of great height and rigidity. The colors lie in delicate shades of blue, mauve, and pink. Combines landscape value with a grace and elegance for cutting unsurpassed in this family of plants.

Gold Medal Hybrids Three \$1.25, Doz. \$4.00, 100 \$20.00
They are made up from many strains and are a fine mixture for an inexpensive planting.

DELPHINIUM BELLADONNA

The Belladonna Delphinium does not grow quite as tall as the popular English Hybrids, but they produce more spikes and are more graceful, therefore, more useful for cutting. In fact, they are our loveliest early blue flowers for that purpose. They require the same care and treatment as suggested for the English Hybrids, but may be planted a little closer together, 12 inches apart is sufficient space for them. Their lovely blue spikes are about 3 or 4 feet high and produced in June and again in September.

Belladonna. Light sky-blue. A great favorite for cutting.
1-year-old plants Three \$1.25, Doz. \$4.00, 100 \$20.00
2-year-old plants Three \$1.45, Doz. \$4.75, 100 \$25.00

Bellamosa. A dark blue form of Belladonna.
1-year-old plants Three \$1.25, Doz. \$4.00, 100 \$20.00
2-year plants Three \$1.45, Doz. \$4.75, 100 \$25.00

Belladonna, Cliveden Beauty Three \$1.45, Doz. \$4.75, 100 \$25.00
This is a fine English improvement over the common Belladonna, growing much taller, many more flowers to each spike and of a brighter color. A fine form for garden as well as for cutting.

Belladonna, Lamartine Three \$1.45, Doz. \$4.75, 100 \$25.00
The rich indigo-blue flowers are freely produced on branching stems. Excellently suited for cutting as well as for colorful effects in the garden.

Wayside Gardens Giant Hybrid Delphiniums

Papaver Orientale - Oriental Poppy

Oriental Poppies are the regal representatives of this popular genus, growing 3 to 3½ feet high, and far surpassing in splendor of bloom all the annual kinds. For a gorgeous display of rich and brilliant coloring nothing equals them during their period of flowering in May and June, and whether planted singly or in masses, their large flowers and freedom of bloom render them conspicuous in any position.

CULTURE: Almost any kind of soil suits them, but they do best in deep, rich loam. Set the plants out in the fall or early spring before the first of May, twelve inches apart. Give them water occasionally during dry spells in the early part of the season. Mulch with dry litter to prevent crown rot in the fall; and they will increase in size and floriferousness for several years. The proper planting season for field-grown roots of Poppies is during the last of August, September and October. In spring, strong plants are supplied in pots to insure success.

Oriente *Three \$1.25, Doz. \$4.00, 100 \$20.00*
(Oriental Poppy.) Tremendous cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these throughout the border add a brilliancy that no other flower can provide.

Australia *Each 75c, Three \$2.00, Doz. \$6.00*
Large massive and substantial flowers of oxblood or spectrum-red on rigid tall 42-inch stems. This fine red variety is an Australian introduction.

Barr's White *Each 75c, Three \$2.00, Doz. \$6.00*
Large pure white flowers with purplish black spots. This is a free blooming and healthy grower.

Beauty of Livermore *Each 55c, Three \$1.45, Doz. \$4.75*
The finest dark crimson with black blotch; fine flowers freely produced.

Cavalier *Each 75c, Three \$2.00, Doz. \$6.00*
One of Dr. Neeley's latest and best. Strong grower and free bloomer. Flowers are crinkly and deep scarlet-red.

Enchantress *Each 60c, Three \$1.50, Doz. \$5.00*
A lovely soft lilac-rose, an enchanting delicate shade. Here again one of the best and possibly "tops" in this color which comes to perfection if the plant is grown in light shade. Very good grower and free flowering.

Gold of Ophir *Each 60c, Three \$1.50, Doz. \$5.00*
A Poppy of medium height, about 24 to 28 inches, coming to perfection when 2 years old or more. The flowers are golden orange. This tone of golden orange becomes more pronounced as the plant grows older. Unique.

Helen Elizabeth *Each 60c, Three \$1.50, Doz. \$5.00*
Considered by many as the best pink. It is a rugged grower. The straight 34-inch stems are topped by La France pink flowers without dark spots. We also think it one of the best.

Henry Cayeux Improved *Each 60c, Three \$1.50, Doz. \$5.00*
Much larger flowers than Henry Cayeux but otherwise similar. The big blooms are a peculiar tint of ashes of roses or an old rose shaded burgundy. If grown in light shade this flower really comes to perfection.

Jeanne Mawson *Each 60c, Three \$1.50, Doz. \$5.00*
Tall, erect growing variety. Flowers are large and sparkling geranium-pink. Unquestionably a beauty.

Joyce *Each 55c, Three \$1.45, Doz. \$4.75*
Charming soft red flowers in great abundance on 48-inch stems of exceptionally sturdy growth.

Lula A. Neeley *Each 55c, Three \$1.45, Doz. \$4.75*
Good strong stems support flowers of brilliant oxblood-red, the color holding until the last. This variety is becoming most popular.

May Sadler *Each 55c, Three \$1.45, Doz. \$4.75*
Salmon-pink with black markings. We believe it one of the finest of the pink sorts because of its large flowers and robust growth.

Mrs. Perry *Three \$1.25, Doz. \$4.00, 100 \$20.00*
Orange-apricot; a very fine variety.

Orange Perfection *Each 60c, Three \$1.50, Doz. \$5.00*
A new variety from Europe. A strong grower with orange-tinted flame-red flowers; very free-flowering.

Perry's White *Each 60c, Three \$1.50, Doz. \$5.00*
The flowers are a fine satiny white with a crimson-maroon blotch at the base of each petal.

Pink Radiance *Each 60c, Three \$1.50, Doz. \$5.00*
A delightfully fine radiant pink flower on stiff stem. It is a free bloomer and of easy culture. Height 30 inches.

Purity *Each 75c, Three \$2.00, Doz. \$6.00*
Considered by many to be the finest of all pink Poppies. Color pure soft pink without any spots or markings. Very free-flowering.

Salmon Glow (Double) *Each 60c, Three \$1.50, Doz. \$5.00*
A fine double salmon-orange not to be confused with Olympia. The flowers are exceptionally large, fully 8 inches across. It is a Dutch origination and selected for the Wisley trials. It received a first-class certificate in Holland and is spoken of as a beautiful double salmon-orange. Strong upright growing Poppy. It was much admired in our nursery.

Sass Pink (True) *Each 75c, Three \$2.00, Doz. \$6.00*
No doubt one of the finest and largest pink Poppies. The immense blooms are of fine crepy texture and of a lovely light delicate flesh-pink shade with gray-mauve center.

Toreador *Each 60c, Three \$1.50, Doz. \$5.00*
Beautiful crinkly carmine-red flowers 9 inches across, handsome marking at the base. Good grower, one of the best of the dark red Poppies. Grows about 30 inches tall.

Wunderkind (True) *Each 75c, Three \$2.00, Doz. \$6.00*
Considered the finest cerise-colored Poppy, true Begonia-rose. Strong grower with very large flowers on 33- to 35-inch stems. The plant looks sturdy and is a good grower. Flowers keep well when cut.

Wurtembergia *Each 55c, Three \$1.45, Doz. \$4.75*
A striking flower of great size and substance. Brilliant glowing rose-red.

Papaver, Snowflake

SENSATIONAL NEW BICOLOR POPPY

Snowflake

(Plant Patent No. 365)

"A sensational break in Poppies" is what an expert said when he saw Snowflake in bloom the first time in our nursery. The lower half of the flower is pure white; the upper half a flame-orange, creating a most unusual and brilliant effect. The orange band of the upper half of the petals varies considerably in width with each flower, helping to increase the charm of this rare variety. Happily, Snowflake is a very strong grower, and blooms freely. It is not subject to any ailments or insect pests. In fact, it is one of the strongest growing varieties we have. The flowers are large and grow on stiff stems. A few clumps of Poppy Snowflake in your garden will create nothing short of a sensation. We send in the spring strong plants in 2½-inch pots. From August until end of fall planting season, we send field-grown roots. The pot plants are vigorous and most of them will bloom the first year.

Each 65c, Three \$1.75, Doz. \$5.50

It's Easy to Order by Mail from Wayside

NEW CUSTOMERS ARE INVITED TO READ THIS PAGE BEFORE ORDERING

The business of Wayside Gardens is conducted each year with many customers—and is based upon confidence and co-operation. By its very nature most of our shipping must be done during only a few weeks in each year. At the peak, hundreds of orders are filled daily.

Your Confidence in Wayside

We appreciate your confidence in ordering from us—and will do our utmost to merit your trust. Based on many years' experience we have worked out systems for handling orders expeditiously and correctly with a minimum of annoyance to the customer.

However, you can help us, and enable us to give you the best possible service, if you will order early.

When to Order

Send us your order as soon as you have made your selection. Do not delay mailing it to us! Much preliminary work must be done before the actual shipping of bulbs or plants is possible.

In case of "short crops" early orders have first consideration. It is always good judgment on your part to have your order "in" early, as well as it is helpful to us.

The Time to Plant

One of the most often asked questions is: "When is the right time to plant, the autumn or the spring?" The answer to this question depends entirely on the material to be planted, the location it is to be planted in, and the time when the question is asked.

The autumn is the better time to handle all plant material of unquestioned hardiness. In the fall weather and soil conditions, as a rule, are better than in the early spring. Here is a good suggestion:

Plant Alpine and Herbaceous Plants from September 1st to November 1st. Roses from October 15th to December 1st. Peonies, German and Japanese Iris from September 1st to frost. Oriental Poppies from August 15th to October 15th. Spring flowering bulbs from October 1st until ground is frozen hard.

It is our practice to ship no plants or bulbs except at the season when they will give best results.

Every order in the autumn is carefully examined, material and location carefully considered, and shipment is made only of such material as can be transplanted in that part of the country at that particular time, the balance is carried over by us and sent to you in the spring. This work of examining is not left to employees; it is done by a responsible official of the company. It is part of our service to our customers.

Shipping Directions are Desirable

All plants, roses or shrubs and bulbs will be shipped at the proper time for planting in your locality. This often requires two or more shipments. If there is a special date on which you would like to receive your order, mention it on the order blank. Shipments will be made by parcel post or express, at our option, unless specific instructions are received.

Small Purchases

We have based our prices of plants, roses, shrubs and bulbs in this catalog on the assumption that orders received will be \$3.00 in value or more. If your purchase is for a lesser amount, it will be a privilege to serve you, but please add 35 cents service

charge to your remittance. Handling small orders in any nursery requires a great amount of labor and is very expensive. Orders for less than \$3.00 for seeds, sundries, or books do not require this extra 35-cent service charge.

Convenient Remittances

Your remittance and your order will be acknowledged when received. Checks, money orders or bank drafts may be used. Currency should be sent only by registered mail.

C. O. D.: We will gladly forward your purchase collect on delivery, but only at your risk.

Wayside's Guarantee

We guarantee each order we send out to be filled with stock of superior quality.

We guarantee each shipment to reach you safely and undamaged.

We guarantee to replace any of our products that do not reach you in first-class condition or refund your money in full, including any and all transportation charges paid by you.

We guarantee the accuracy of our shipping dates for your order and your own particular garden. Your order is a matter of **personal** and **individual** concern with Wayside.

Report Errors Promptly

It is impossible to avoid rush periods in a horticultural business. Errors are possible at such times. Therefore, check over your order as soon as you receive it. Remember that shrubs, roses, bulbs and plants, etc., are sent in separate packages sometimes several weeks apart. Consult your order acknowledgement. If you receive anything which has been damaged in transit, advise us at once. Be sure to always state the **variety name** and **quantity** of damaged goods. With that information at hand we are able to immediately send you a free replacement for that which was received damaged. For prompt replacement it is important we have **complete** information.

Replacements

We guarantee our plants, roses, shrubs and bulbs to bloom if given intelligent and reasonable care. Of course, you would not expect us to replace stock lost due to freezing, bad drainage, drought, heat, carelessness, neglect or lack of experience on the part of the planter. The above mentioned conditions are entirely beyond our control and we cannot be held responsible for stock when lost because of them. No complaints can be entertained 3 months after delivery.

Transportation Charges

It is impossible to predetermine the size and weight of bulbs, roses, shrubs or hardy plants; therefore, transportation charges are not included in the purchase price. All seeds are delivered free.

A notice of the correct amount of postage we have advanced will be found inside the package, which you can refund us in postage stamps, or any other way, at your convenience.

Unlike Other Commodities, Nursery Products are Ordered in Advance

MENTOR, OHIO

Garden Blox A Happy Solution To Your Gardening Problems

Published Price, \$2.00, postpaid
 Wayside Gardens Customers, \$1.00

Wayside  **Gardens**
 MENTOR OHIO
Reg. U.S. Pat. Off.

*"I love flowers but have no real knowledge of them. Can't you help me to arrange my garden and make it more attractive and beautiful? I wish merely to know **WHAT** to plant, and **WHERE** and when to plant it."*

Hundreds of such letters come to **WAYSIDE**. We knew that something should be done about this simple appeal. Anxious to help our customers, at the same time preserve and create more beauty in the New World, we called upon noted landscape architects and garden experts of the country.

Let the Experts Help You

At a cost of thousands of dollars to us, we bring you this expert knowledge in a simple, practical and condensed form. Easy to understand and follow, the Garden-Blox plans or maps show you how to get the maximum amount of beauty in your garden for the least possible **time, expense and trouble**.

There are 14 sheets of these fascinating maps, 18 x 24

inches in size. They come to you in bound form, enabling you to take them right out into your garden and follow their simple instructions. The plans or maps come in two sizes, 5 x 5 feet, and 10 x 5 feet, making them adaptable to different size locations. Like playing with blocks, you can make your garden any size or shape and each block is complete in itself.

Like Magic in Your Garden

Garden-Blox show you how to obtain the very finest and most efficient results. They point out your general directions and show the proper course to follow, but are flexible and adaptable enough to enable you to depart on flowery bypaths and carry out your own personal ideas. Thus you retain the stamp of your own personality on your garden; the Blox actually assist you in carrying out your own desires for your garden, and are made to fit all sections of

the country. These beautiful plans give you information you have long sought about color arrangements, artistic and harmonious designs, where to place plants of certain size and height, showing you flowers that thrive, flourish, and grow even lovelier when planted alongside each other. Of even more importance is the fact that the Blox may reveal any mistakes you may now be making in your garden.

Garden Blox Highly Popular

Thousands of garden lovers have purchased these plans. Many are the letters of praise we have received. These artistic maps represent the cumulative knowledge—the result of a lifetime of study—of some of the noted garden-planning experts of the land.

These Garden-Blox plans are yours for a mere dollar. The published price is just double that amount. The low price of a dollar does not begin to cover the cost of them. If your order for nursery products amounts to ten dollars or more, we send the Blox to you free, if you request them.

Satisfaction Guaranteed

Be assured that if you are not more than pleased your dollar will be very promptly returned. (We underestimated the demand in our last printing and it is extremely doubtful if we have enough of the Blox plans on hand to fill all of the orders we are certain to receive.) Order today.
